**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDED JANUARY 31, 2018 (unaudited)**

1. ORGANIZATION AND BUSINESS

Business Description—We are a contract development and manufacturing organization (“CDMO”) that provides a comprehensive range of services from process development to current Good Manufacturing Practices (“cGMP”) commercial manufacturing focused on biopharmaceutical products derived from mammalian cell culture for biotechnology and pharmaceutical companies.

Sale of Research and Development Assets—On February 12, 2018, we entered into an Asset Assignment and Purchase Agreement with a third-party oncology therapeutics company pursuant to which we sold to the third-party oncology therapeutics company the majority of our research and development assets, which included the assignment of certain exclusive licenses related to our former phosphatidylserine (PS)-targeting program (Note 10). As a result of (i) the sale of our PS-targeting program, (ii) the held for sale classification of our R84 technology, (iii) the abandonment of our remaining research and development assets (including our intent to return the exosome technology back to the original licensor), and (iv) the strategic shift in our corporate direction to focus solely on our CDMO business, the operating results from our research and development segment are reported as a loss from discontinued operations in the accompanying unaudited condensed consolidated financial statements for all periods presented (Note 2).

Corporate Name Change—Effective January 5, 2018, we changed our name from Peregrine Pharmaceuticals, Inc. to Avid Bioservices, Inc. in connection with the strategic shift in our corporate direction.

Reverse Stock Split—On July 7, 2017, we effected a reverse stock split of our outstanding shares of common stock at a ratio of one-for-seven pursuant to our filed Certificate of Amendment to our Certificate of Incorporation with the Secretary of State of the State of Delaware. The reverse stock split took effect with the opening of trading on July 10, 2017. The primary purpose of the reverse stock split, which was approved by our stockholders at our 2016 Annual Meeting on October 13, 2016, was to enable us to regain compliance with the \$1.00 minimum bid price requirement for continued listing on The NASDAQ Capital Market. Pursuant to the reverse stock split, every seven shares of our issued and outstanding shares of common stock were automatically combined into one issued and outstanding share of common stock, without any change in the par value per share of our common stock. All share and per share amounts of our common stock included in the accompanying unaudited condensed consolidated financial statements have been retrospectively adjusted to give effect to the reverse stock split for all periods presented, including reclassifying an amount equal to the reduction in par value to additional paid-in capital. No fractional shares were issued in connection with the reverse stock split. Any fractional share of common stock created by the reverse stock split was rounded up to the nearest whole share. The number of authorized shares of our common stock remained unchanged.

The reverse stock split affected all issued and outstanding shares of our common stock, as well as the shares of common stock underlying our stock options, employee stock purchase plan, warrants and the general conversion right with respect to our 10.50% Series E Convertible Preferred Stock (the “Series E Preferred Stock”).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles (“U.S. GAAP”) and with the rules and regulations of the U.S. Securities and Exchange Commission (“SEC”) related to quarterly reports on Form 10-Q. Accordingly, they do not include all of the information and disclosures required by U.S. GAAP for a complete set of financial statements. These unaudited condensed consolidated financial statements and notes thereto should be read in conjunction with the audited consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended April 30, 2017. The condensed consolidated balance sheet at April 30, 2017 has been derived from audited financial statements at that date. The unaudited financial information for the interim periods presented herein reflects all adjustments which, in the opinion of management, are necessary for a fair presentation of the financial condition and results of operations for the periods presented, with such adjustments consisting only of normal recurring adjustments. Results of operations for interim periods covered by this Quarterly Report on Form 10-Q may not necessarily be indicative of results of operations for the full fiscal year or any other interim period.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDED JANUARY 31, 2018 (unaudited) (CONTINUED)**

The unaudited condensed consolidated financial statements include the accounts of Avid Bioservices, Inc., and its subsidiaries. All intercompany accounts and transactions among the consolidated entities have been eliminated in the unaudited condensed consolidated financial statements.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts, as well as disclosures of commitments and contingencies in the financial statements and accompanying notes. Actual results could differ materially from those estimates and assumptions.

Discontinued Operations

As of January 31, 2018, our research and development segment met all the conditions to be classified as a discontinued operation (Note 1). Accordingly, the operating results of our research and development segment are reported as a loss from discontinued operations in the accompanying unaudited condensed consolidated financial statements for all periods presented. For additional information, see Note 10, "Sale of Research and Development Assets".

Going Concern

The accompanying condensed consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The financial statements do not include any adjustments relating to the recoverability of the recorded assets or the classification of liabilities that may be necessary should it be determined that we are unable to continue as a going concern.

We have expended substantial funds on our contract manufacturing business and, historically, on the research and development of pharmaceutical product candidates. As a result, we have historically experienced losses and negative cash flows from operations since our inception and, although we have discontinued our research and development segment (Note 1), we expect negative cash flows from operations to continue for the foreseeable future until we can generate sufficient revenue to achieve profitability. Therefore, unless and until we are able to generate sufficient revenue, we expect such losses to continue during the remainder of fiscal year 2018 and in the foreseeable future.

Our ability to fund our operations is dependent on the amount of cash on hand and our ability to generate sufficient revenue to cover our operations. At January 31, 2018, we had \$17,938,000 in cash and cash equivalents and during February 2018, we raised \$23,163,000 in gross proceeds from the sale of our common stock pursuant to an underwritten public offering (Note 13). In addition, we expect to receive an aggregate of \$8,000,000 in upfront payments over the next six (6) months from the recent sale of certain of our research and development assets (Note 10).

In the event we are unable to secure sufficient business to support our operations beyond the next twelve months, we may need to raise additional capital in the future. Our ability to raise additional capital in the equity markets to fund our obligations in future periods is dependent on a number of factors, including, but not limited to, the market demand for our common stock. The market demand or liquidity of our common stock is subject to a number of risks and uncertainties, including but not limited to, negative economic conditions, adverse market conditions, and adverse financial results. If we are unable to either raise sufficient capital in the equity markets or generate additional revenue, we may need to further restructure, or cease, our operations. In addition, even if we are able to raise additional capital, it may not be at a price or on terms that are favorable to us.

As a result, we have concluded that there is substantial doubt about our ability to continue as a going concern within one year after the date that our accompanying unaudited condensed consolidated financial statements are issued.

Reclassification

Certain prior year amounts related to other assets have been reclassified to property and equipment in our accompanying condensed consolidated balance sheet for the fiscal year ended April 30, 2017 and in our accompanying unaudited condensed consolidated statement of cash flows for the nine months ended January 31, 2017 to conform to the current period presentation. This reclassification had no effect on previously reported net loss.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDED JANUARY 31, 2018 (unaudited) (CONTINUED)**

In addition, certain amounts related to corporate overhead costs that were allocated to the research and development segment have been reclassified from research and development expense to selling, general and administrative expense in our accompanying unaudited condensed consolidated statements of operations and comprehensive loss for all periods presented (Note 10). This reclassification had no effect on previously reported net loss.

Restructuring

Restructuring charges consist of one-time termination benefits, including severance and other employee related costs related to a workforce reduction pursuant to a restructuring plan we implemented in August 2017 (Note 9). One-time termination benefits are expensed at the date we notified the employee, unless the employee was required to provide future service, in which case the benefits are expensed ratably over the future service period.

Cash and Cash Equivalents

We consider all short-term investments readily convertible to cash with an initial maturity of three months or less to be cash equivalents.

Restricted Cash

Under the terms of three separate operating leases related to our facilities, we are required to maintain, as collateral, letters of credit during the terms of such leases. At January 31, 2018 and April 30, 2017, restricted cash of \$1,150,000 was pledged as collateral under these letters of credit.

Concentrations of Credit Risk and Customer Base

Financial instruments that potentially subject us to a significant concentration of credit risk consist of cash and cash equivalents, restricted cash and trade receivables. We maintain our cash and restricted cash balances primarily with one major commercial bank and our deposits held with the bank exceed the amount of government insurance limits provided on our deposits. We are exposed to credit risk in the event of default by the major commercial bank holding our cash and restricted cash balances to the extent of the cash and restricted cash amounts recorded on the accompanying unaudited condensed consolidated balance sheet.

Our trade receivables from amounts billed for contract manufacturing services have historically been derived from a small customer base. Most contracts require up-front payments and installment payments during the service period. We perform periodic evaluations of the financial condition of our customers and generally do not require collateral, but we can terminate any contract if a material default occurs. At January 31, 2018 and April 30, 2017, approximately 94% and 93%, respectively, of our trade receivables were due from four customers.

In addition, contract manufacturing revenue has historically been derived from a small customer base. Historically, these customers have not entered into long-term contracts because their need for drug supply depends on a variety of factors, including the product's stage of development, the timing of regulatory filings and approvals, the product needs of their collaborators, if applicable, their financial resources and the market demand with respect to commercial products. During the three and nine months ended January 31, 2018, approximately, 53% and 78%, respectively, of our contract manufacturing revenue was derived from our two largest customers.

Based on our current commitments for manufacturing services from our two largest customers, we expect our future results of operations to be adversely affected until we are able to further expand and diversify our customer base.

Comprehensive Loss

Comprehensive loss is defined as the change in equity during a period from transactions and other events and circumstances from non-owner sources. Comprehensive loss is equal to our net loss for all periods presented.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDED JANUARY 31, 2018 (unaudited) (CONTINUED)**

Impairment

Long-lived assets are reviewed for impairment in accordance with authoritative guidance for impairment or disposal of long-lived assets. Long-lived assets are reviewed for events or changes in circumstances, which indicate that their carrying value may not be recoverable. Long-lived assets are reported at the lower of carrying amount or fair value less cost to sell. For the nine months ended January 31, 2018 and 2017, there were no indicators of impairment of the value of our long-lived assets.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guidance prioritizes the inputs used in measuring fair value into the following hierarchy:

- Level 1 – Observable inputs, such as unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 – Observable inputs other than quoted prices included in Level 1, such as assets or liabilities whose values are based on quoted market prices in markets where trading occurs infrequently or whose values are based on quoted prices of instruments with similar attributes in active markets.
- Level 3 – Unobservable inputs that are supported by little or no market activity and significant to the overall fair value measurement of the assets or liabilities; therefore, requiring the company to develop its own valuation techniques and assumptions.

As of January 31, 2018 and April 30, 2017, we do not have any Level 2 or Level 3 financial assets or liabilities and our cash equivalents, which are primarily invested in money market funds with one major commercial bank, are carried at fair value based on quoted market prices for identical securities (Level 1 input). In addition, there were no transfers between any Levels of the fair value hierarchy during the three and nine months ended January 31, 2018 and 2017.

Customer Deposits

Customer deposits primarily represent advance billings and/or payments received for services or raw materials from our third-party customers prior to the initiation of contract manufacturing services.

Revenue Recognition

We derive revenue from contract manufacturing services provided to our third-party customers. We recognize revenue in accordance with the authoritative guidance for revenue recognition when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) delivery has occurred or services have been rendered, (iii) the seller's price to the buyer is fixed or determinable, and (iv) collectability is reasonably assured. We also comply with the authoritative guidance for revenue recognition regarding arrangements with multiple elements.

Revenue arrangements with multiple elements are divided into separate units of accounting if certain criteria are met, including whether the delivered element has stand-alone value to the customer. When deliverables are separable, consideration received is allocated among the separate units based on their respective fair values, and the applicable revenue recognition criteria are applied to each of the separate units, which may require the use of significant judgement. Deliverables are considered separate units of accounting if (1) the delivered item(s) has value to the customer on a stand-alone basis and (2) the arrangement includes a general right of return relative to the delivered item(s), delivery or performance of the undelivered item(s) is considered probable and substantially in our control.

Arrangement consideration is allocated at the inception of the agreement to all identified units of accounting based on their relative selling price. The relative selling price for each deliverable is determined using vendor specific objective evidence ("VSOE") of selling price or third-party evidence of selling price if VSOE does not exist. If neither VSOE nor third-party evidence of selling price exists, we use our best estimate of the selling price for the deliverable. The amount of allocable arrangement consideration is limited to amounts that are fixed or determinable. The consideration received is allocated among the separate units of accounting, and the applicable revenue recognition criteria are applied to each of the separate units. Changes in the allocation of the sales price between delivered and undelivered elements can impact revenue recognition but do not change the total revenue recognized under any agreement.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDED JANUARY 31, 2018 (unaudited) (CONTINUED)**

On occasion, we receive requests from customers to hold product that we have manufactured on a “bill-and-hold” basis. Revenue is recognized for these “bill-and-hold” arrangements in accordance with the authoritative guidance, which requires, among other things, the existence of a valid business purpose for the arrangement; the “bill-and-hold” arrangement is at the request of the customer; title and risk of ownership must pass to the customer; the product is complete and ready for shipment; a fixed delivery date that is reasonable and consistent with the customer’s business practices; the product has been separated from our inventory; and no further performance obligations by us exist.

In addition, we also follow the authoritative guidance when reporting revenue as gross when we act as a principal versus reporting revenue as net when we act as an agent. For transactions in which we act as a principal, have discretion to choose suppliers, bear credit and inventory risk and perform a substantive part of the services, revenue is recorded at the gross amount billed to a customer and costs associated with these reimbursements are reflected as a component of cost of sales for contract manufacturing services.

Any amounts received prior to satisfying our revenue recognition criteria are recorded as deferred revenue or customer deposits in the accompanying unaudited condensed consolidated financial statements. We also record a provision for estimated contract losses, if any, in the period in which they are determined.

Share-based Compensation

We account for stock options and other share-based awards granted under our equity compensation plans in accordance with the authoritative guidance for share-based compensation. The estimated fair value of share-based payments to employees in exchange for services is measured at the grant date, using a fair value based method, such as a Black-Scholes option valuation model, and is recognized as expense on a straight-line basis over the requisite service periods. The fair value of modifications to share-based awards, if any, is generally estimated using a Black-Scholes option valuation model, unless a lattice model is required. Forfeitures are recognized as a reduction of share-based compensation expense as they occur. As of January 31, 2018, there were no outstanding share-based awards with market or performance conditions.

Income Taxes

On December 22, 2017, the U.S. government enacted comprehensive tax legislation commonly referred to as the Tax Cuts and Jobs Act (the “Tax Act”). The Tax Act makes broad and complex changes to the U.S. tax code, including, but not limited to, reducing the U.S. federal corporate tax rate from the maximum federal statutory rate of 35% to 21%. The Tax Act states that the 21% U.S. federal corporate tax rate is effective for tax years beginning on or after January 1, 2018. However, existing tax law, which was not amended under the Tax Act, governs when a change in tax rate is effective. Existing tax law provides that if the taxable year includes the effective date of any rate change (unless the change is the first date of the taxable year), taxes should be calculated by applying a blended rate to the taxable income for the year. Section 15 of the Internal Revenue Code stipulates that our blended federal rate is 29.73% for fiscal year 2018. We have not yet determined the impact the rate reduction will have on our gross deferred tax asset and liabilities and offsetting valuation allowance. However, we have a full allowance against the deferred tax asset and as a result there was no impact to income tax expense for the quarter ended January 31, 2018.

In conjunction with the tax law changes, the SEC staff issued Staff Accounting Bulletin No. 118 (“SAB 118”) to address the application of U.S. GAAP in situations when a registrant does not have the necessary information available, prepared, or analyzed (including computations) in reasonable detail to complete the accounting for certain income tax effects of the Tax Act. The ultimate impact, which is expected to be recorded by April 30, 2018, may differ from any provisional amounts, due to, among other things, additional analysis, changes in interpretations and assumptions we have made, additional regulatory guidance that may be issued, and actions we may take as a result of the tax Act, and the fact that we cannot definitively predict what our deferred tax balance will ultimately be as of April 30, 2018.

Basic and Dilutive Net Loss Per Common Share

Basic net loss per common share is computed by dividing our net loss attributable to common stockholders by the weighted average number of shares of common stock outstanding during the period excluding the dilutive effects of stock options, shares of common stock expected to be issued under our Employee Stock Purchase Plan (the "ESPP"), warrants, and Series E Preferred Stock outstanding during the period. Diluted net loss per common share is computed by dividing our net loss attributable to common stockholders by the sum of the weighted average number of shares of common stock outstanding during the period plus the potential dilutive effects of stock options, shares of common stock expected to be issued under our ESPP, warrants, and Series E Preferred Stock outstanding during the period. Net loss attributable to common stockholders represents our net loss plus Series E Preferred Stock accumulated dividends. Series E Preferred Stock accumulated dividends include dividends declared for the period (regardless of whether or not the dividends have been paid) and dividends accumulated for the period (regardless of whether or not the dividends have been declared).

The potential dilutive effect of stock options, shares of common stock expected to be issued under our ESPP, and warrants outstanding during the period are calculated in accordance with the treasury stock method, but are excluded if their effect is anti-dilutive. The potential dilutive effect of our Series E Preferred Stock outstanding during the period was calculated using the if-converted method assuming the conversion of Series E Preferred Stock as of the earliest period reported or at the date of issuance, if later, but are excluded if their effect is anti-dilutive. However, because the impact of stock options, shares of common stock expected to be issued under our ESPP, warrants, and Series E Preferred Stock are anti-dilutive during periods of net loss, there was no difference between basic and diluted loss per common share amounts for the three and nine months ended January 31, 2018 and 2017.

The calculation of weighted average diluted shares outstanding for the three and nine months ended January 31, 2018 and 2017 excludes the dilutive effect of the following weighted average outstanding stock options and shares of common stock expected to be issued under our ESPP as their impact are anti-dilutive during periods of net loss:

	Three Months Ended		Nine Months Ended	
	January 31,		January 31,	
	2018	2017	2018	2017
Stock Options	115,425	–	78,427	–
ESPP	1,202	5,198	466	27,661
Total	116,627	5,198	78,893	27,661

The calculation of weighted average diluted shares outstanding for the three and nine months ended January 31, 2018 and 2017 also excludes the following weighted average outstanding stock options, warrants, shares of common stock expected to be issued under our ESPP, and Series E Preferred Stock (assuming the if-converted method), as their exercise price, purchase price and/or conversion price were greater than the average market price of our common stock during the respective periods, resulting in an anti-dilutive effect:

	Three Months Ended		Nine Months Ended	
	January 31,		January 31,	
	2018	2017	2018	2017
Stock Options	3,214,694	4,231,073	3,663,102	4,156,497
Warrants	39,040	39,040	39,040	39,040
Series E Preferred Stock	1,978,783	1,978,784	1,978,783	1,948,109
Total	5,232,517	6,248,897	5,680,925	6,143,646

During February 2018, we sold an aggregate of 10,294,445 shares of our common stock in connection with an underwritten public offering (Note 13), which are not included in the calculation of basic and dilutive net loss per common share for the three and nine months ended January 31, 2018.

Recently Adopted Accounting Pronouncements

Effective May 1, 2017, we adopted Accounting Standards Update (“ASU”) 2015-11, Inventory (Topic 330): *Simplifying the Measurement of Inventory*. ASU 2015-11 requires that inventory should be measured at the lower of cost and net realizable value for entities that measure inventory using the first-in, first-out method. ASU 2015-11 defines net realizable value as the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation. The adoption of ASU 2015-11 did not have a material impact on our condensed consolidated financial statements.

Effective May 1, 2017, we adopted ASU 2015-17, Income Taxes (Topic 740): *Balance Sheet Classification of Deferred Taxes*. Under existing standards, deferred taxes for each tax-paying jurisdiction are presented as a net current asset or liability and net long-term asset or liability. To simplify presentation, the new guidance will require that all deferred tax assets and liabilities, along with related valuation allowances, be classified as long-term on the balance sheet. As a result, each tax-paying jurisdiction will now only have one net long-term deferred tax asset or liability. The new guidance does not change the existing requirement that prohibits offsetting deferred tax liabilities from one jurisdiction against deferred tax assets of another jurisdiction. Due to the full valuation allowance on our U.S. deferred tax assets, the adoption of ASU 2015-17 did not have a material impact on our condensed consolidated financial statements.

Effective May 1, 2017, we adopted ASU 2016-09, Compensation - Stock Compensation (Topic 718): *Improvements to Employee Share-Based Payment Accounting*. ASU 2016-09 changes certain aspects of accounting for share-based payments to employees and involves several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. Specifically, ASU 2016-09 requires that all income tax effects of share-based awards be recognized as income tax expense or benefit in the reporting period in which they occur. Additionally, ASU 2016-09 amends existing guidance to allow forfeitures of share-based awards to be recognized as they occur. Previous guidance required that share-based compensation expense include an estimate of forfeitures. Upon adoption of ASU 2016-09, we made a policy election to recognize forfeitures as they occur. The adoption of ASU 2016-09 did not have a material impact on our condensed consolidated financial statements.

Pending Adoption of Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2014-09, Revenue from Contracts with Customers (Topic 606): *Revenue from Contracts with Customers*, which, along with subsequent amendments issued in 2015 and 2016, will replace substantially all current US GAAP revenue recognition guidance. ASU 2014-09, as amended, is based on the principle that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services utilizing a new five-step revenue recognition model. The new guidance also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. ASU 2014-09, as amended, is effective for our annual reporting period beginning May 1, 2018. The new guidance permits adoption either by using (i) a full retrospective approach for all periods presented in the period of adoption or (ii) a modified retrospective approach where the new standard is applied in the financial statements starting with the year of adoption. Under both approaches, cumulative impact of the adoption is reflected as an adjustment to retained earnings (accumulated deficit) as of the earliest date presented in accordance with the new standard. We are continuing to assess the impact of the new guidance on our accounting policies and procedures and are evaluating the new requirements as applied to existing manufacturing contracts. While we continue to assess the impact of the new guidance, we believe the adoption of ASU 2014-09 will modify the way we analyze contracts. We have identified our revenue streams and based on our preliminary assessment, we believe the most significant impact may relate to the recognition of contract manufacturing revenue over a period of time rather than at a point in time. We plan to adopt ASU 2014-09, as amended, on May 1, 2018, on a modified retrospective basis.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). ASU 2016-2 requires an entity to recognize right-of-use assets and lease liabilities on its balance sheet and disclose key information about leasing arrangements. ASU 2016-02 offers specific accounting guidance for a lessee, a lessor and sale and leaseback transactions. Lessees and lessors are required to disclose qualitative and quantitative information about leasing arrangements to enable a user of the financial statements to assess the amount, timing and uncertainty of cash flows arising from leases. ASU 2016-02 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018, which will be our fiscal year 2020 beginning May 1, 2019. Early adoption is permitted. We are currently in the process of evaluating the impact of adoption of ASU 2016-02 on our condensed consolidated financial statements and related disclosures.

In November 2016, FASB issued ASU 2016-18, Statement of Cash Flows (Topic 230): *Restricted Cash*, which addresses diversity in practice related to the classification and presentation of changes in restricted cash on the statement of cash flows. ASU 2016-18 will require that a statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. ASU 2016-18 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2017, which will be our fiscal year 2019 beginning May 1, 2018. Early adoption is permitted. We do not expect the adoption of ASU 2016-18 to have a material impact on our condensed consolidated financial statements and related disclosures.

In May 2017, the FASB issued ASU 2017-09, Compensation - Stock Compensation (Topic 718): *Scope of Modification Accounting*, which provides guidance about which changes to the terms or conditions of a share-based payment award require an entity to apply modification accounting in Topic 718. This pronouncement is effective for annual reporting periods beginning after December 15, 2017, which will be our fiscal year 2019 beginning May 1, 2018. Early adoption is permitted. We do not expect the adoption of ASU 2016-09 to have a material impact on our condensed consolidated financial statements and related disclosures.

3. TRADE AND OTHER RECEIVABLES

Trade receivables are recorded at the invoiced amount net of an allowance for doubtful accounts, if necessary. Other receivables are reported at amounts expected to be collected net of an allowance for doubtful accounts, if necessary. Trade and other receivables consist of the following:

	January 31, 2018	April 30, 2017
Trade receivables ⁽¹⁾	\$ 7,967,000	\$ 7,274,000
Other receivables	—	468,000
Total trade and other receivables	<u>\$ 7,967,000</u>	<u>\$ 7,742,000</u>

(1) Represents amounts billed for contract manufacturing services.

We continually monitor our allowance for doubtful accounts for all receivables. We apply judgment in assessing the ultimate realization of our receivables and we estimate an allowance for doubtful accounts based on various factors, such as, the aging of accounts receivable balances, historical experience, and the financial condition of our customers. Based on our analysis of our receivables as of January 31, 2018 and April 30, 2017, we determined no allowance for doubtful accounts was necessary.

4. PROPERTY AND EQUIPMENT

Property and equipment is recorded at cost, less accumulated depreciation and amortization. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the related asset, generally ranging from three to ten years. Amortization of leasehold improvements is calculated using the straight-line method over the shorter of the estimated useful life of the asset or the remaining lease term. Construction-in-progress, which represents direct costs related to the construction of various equipment and leasehold improvements associated with our manufacturing facilities, are not depreciated until the asset is completed and placed into service. No interest was incurred or capitalized as construction-in-progress as of January 31, 2018.

5. INVENTORIES

Inventories are recorded at the lower of cost or market (net realizable value) and primarily include raw materials, work-in-process (comprised of raw materials, direct labor and overhead costs associated with in-process manufacturing services), and finished goods (representing manufacturing services completed and ready for shipment) associated with contract manufacturing services. Overhead costs allocated to work-in-process inventory are based on the normal capacity of our production facilities and do not include costs from abnormally low production or idle capacity, which are expensed directly to cost of contract manufacturing in the period incurred. During the three and nine months ended January 31, 2018, we expensed \$5,344,000 and \$11,182,000, respectively, in idle capacity costs directly to cost of contract manufacturing in the accompanying condensed consolidated financial statements. No idle capacity costs were incurred during the same prior year periods. Cost is determined by the first-in, first-out method. Inventories consist of the following:

	January 31, 2018	April 30, 2017
Raw materials	\$ 8,799,000	\$ 11,304,000
Work-in-process	5,419,000	13,755,000
Finished goods	–	8,040,000
Total inventories	<u>\$ 14,218,000</u>	<u>\$ 33,099,000</u>

6. STOCKHOLDERS' EQUITY

Our ability to continue to fund our operations is highly dependent on the amount of cash and cash equivalents on hand combined with our ability to raise additional capital to support our future operations through one or more methods, including but not limited to, issuing additional equity.

On January 12, 2018, we filed a universal shelf registration statement with the SEC on Form S-3, File number 333-222548 (“January 2018 Shelf”), which was declared effective by the SEC on January 25, 2018, under which we may issue, from time to time, in one or more offerings, offer and sale either individually or in combination up to \$125,000,000 of our securities, including common stock, preferred stock, debt securities and warrants. As of January 31, 2018, we had not issued any of our securities under the January 2018 Shelf. Subsequent to January 31, 2018, we issued securities under the January 2018 Shelf as further discussed in Note 13, “Subsequent Events”.

Sale of Common Stock

On August 7, 2015, we entered into an At Market Issuance Sales Agreement (“AMI Sales Agreement”) with MLV & Co. LLC (“MLV”), pursuant to which we were able to sell shares of our common stock through MLV, as agent, for aggregate gross proceeds of up to \$30,000,000, in registered transactions from our shelf registration statement on Form S-3 (File No. 333-201245), which was declared effective by the SEC on January 15, 2015. Sales of our common stock through MLV were made by any method that was deemed an “at the market offering” as defined in Rule 415 of the Securities Act. We paid MLV a commission equal to 2.5% of the gross proceeds from the sale of our common stock pursuant to the AMI Sales Agreement. During the quarter ended July 31, 2017, we sold 1,051,258 shares of our common stock at market prices under the AMI Sales Agreement, for aggregate gross proceeds of \$4,304,000 before deducting commissions and other issuance costs of \$111,000. As of July 31, 2017, we had raised the full amount of gross proceeds available to us under the AMI Sales Agreement.

Shares of Common Stock Authorized and Reserved for Future Issuance

We are authorized to issue up to 500,000,000 shares of our common stock. As of January 31, 2018, 45,257,180 shares of our common stock were issued and outstanding. In addition, our common stock outstanding as of January 31, 2018 excluded the following shares of our common stock reserved for future issuance:

- 5,433,646 shares of common stock reserved for issuance under outstanding option grants and available for issuance under our stock incentive plans;
- 1,303,770 shares of common stock reserved for and available for issuance under our ESPP;
- 39,040 shares of common stock issuable upon exercise of outstanding warrants; and
- 6,826,435 shares of common stock issuable upon conversion of our outstanding Series E Preferred Stock ⁽¹⁾.

(1) The Series E Preferred Stock is convertible into a number of shares of our common stock determined by dividing the liquidation preference of \$25.00 per share by the conversion price, currently \$21.00 per share. If all of our outstanding Series E Preferred Stock were converted at the \$21.00 per share conversion price, the holders of our Series E Preferred Stock would receive an aggregate of 1,961,619 shares of our common stock. However, we have reserved the maximum number of shares of our common stock that could be issued upon a change of control event assuming our shares of common stock are acquired for consideration of \$5.985 per share or less. In this scenario, each outstanding share of our Series E Preferred Stock could be converted into 4.18 shares of our common stock, representing the Share Cap.

7. EQUITY COMPENSATION PLANS

Stock Incentive Plans

As of January 31, 2018, we had an aggregate of 5,433,646 shares of our common stock reserved for issuance under our stock incentive plans, of which, 3,989,356 shares were subject to outstanding options and 1,444,290 shares were available for future grants of share-based awards.

Under the ESPP, we sell shares to participants at a price equal to the lesser of 85% of the fair market value of our common stock at the (i) beginning of a six-month offering period, or (ii) end of the six-month offering period. The ESPP provides for two six-month offering periods each year; the first offering period begins on the first trading day on or after each May 1; the second offering period begins on the first trading day on or after each November 1. During the nine months ended January 31, 2018, 55,966 shares of our common stock were purchased under the ESPP at a purchase price of \$3.87 per share.

9. RESTRUCTURING

On August 9, 2017, our Board of Directors approved, and our management implemented, a restructuring plan intended to reduce operating costs and improve cost efficiencies while we pursued strategic options for our research and development assets and focus our efforts on growing our CDMO business. Under this restructuring plan, which we completed in October 2017, we reduced our overall workforce by 57 employees. As a result, during the quarter ended October 31, 2017, we incurred an aggregate of \$1,588,000 in restructuring costs consisting of one-time termination benefits, including severance, and other employee-related costs, of which \$330,000 related to our research and development segment and \$1,258,000 related to our contract manufacturing services segment. The restructuring costs associated with our research and development segment are included in loss from discontinued operations in the accompanying unaudited condensed consolidated financial statements for the nine months ended January 31, 2018 (Note 10). The restructuring costs associated with our contract manufacturing services segment are included in operating expenses in the accompanying unaudited condensed consolidated financial statements for the nine months ended January 31, 2018. All restructuring costs were paid as of January 31, 2018.

10. SALE OF RESEARCH AND DEVELOPMENT ASSETS

Asset Assignment and Purchase Agreement

On February 12, 2018, we entered into an Asset Assignment and Purchase Agreement (the "Purchase Agreement") with a third-party oncology therapeutics company (the "Buyer") pursuant to which we sold to the Buyer the majority of our research and development assets, which included the assignment of certain exclusive licenses related to our former PS-targeting program, as well as certain other licenses and assets useful and/or necessary for the potential commercialization of baviximab.

Pursuant to the Purchase Agreement, we expect to receive an aggregate of \$8 million from the Buyer, payable in three installments over a period of approximately six and one-half months following the date of the Purchase Agreement, the first of which is due by March 14, 2018. We are also eligible to receive up to an additional \$95 million in the event that the Buyer achieves certain development, regulatory and commercialization milestones with respect to baviximab. In addition, we are eligible to receive royalties on net sales that are upward tiering into the mid-teens in the event that the Buyer commercializes and sells products utilizing baviximab or the other transferred assets. The Buyer is responsible for all future research, development and commercialization of baviximab, including all related intellectual property costs and all other future liabilities and obligations arising out of the ownership of the transferred assets (i.e., we remain obligated for all liabilities associated with the research and development assets associated with the Purchase Agreement incurred or arising prior to February 13, 2018). In addition, as part of the transaction, we and the Buyer agreed to diligently work in good faith to negotiate and enter into, within 90 days after the date of the Purchase Agreement, an agreement for us to provide future contract development and manufacturing activities to the Buyer in support of baviximab.

Discontinued Operations

As a result of (i) the sale of our PS-targeting program, (ii) the held for sale classification of our R84 technology, (iii) the abandonment of our remaining research and development assets (including our intent to return the exosome technology back to the original licensor), and (iv) the strategic shift in our corporate direction to focus solely on our CDMO business that will have a major effect on our operations and financial results as we will no longer incur costs associated with research and development, the operating results from our research and development segment are reported as a loss from discontinued operations in the accompanying unaudited condensed consolidated financial statements for all periods presented (Note 1). Accordingly, the accompanying unaudited condensed consolidated financial statements for the three and nine months ended January 31, 2018 and 2017 reflect the operations of our research and development segment as a discontinued operation. The results of operations presented below include certain allocations that management believes fairly reflect the utilization of services to the research and development segment. The allocations do not include amounts related to general corporate administrative expenses or interest expense. Therefore, the results of operations from the research and development segment do not necessarily reflect what the results of operations would have been had the research and development segment operated as a stand-alone segment.

We will complete the accounting for the Purchase Agreement during the fourth quarter of our current fiscal year ending April 30, 2018. In addition, we expect to use a portion of our net operating losses to offset the taxable gain from the Purchase Agreement, if any, which could result in a partial release of our valuation allowance.

Assets Held for Sale

The carrying value of the assets and liabilities deemed a component of the discontinued research and development segment were not classified as “assets held for sale” in the accompanying unaudited condensed consolidated balance sheets at January 31, 2018 and April 30, 2017 since there were no related assets reported as of the respective balance sheet dates and the Buyer did not assume any liabilities under the Purchase Agreement.

11. SEGMENT REPORTING

Changes in our Organizational Structure

Historically, our business had been organized into two reportable operating segments: (i) our research and development segment, and (ii) our contract manufacturing services segment. However, as a result of the aforementioned discontinued operation (Note 10), management has determined that the Company now operates in only one operating segment. Accordingly, effective January 31, 2018, we reported our financial results for one reportable segment to reflect this new organizational structure. The accounting policies of our one reportable segment are the same as those described in Note 2. In addition, the financial results of our discontinued research and development segment are reflected as a loss from discontinued operations in the accompanying unaudited condensed consolidated financial statements for all periods presented (Note 10).

12. COMMITMENTS AND CONTINGENCIES

Legal Proceedings – In the ordinary course of business, we are at times subject to various legal proceedings and disputes. We make provisions for liabilities when it is both probable that a liability has been incurred and the amount of the loss can be reasonably estimated. Such provisions are reviewed at least quarterly and adjusted to reflect the impact of any settlement negotiations, judicial and administrative rulings, advice of legal counsel, and other information and events pertaining to a particular case.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDED JANUARY 31, 2018 (unaudited) (CONTINUED)**

On October 10, 2013, a derivative and class action complaint, captioned *Michaeli v. Steven W. King, et al.*, C.A. No. 8994-VCL, was filed in the Court of Chancery of the State of Delaware (the “Court”), purportedly on behalf of the Company, which was named a nominal defendant, against certain of our executive officers and our three former non-employee directors (collectively, the “Defendants”). On December 1, 2015, the plaintiffs filed an amended and supplemental derivative and class action complaint (the “Amended Complaint”). The Amended Complaint alleged that the Defendants breached their respective fiduciary duties in connection with certain purportedly improper compensation decisions made by our board of directors during the past four fiscal years ended April 30, 2015 and that our directors breached their fiduciary duty of candor by filing and seeking stockholder action on the basis of an allegedly materially false and misleading proxy statement for our 2013 annual meeting of stockholders. On May 15, 2017, the parties filed with the Court a Stipulation and Agreement of Compromise, Settlement and Release (the “Settlement”) setting forth the terms of the proposed settlement of the claims in the Amended Complaint. At a hearing on July 27, 2017, the Court issued an order approving the Settlement, which provided, among other things, that the three former non-employee directors agreed to pay or cause to be paid \$1,500,000 to us, which amount is included as a reduction to selling, general and administrative expense in the accompanying unaudited condensed consolidated financial statements for the nine months ended January 31, 2018. We received such payment in full in August 2017.

13. SUBSEQUENT EVENTS

Sale of Research and Development Assets

On February 12, 2018, we sold the majority of our research and development assets to a third-party oncology therapeutics company (Note 10).

Public Offering of Common Stock

On February 14, 2018, we entered into an underwriting agreement (the “Underwriting Agreement”) with Wells Fargo Securities, LLC, as representative for the underwriters identified therein (collectively, the “Underwriters”), relating to the issuance and sale in an underwritten public offering of 9,000,000 shares of our common stock, par value \$0.001 per share, at a public offering price of \$2.25 per share (the “Offering”). In addition, pursuant to the Underwriting Agreement, we also granted the Underwriters a 30-day option to purchase up to an additional 1,350,000 shares of our Common Stock under this Offering at the public offering price of \$2.25 per share less the underwriting discounts and commissions to cover over-allotments, if any (the “Overallotment Option”).

On February 20, 2018, we completed the Offering pursuant to which we sold 10,294,445 shares of our Common Stock, including 1,294,445 shares sold pursuant to the Underwriter’s Overallotment Option at the public offering price of \$2.25 per share. The aggregate gross proceeds we received from the Offering, including the shares sold pursuant to the Overallotment Option, was \$23,163,000, before deducting underwriting discounts and commissions and other offering related expenses. We intend to use the net proceeds from the offering for the expansion of our contract manufacturing business and for general corporate purposes.

The Offering was made pursuant to a prospectus supplement filed with the SEC on February 14, 2018 under our January 2018 Shelf (Note 6). As of March 12, 2018, aggregate gross proceeds of up to \$101,837,000 remained available to us under the January 2018 Shelf.

Series E Preferred Stock Dividend

On March 7, 2018, our Board of Directors declared a quarterly cash dividend of \$0.65625 per share on our Series E Preferred Stock. The dividend payment is equivalent to an annualized 10.50% per share, based on the \$25.00 per share stated liquidation preference, accruing from January 1, 2018 through March 31, 2018. The cash dividend is payable on April 2, 2018 to holders of the Series E Preferred Stock of record on March 19, 2018.

Overview

Avid Bioservices, Inc., (“Avid”), formerly known as Peregrine Pharmaceuticals, Inc., is a contract development and manufacturing organization (“CDMO”) committed to improving the lives of patients by manufacturing and delivering high quality pharmaceutical products. We provide a comprehensive range of services from process development to current Good Manufacturing Practices (“cGMP”) commercial manufacturing focused on biopharmaceutical products derived from mammalian cell culture. With 25 years of experience producing monoclonal antibodies and recombinant proteins in batch, fed-batch and perfusion modes, our services include cGMP clinical and commercial product manufacturing, bulk packaging, stability testing and regulatory strategy, submission and support. We also provide a variety of process development services, including cell line development and optimization, cell culture and feed optimization, analytical methods development and product characterization.

We have experience in performing process development and manufacturing of biologics since 1993 in our Franklin biomanufacturing facility, or Franklin Facility, located at our headquarters in Tustin, California. In March 2016, we expanded our manufacturing capacity through the launch of our Myford biomanufacturing facility, or Myford Facility, which more than doubled our manufacturing capacity. The 42,000 square foot facility, which is our second biomanufacturing facility, includes multiple single-use bioreactors up to the 2,000-liter manufacturing scale. The Myford Facility was designed to accommodate a fully disposable biomanufacturing process for products in clinical development to commercial. The Myford Facility is located adjacent to our Franklin Facility.

In February 2017, we leased an additional 42,000 square feet of vacant warehouse space within the same building as our existing Myford Facility to build a third biomanufacturing facility to support future revenue growth as demand warrants. The proximity of this space will allow us to utilize existing manufacturing infrastructure that we believe should enhance our manufacturing efficiencies and reduce the overall cost and timeframe to construct this third biomanufacturing facility.

In addition, we have a strong regulatory track record consisting of a 15-year inspection history with no significant impact on our business. We have been audited by several regulatory agencies, including the U.S. Food and Drug Administration (“FDA”), the European Medicines Agency, the Brazilian Health Surveillance Agency (“ANVISA”), the Canadian Health Authority and the California Department of Health. In addition, between 2005 and 2017, we completed six successful pre-approval inspections. We also completed four FDA inspections between 2013 to the most recently completed inspection in February 2018, none of which resulted in any Form 483 observations by the FDA. We have also been audited and qualified by large and small, domestic and foreign, pharmaceutical and biotechnology companies interested in the production of biologic material for clinical and commercial use.

Business Transition

In the fall of 2017, we announced our intent to cease our research and development activities and to transition our business to a dedicated CDMO. As part of our transition efforts, we have completed the following initiatives:

- In August 2017, we instituted a number of strategic actions, including the reduction of our research and development workforce, designed to reduce costs and better position ourselves to achieve overall profitability;
- In September 2017, we named Roger J. Lias, Ph.D., who has more than 20 years of management experience in the biologics CDMO industry, as the president of our contract manufacturing subsidiary. Dr. Lias was thereafter appointed our President and Chief Executive Officer in December 2017 as we transitioned to a dedicated CDMO;
- In October and November 2017, we appointed a total of six new independent members to our board of directors, each of whom has relevant CDMO industry experience;
- In November 2017, we named Tracy Kinjerski as our Vice President of Business Operations, who will focus on executing new business development initiatives with the objective of growing our commercial customer base;
- On January 5, 2018, we formally changed our corporate name to Avid Bioservices, Inc. and adopted the new ticker symbol “CDMO” on The NASDAQ Capital Market to align with the new end-market focus and strategic positioning of our business;
- By January 31, 2018, we classified our R84 technology as held for sale and we abandoned our remaining research and development assets (including our intent to return the exosome technology back to the original licensor); and
- On February 12, 2018, we sold our PS-targeting program pursuant to an Asset Assignment and Purchase Agreement (as described in Note 10 to the accompanying unaudited condensed consolidated financial statements).

Strategic Objectives

Now that we have completed the transition of our business to a dedicated CDMO, we have established the following near-term strategic objectives:

- Continue to invest in manufacturing facilities and infrastructure to maximize our facility utilization and support our customers’ clinical and commercial development and manufacturing requirements;
- Broaden our sales force by hiring sales representatives to execute our business development initiatives in key markets; and
- Expand and diversify our customer base by securing additional customers to support our future potential revenue growth beyond fiscal year 2018.

Contract Manufacturing Revenue

Three Months: The decrease in contract manufacturing revenue of \$3,928,000 (37%) during the three months ended January 31, 2018 compared to the same period in the prior year was primarily due to a decrease in the number of manufacturing runs completed and shipped in the current year period compared to the same period in the prior year, which can primarily be attributed to a decrease in manufacturing demand from our second largest customer.

Nine Months: The increase in contract manufacturing revenue of \$6,952,000 (17%) during the nine months ended January 31, 2018 compared to the same period in the prior year can primarily be attributed to revenue associated with several manufacturing runs in the aggregate amount of \$9,924,000 used to support the process validation of a customer product, which product was ready for shipment in fiscal year 2017, but was deferred to fiscal year 2018 due to a shipping delay. This increase was offset partially offset by a decrease in manufacturing demand from our two largest customers. Excluding any future potential new business, we expect contract manufacturing revenue for the full fiscal year ending April 30, 2018 to decline in comparison to fiscal year 2017. Part of this decline is due to lower anticipated commitments from Halozyme, Inc., our largest customer, based on its most recent committed forecast (covering the three quarters ending September 30, 2018). As we seek to expand and diversify our customer base, we have secured five new customers since January 2017. These new customers are predominately in an earlier stage of development and, therefore, we expect that contract manufacturing revenue from these new customers during fiscal year 2018 will only partially offset the anticipated decrease in revenue from our other existing customers.

Therefore, based on our current commitments for manufacturing services and the anticipated completion of in-process manufacturing runs, we continue to expect contract manufacturing for the fiscal year ending April 30, 2018 to range from \$50 to \$55 million.

Gross Profit (Loss)

Three Months: During the three months ended January 31, 2018, gross margins declined to a negative 61% primarily driven by idle capacity costs in the current period, compared to gross margins of 26% for the same prior year three-month period, during which we incurred no idle capacity costs. Included within cost of contract manufacturing are idle capacity costs of \$5,344,000, which negatively impacted gross margin by 78 percentage points for the three months ended January 31, 2018. This current period decline was further impacted by higher manufacturing costs associated with lower facility utilization in addition to the variability of manufacturing costs from product to product.

Nine Months: During the nine months ended January 31, 2018, gross margins declined to a negative 2%, primarily driven by idle capacity costs in the current period compared to 33% for the same prior year nine-month period, during which we incurred no idle capacity costs. Included within cost of contract manufacturing are idle capacity costs of \$11,182,000 which negatively impacted gross margin by 24 percentage points for the nine months ended January 31, 2018. This current period decline was further impacted by higher manufacturing costs associated with lower facility utilization in addition to the variability of manufacturing costs from product to product.

Selling, General and Administrative Expenses

Selling, general and administrative (“SG&A”) expenses consist primarily of payroll and related expenses and share-based compensation expense (non-cash), for personnel in executive, finance, accounting, business development, legal, human resources, information technology, and other internal support functions. In addition, SG&A expenses include corporate legal fees, audit and accounting fees, investor relation expenses, non-employee director fees, facility related expenses, and other expenses relating to our general management, administration, and business development activities.

Three Months: The increase in SG&A expenses of \$459,000 (11%) during the three months ended January 31, 2018 compared to the same prior year period was primarily due to a current year three-month period increases in legal and other related fees associated with a settlement agreement we entered into with certain investors during November 2018 regarding the composition of our board of directors and legal and advisory fees associated with the recent sale of our PS-targeting program (as described in Note 10 to the accompanying unaudited condensed consolidated financial statements).

Nine Months: The decrease in SG&A expenses of \$1,329,000 (10%) during the nine months ended January 31, 2018 compared to the same prior year period was primarily due to current nine-month period decreases in payroll and related costs and non-employee director fees. The current period decrease in non-employee directors fees is attributed to the settlement terms of a derivative and class action complaint approved by the Court of Chancery of the State of Delaware on July 27, 2017, pursuant to which our former non-employee directors agreed to pay or cause to be paid \$1,500,000 to us (as described in Note 12 to the accompanying unaudited condensed consolidated financial statements), which non-recurring amount was applied against non-employee director fees during the quarter ended July 31, 2017. This decrease during the nine months ended January 31, 2018 was offset by current year period increases in facility related expenses, legal fees, investor relation fees, audit and accounting fees and other general corporate expenses.

Restructuring Charges

Restructuring charges of \$1,588,000 incurred during the quarter ended October 31, 2017 were directly related to a restructuring plan we implemented in August 2017, pursuant to which we reduced our overall workforce by 57 employees in order to reduce operating costs and improve cost efficiencies while we pursued the license or sale of our research and development assets and focus our efforts on growing our CDMO business (as described in Note 9 to the accompanying unaudited condensed consolidated financial statements). Of the total restructuring charges incurred, \$330,000 was related to our research and development segment and \$1,258,000 related to our contract manufacturing services segment. The restructuring costs associated with our research and development segment are included in loss from discontinued operations in the accompanying unaudited condensed consolidated financial statements for the nine months ended January 31, 2018. The costs incurred under this restructuring plan, which was completed in October 2017, consisted of one-time termination benefits, including severance, and other employee related costs. We did not incur any restructuring charges during the three and nine months ended January 31, 2017.

Discontinued Operations

As a result of (i) the sale of our PS-targeting program (as described in Note 10 to the accompanying unaudited condensed consolidated financial statements), (ii) the held for sale classification of our R84 technology, (iii) the abandonment of our remaining research and development assets (including our intent to return the exosome technology back to the original licensor), and (iv) the strategic shift in our corporate direction to focus solely on our CDMO business that will have a major effect on our operations and financial results as we will no longer incur costs associated with research and development, the operating results from our research and development segment are reported as a loss from discontinued operations in the accompanying unaudited condensed consolidated financial statements for all periods presented.

Critical Accounting Policies and Estimates

Our discussion and analysis of our consolidated financial position and results of operations are based on our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”). The preparation of our consolidated financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses, and related disclosures. We review our estimates and assumptions on an ongoing basis. We base our estimates on historical experience and on assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for our judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may vary from what we anticipate and different assumptions or estimates about the future could change our reported results. During the three and nine months ended January 31, 2018, there were no significant changes in our critical accounting policies as previously disclosed by us in Part II, Item 7 of our Annual Report on Form 10-K for the fiscal year ended April 30, 2017, other than those related to discontinued operations as described in Note 2, “Summary of Significant Accounting Policies” in the accompanying notes to the unaudited condensed consolidated financial statements.

Liquidity and Capital Resources

We have expended substantial funds on our contract manufacturing business and, historically, on the research and development of pharmaceutical product candidates. As a result, we have historically experienced losses and negative cash flows from operations since our inception and, although we have discontinued our research and development segment (as described in Note 1 to the accompanying unaudited condensed consolidated financial statements), we expect negative cash flows from operations to continue for the foreseeable future until we can generate sufficient revenue to achieve profitability. Therefore, unless and until we are able to generate sufficient revenue, we expect such losses to continue during the remainder of fiscal year 2018 and in the foreseeable future.

Our ability to fund our operations is dependent on the amount of cash on hand and our ability to generate sufficient revenue to cover our operations. At January 31, 2018, we had \$17,938,000 in cash and cash equivalents and in February 2018, we raised \$23,163,000 in gross proceeds from the sale of our common stock pursuant to an underwritten public offering (as described in Note 13 to the accompanying unaudited condensed consolidated financial statements). At February 28, 2018, our cash and cash equivalents balance increased to \$41,688,000.

Although it is difficult to predict all of our future liquidity requirements, we believe that our cash and cash equivalents on hand combined with the remaining projected cash receipts from manufacturing services under our current backlog and the aggregate of \$8,000,000 in upfront payments we expect to receive over the next six (6) months from the recent sale of our PS-targeting program (as described in Note 10 to the accompanying unaudited condensed consolidated financial statements) will be sufficient to fund our operations through March 2019 without securing any new business or raising any additional capital. In addition, in the event a customer timely cancels its commitments prior to the initiation of manufacturing services, we may be required to refund some or all of the amounts paid to us in advance under those canceled commitments, which would have a negative impact on our liquidity, our reported backlog and revenue guidance. As such, we expect our current backlog (as further discussed in the “Backlog” section below) to be insufficient to cover our operating costs over the near term unless we are able to generate new business or further restructure our operations.

In the event we are unable to secure sufficient business to support our operations, we may need to raise additional capital in the future. Our ability to raise additional capital in the equity markets to fund our obligations in future periods is dependent on a number of factors, including, but not limited to, the market demand for our common stock. The market demand or liquidity of our common stock is subject to a number of risks and uncertainties, including but not limited to, negative economic conditions, adverse market conditions, and adverse financial results. If we are unable to either raise sufficient capital in the equity markets or generate additional revenue, we may need to further restructure, or cease, our operations. In addition, even if we are able to raise additional capital, it may not be at a price or on terms that are favorable to us.

As a result, we have concluded that there is substantial doubt about our ability to continue as a going concern within one year after the date that our accompanying unaudited condensed consolidated financial statements are issued.

Significant components of the changes in cash flows from operating, investing, and financing activities for the nine months ended January 31, 2018 compared to the same prior year period are as follows:

Net Cash Used In Operating Activities. Net cash used in operating activities represents our (i) net loss, as reported, (ii) less non-cash operating expenses, and (iii) net changes in the timing of cash flows as reflected by the changes in operating assets and liabilities, as described in the below table:

	Nine Months Ended January 31,	
	2018	2017
Net loss, as reported	\$ (24,833,000)	\$ (22,887,000)
Less non-cash operating expenses:		
Share-based compensation	1,206,000	2,591,000
Depreciation and amortization	1,945,000	1,850,000
Loss on disposal of property and equipment	401,000	-
Net cash used in operating activities before changes in operating assets and liabilities	\$ (21,281,000)	\$ (18,446,000)
Net change in operating assets and liabilities	\$ (6,820,000)	\$ (9,170,000)
Net cash used in operating activities	\$ (28,101,000)	\$ (27,616,000)

Net cash used in operating activities increased \$485,000 to \$28,101,000 for the nine months ended January 31, 2018 compared to net cash used in operating activities of \$27,616,000 for the nine months ended January 31, 2017. This increase in net cash used in operating activities was due to an increase of \$2,835,000 in our net loss reported for the current nine-month period after deducting non-cash operating expenses as described in the above table, offset by a net change in operating assets and liabilities of \$2,350,000 primarily due to the timing of cash receipts and expenditures associated with deferred revenue, customer deposits, inventories, trade and other receivables, accounts payable, and accrued clinical trial and related fees.

Net Cash Used In Investing Activities. Net cash used in investing activities for the nine months ended January 31, 2018 and 2017, was \$2,144,000 and \$2,439,000, respectively, which amounts primarily consisted of property and equipment acquisitions related to our manufacturing operations.

Net Cash Provided By Financing Activities. Net cash provided by financing activities for the nine months ended January 31, 2018 and 2017, was \$1,384,000 and \$10,171,000, respectively.

Net cash provided by financing activities during the nine months ended January 31, 2018 consisted of (i) \$4,193,000 in net proceeds from the sale of shares of our common stock under an At Market Issuance Sales Agreement, (ii) \$217,000 in net proceeds from the purchase of shares of our common stock under our Employee Stock Purchase Plan (“ESPP”), and (iii) \$398,000 in net proceeds from stock option exercises, which amounts were offset by dividends paid on our issued and outstanding Series E Preferred Stock of \$3,244,000 and principal payments on a capital lease of \$180,000.

Net cash provided by financing activities during the nine months ended January 31, 2017 consisted of (i) \$7,800,000 in net proceeds from the sale of shares of our common stock under an At Market Issuance Sales Agreement, (ii) \$3,804,000 in net proceeds from the sale of shares of our common stock under an Equity Distribution Agreement, (iii) \$1,576,000 in net proceeds from the sale of shares of our Series E Preferred Stock under a separate At Market Issuance Sales Agreement, and (iv) \$254,000 in net proceeds from the purchase of shares of our common stock under our ESPP, which amounts were offset by dividends paid on our issued and outstanding Series E Preferred Stock of \$3,198,000 and principal payments on a capital lease of \$65,000.

Backlog

Our backlog represents, as of a point in time, future contract manufacturing revenue from work not yet completed under signed contracts. As of January 31, 2018, our backlog was approximately \$39 million, the majority of which, we expect to recognize over the next twelve (12) months, compared to approximately \$70 million as of January 31, 2017. In addition, in the event a customer timely cancels its commitments prior to the initiation of manufacturing services, we may be required to refund some or all of the amounts paid to us in advance under those canceled commitments, which would have a negative impact on our liquidity, our reported backlog and our future revenue.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Our cash and cash equivalents are primarily invested in money market funds with one major commercial bank with the primary objective to preserve our principal balance. Our deposits held with this bank exceed the amount of government insurance limits provided on our deposits and, therefore, we are exposed to credit risk in the event of default by the major commercial bank holding our cash balances. However, these deposits may be redeemed upon demand and, therefore, bear minimal risk. In addition, while changes in U.S. interest rates would affect the interest earned on our cash balances at January 31, 2018, such changes would not have a material adverse effect on our financial position or results of operations based on historical movements in interest rates.

ITEM 4. CONTROLS AND PROCEDURES.

We maintain disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e)) under the Exchange Act that are designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

We carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of January 31, 2018, the end of the period covered by this Quarterly Report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of January 31, 2018.

There were no significant changes in our internal control over financial reporting, during the quarter ended January 31, 2018, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

The information required by this Item is incorporated by reference to Note 12, "Commitments and Contingencies," in Part I, Item 1, "Financial Information."

ITEM 1A. RISK FACTORS.

There have been no material changes to the risk factors included in Part I, Item 1A of our Annual Report on Form 10-K for the fiscal year ended April 30, 2017, except for the following risk factors:

If we cannot secure additional business, we may have to raise additional capital or further restructure, or cease, our operations.

We have expended substantial funds on our contract manufacturing business and, historically, on the research and development of pharmaceutical product candidates. As a result, we have historically experienced losses and negative cash flows from operations since our inception and, although we have discontinued our research and development segment (as described in Note 1 to the accompanying unaudited condensed consolidated financial statements), we expect negative cash flows from operations to continue for the foreseeable future until we can generate sufficient revenue to achieve profitability. Therefore, unless and until we are able to generate sufficient revenue, we expect such losses to continue during the remainder of fiscal year 2018 and in the foreseeable future.

Our ability to fund our operations is dependent on the amount of cash on hand and our ability to generate sufficient revenue to cover our operations. At January 31, 2018, we had \$17,938,000 in cash and cash equivalents and in February 2018, we raised \$23,163,000 in gross proceeds from the sale of our common stock pursuant to an underwritten public offering (as described in Note 13 to the accompanying unaudited condensed consolidated financial statements). At February 28, 2018, our cash and cash equivalents balance increased to \$41,688,000.

Although it is difficult to predict all of our future liquidity requirements, we believe that our cash and cash equivalents on hand combined with the remaining projected cash receipts from manufacturing services under our current backlog and the aggregate of \$8,000,000 in upfront payments we expect to receive over the next six (6) months from the recent sale of our PS-targeting program (as described in Note 10 to the accompanying unaudited condensed consolidated financial statements) will be sufficient to fund our operations through March 2019 without securing any new business or raising any additional capital. In addition, in the event a customer timely cancels its commitments prior to the initiation of manufacturing services, we may be required to refund some or all of the amounts paid to us in advance under those canceled commitments, which would have a negative impact on our liquidity, our reported backlog and revenue guidance. As such, we expect our current backlog (as further discussed in the above "Backlog" section) to be insufficient to cover our operating costs over the near term unless we are able to generate new business or further restructure our operations.

In the event we are unable to secure sufficient business to support our operations, we may need to raise additional capital in the future. Our ability to raise additional capital in the equity markets to fund our obligations in future periods is dependent on a number of factors, including, but not limited to, the market demand for our common stock. The market demand or liquidity of our common stock is subject to a number of risks and uncertainties, including but not limited to, negative economic conditions, adverse market conditions, and adverse financial results. If we are unable to either raise sufficient capital in the equity markets or generate additional revenue, we may need to further restructure, or cease, our operations. In addition, even if we are able to raise additional capital, it may not be at a price or on terms that are favorable to us.

As a result, we have concluded that there is substantial doubt about our ability to continue as a going concern within one year after the date that our accompanying unaudited condensed consolidated financial statements are issued.

Our operating results will be adversely affected if we are unable to maximize our facility capacity utilization.

We have recently experienced idle manufacturing capacity due primarily to unexpected declines in commitments from existing customers, and we may continue to experience such idle manufacturing capacity unless commitments from these existing customers return to historical levels and/or we secure new customers. Our operating results are significantly influenced by our capacity utilization and, as such, if we are unable to utilize our facilities to capacity, our margins could be adversely affected, and our results of operations and financial condition will continue to be adversely affected. Further, while we continue to expand our manufacturing infrastructure, our revenue volume may be insufficient to ensure the economical operation of any such expanded capacity, in which case our results of operations could be adversely affected.

We have had significant losses, anticipate future losses and may never achieve profitability.

We have incurred net losses in most fiscal years since we began operations in 1981, including net losses of \$28,159,000 and \$55,652,000 for the fiscal years ended April 30, 2017 and 2016, respectively. As of January 31, 2018, we had an accumulated deficit of \$562,149,000. In addition, we expect negative cash flows from operations to continue for the foreseeable future until we can generate sufficient revenue to achieve profitability. Further, if we fail to generate sufficient revenue, we may never achieve profitability.

We depend on spending and demand from our customers for our contract manufacturing and development services and any reduction in spending or demand could have a material adverse effect on our business.

The amount that our customers spend on the development and manufacturing of their products or product candidates, particularly the amount our customers choose to spend on outsourcing these services to us, substantially impacts our revenue and profitability. The outcomes of our customers' research, development and marketing also significantly influence the amount that our customers choose to spend on our services and offerings. Our customers determine the amounts that they will spend on our services based upon, among other things, the clinical and market success of their products, available resources, access to capital and their need to develop new products, which, in turn, depend upon a number of other factors, including their competitors' research, development and product initiatives and the anticipated market for any new products, as well as clinical and reimbursement scenarios for specific products and therapeutic areas. Further, increasing consolidation in the pharmaceutical industry may impact such spending, particularly in the event that any of our customers choose to develop or acquire integrated manufacturing operations. Any reduction in customer spending on biologics development and related services as a result of these and other factors could have a material adverse effect on our business, results of operations and financial condition.

The consumers of the products we manufacture for our customers may significantly influence our business, results of operations and financial condition.

We depend on, and have no control over, consumer demand for the products we manufacture for our customers. Consumer demand for our customers' products could be adversely affected by, among other things, delays in health regulatory approval, the inability of our customers to demonstrate the efficacy and safety of their products, the loss of patent and other intellectual property rights protection, the emergence of competing or alternative products, including generic drugs, the degree to which private and government payment subsidies for a particular product offset the cost to consumers and changes in the marketing strategies for such products. If the products we manufacture for our customers do not gain market acceptance, our revenues and profitability may be adversely affected.

We believe that continued changes to the healthcare industry, including ongoing healthcare reform, adverse changes in government or private funding of healthcare products and services, legislation or regulations governing the privacy of patient information or patient access to care, or the delivery, pricing or reimbursement of pharmaceuticals and healthcare services or mandated benefits, may cause healthcare industry participants to purchase fewer services from us or influence the price that others are willing to pay for our services. Changes in the healthcare industry's pricing, selling, inventory, distribution or supply policies or practices could also significantly reduce our revenue and profitability.

If production volumes of key products that we manufacture for our customers continue to decline, results of operations and financial condition may continue to be adversely affected.

We may be unable to manage our future growth effectively, which could make it difficult to execute our business strategy.

Earlier in fiscal year 2018, we announced our intent to transition to a dedicated contract manufacturer and, in connection with such transition, pursue strategic options to license or divest our research and development assets. As a result of this transition, during the quarter ended October 31, 2017, we reduced our overall workforce as part of a series of strategic actions to reduce costs and better position us to achieve potential profitability. Now that we have completed our transition to a dedicated contract manufacturer, we intend to grow our business operations as demand increases and increase the number of our employees to accommodate such potential growth, which may cause us to experience periods of rapid growth and expansion. This potential future growth could create a strain on our organizational, administrative and operational infrastructure, including manufacturing operations, quality control, technical support and other administrative functions. Our ability to manage our growth properly will require us to continue to improve our operational, financial and management controls.

As our commercial operations and sales volume grow, we will need to continue to increase our capacity for manufacturing, customer service, billing and general process improvements and expand our internal quality assurance program, among other things. We may also need to purchase additional equipment, some of which can take several months or more to procure, set up and validate, and increase our manufacturing, maintenance, software and computing capacity to meet increased demand. These increases in scale, expansion of personnel, purchase of equipment or process enhancements may not be successfully implemented.

If we are unable to protect the confidentiality of our customers' proprietary information, we may be subject to claims.

Many of the formulations used and processes developed by us in manufacturing our customers' products are subject to trade secret protection, patents or other intellectual property protections owned or licensed by such customer. While we make significant efforts to protect our customers' proprietary and confidential information, including requiring our employees to enter into agreements protecting such information, if any of our employees breaches the non-disclosure provisions in such agreements, or if our customers make claims that their proprietary information has been disclosed, our reputation may suffer damage and we may become subject to legal proceedings that could require us to incur significant expenses and divert our management's time, attention and resources.

Our services and our customers' products may infringe on or misappropriate the intellectual property rights of third parties.

Any claims that our services infringe the rights of third parties, including claims arising from any of our customer engagements, regardless of their merit or resolution, could be costly and may divert the efforts and attention of our management and technical personnel. We may not prevail in such proceedings given the complex technical issues and inherent uncertainties in intellectual property litigation. If such proceedings result in an adverse outcome, we could be required, among other things, to pay substantial damages, discontinue the use of the infringing technology, expend significant resources to develop non-infringing technology, license such technology from the third party claiming infringement (which license may not be available on commercially reasonable terms or at all) and/or cease the manufacture, use or sale of the infringing processes or offerings, any of which could have a material adverse effect on our business.

In addition, our customers' products may be subject to claims of intellectual property infringement and such claims could materially affect our business if their products cease to be manufactured and they have to discontinue the use of the infringing technology which we may provide. Any of the foregoing could affect our ability to compete or could have a material adverse effect on our business, financial condition and results of operations.

If we do not enhance our existing or introduce new service offerings in a timely manner, our offerings may become obsolete or uncompetitive over time, customers may not buy our offerings and our revenue and profitability may decline.

Demand for our manufacturing services may change in ways that we may not anticipate due to evolving industry standards and customer needs that are increasingly sophisticated and varied, as well as the introduction by others of new offerings and technologies that provide alternatives to our offerings. In the event we are unable to offer or enhance our service offerings or expand our manufacturing infrastructure to accommodate requests from our customers and potential customers, our offerings may become obsolete or uncompetitive over time, in which case our revenue and operating results would suffer. For example, if we are unable to respond to changes in the nature or extent of the technological or other needs of our customers through enhancing our offerings, our competition may develop offerings that are more competitive than ours and we could find it more difficult to renew or expand existing agreements or obtain new agreements. Potential innovations intended to facilitate enhanced or new offerings generally will require a substantial capital investment before we can determine their commercial viability, and we may not have financial resources sufficient to fund all desired innovations. Even if we succeed in creating enhanced or new offerings, however, they may still fail to result in commercially successful offerings or may not produce revenue in excess of our costs of development, and they may be rendered obsolete by changing customer preferences or the introduction by our competitors of offerings embodying new technologies or features. Finally, the marketplace may not accept our innovations due to, among other things, existing patterns of clinical practice, the need for regulatory clearance and/or uncertainty over market access or government or third-party reimbursement.

We operate in a highly competitive market and competition may adversely affect our business.

We operate in a market that is highly competitive. Our competition in the contract manufacturing market includes full-service contract manufacturers and large pharmaceutical companies offering third-party manufacturing services to fill their excess capacity. We may also compete with the internal operations of those pharmaceutical companies that choose to source their product offerings internally. Additionally, several large pharmaceutical companies have recently sought to divest portions of their manufacturing capacity, and any such divested businesses may compete with us in the future. In addition, most of our competitors may have substantially greater financial, marketing, technical or other resources than we do. Moreover, additional competition may emerge, particularly in lower-cost jurisdictions such as India and China, which could, among other things, result in a decrease in the fees paid for our services, which may adversely affect our results of operations and financial condition.

We rely on third parties to supply most of the necessary raw materials and supplies for the products we manufacture on behalf of our customers and our inability to obtain such raw materials or supplies may adversely impact our business, results of operations and financial condition.

Our operations require various raw materials, including proprietary media, resins, buffers, filters, in addition to numerous additional raw materials supplied primarily by third parties. We or our customers specify the raw materials and other items required to manufacture their product and, in some cases, specify the suppliers from whom we must purchase these raw materials. In certain instances, the raw materials and other items can only be supplied by a limited number of suppliers or in limited quantities. If third-party suppliers do not supply raw materials or other items on a timely basis, it may cause a manufacturing run to be delayed or canceled which would adversely impact our results of operations and financial condition.

Furthermore, third-party suppliers may fail to provide us with raw materials and other items that meet the qualifications and specifications required by us or our customers. If third-party suppliers are not able to provide us with raw materials that meet our or our customers' specifications on a timely basis, we may be unable to manufacture their product or it could prevent us from delivering products to our customers within required timeframes. Any such delay in delivering our products may create liability for us to our customers for breach of contract or cause us to experience order cancellations and loss of customers. In the event that we manufacture products with inferior quality components and raw materials, we may become subject to product liability claims caused by defective raw materials or components from a third-party supplier or from a customer, or our customer may be required to recall its products from the market.

If we use hazardous and biological materials in a manner that causes injury or violates applicable law, we may be liable for damages.

Our contract manufacturing operations involve, and our prior activities with respect to our recently sold research and development assets involved, the controlled use of hazardous materials and chemicals. We are subject to federal, state and local laws and regulations in the U.S. governing the use, manufacture, storage, handling and disposal of hazardous materials and chemicals. Although we believe that our procedures for using, handling, storing and disposing of these materials comply with legally prescribed standards, we may incur significant additional costs to comply with applicable laws in the future. Also, even if we are in compliance with applicable laws, we cannot completely eliminate the risk of contamination or injury resulting from hazardous materials or chemicals. As a result of any such contamination or injury, we may incur liability or local, city, state or federal authorities may curtail the use of these materials and interrupt our business operations. In the event of an accident, we could be held liable for damages or penalized with fines, and the liability could exceed our resources. Compliance with applicable environmental laws and regulations is expensive, and current or future environmental regulations may impair our contract manufacturing operations, which could materially harm our business, financial condition and results of operations.

We are subject to product liability claims.

Our contract manufacturing services expose us to an inherent risk of liability, as the antibodies or other substances we manufacture, at the request and to the specifications of our customers, could possibly cause adverse effects or have product defects. We obtain agreements from our customers indemnifying and defending us from any potential liability arising from such risk. However, these indemnification agreements may not adequately protect us against potential claims relating to such contract manufacturing services or protect us from being named in a possible lawsuit. Although we have procured insurance coverage, we may not be able to maintain our existing coverage or obtain additional coverage on commercially reasonable terms, or at all, or such insurance may not provide adequate coverage against all potential claims to which we might be exposed. Additionally, any lawsuits in which we may be named could be costly to defend and could result in significant liabilities, adverse publicity and diversion of our management's time, attention and resources. A partially successful or completely uninsured claim against us could materially harm our business, financial condition and results of operations.

If we lose qualified management, including manufacturing or scientific personnel or are unable to attract and retain such personnel, we may be unable to successfully manufacture our customers' products.

Our success is dependent, in part, upon a limited number of key executive officers, each of whom is an at-will employee. For example, because of his extensive understanding of our contract manufacturing operations and technologies, the loss of Roger J. Lias, Ph.D, our President and Chief Executive Officer, would adversely affect our contract manufacturing operations during the six- to twelve-month period that we estimate it would take to find a qualified replacement.

We also believe that our future success will depend largely upon our ability to attract and retain highly-skilled manufacturing and process development personnel. We face intense competition in our recruiting activities, including competition from larger companies with greater resources. The loss of certain key employees or our inability to attract and retain other qualified employees could negatively affect our operations and financial performance.

U.S. federal income tax reform could adversely affect us and our stockholders.

The Tax Cuts and Jobs Act, or TCJA, significantly reforms the Internal Revenue Code of 1986, as amended, or the Code. The TCJA, among other things, includes changes to U.S. federal tax rates, imposes significant additional limitations on the deductibility of interest, allows for the expensing of capital expenditures, effectuates the migration from a "worldwide" system of taxation to a territorial system and modifies or repeals many business deductions and credits. We continue to examine the impact the TCJA may have on our business. While we continue to evaluate the effect of the TCJA on our business, including our projection of minimal cash taxes and our net operating losses, the impact of such tax reform on holders of our common stock is uncertain and may be adverse.

We may face additional liabilities associated with our prior research and development activities.

We recently sold the majority of our research and development assets, including our development-stage immunotherapy product, bavituximab. As a result, we are no longer pursuing our prior research and development activities, including the clinical development associated therewith. We may still face unknown liabilities associated with these prior activities. For example, in the course of our prior development of our product candidate, bavituximab, we contracted with third parties to conduct a series of clinical trials and although we maintain product liability insurance for clinical studies in the amount of \$10,000,000 per occurrence or \$10,000,000 in the aggregate on a claims-made basis, as well as country-specific coverage where required for clinical sites located in foreign countries, our coverage may not be adequate in the event we face a product liability claim due to an adverse effect resulting from any of such trials. Any liabilities arising from our prior research and development activities that are not covered by our insurance coverage could negatively impact our financial position and results of operations.

We may be subject to various litigation claims and legal proceedings.

We, as well as certain of our directors and officers, may be subject to claims or lawsuits during the ordinary course of business. Regardless of the outcome, these lawsuits may result in significant legal fees and expenses and could divert management's time and other resources. If the claims contained in these lawsuits are successfully asserted against us, we could be liable for damages and be required to alter or cease certain of our business practices. Any of these outcomes could cause our business, financial performance and cash position to be negatively impacted.

A significant number of shares of our common stock are issuable pursuant to outstanding options and convertible securities, and we may issue additional shares of common stock in the future. Sales or conversions of these shares will dilute the interests of other security holders and may depress the price of our common stock.

As of January 31, 2018, 5,433,646 shares of common stock reserved for issuance under outstanding option grants and available for issuance under our stock incentive plans and outstanding warrants to purchase up to 39,040 shares of common stock. Additionally, as of January 31, 2018, there were 1,303,770 shares of common stock reserved for and available for issuance under our ESPP and up to 6,826,435 shares of common stock issuable upon conversion of our outstanding Series E Preferred Stock. The issuance of additional shares of common stock upon the exercise or conversion, as applicable, of any of the foregoing securities, or the perception that such issuances may occur, would have a dilutive impact on other stockholders and could have a material negative effect on the market price of our common stock.

Our highly volatile stock price may adversely affect the liquidity of our common stock.

The market price of our common stock has generally been highly volatile and is likely to continue to be highly volatile. For instance, the market price of our common stock has ranged from \$1.97 to \$14.00 per share over the last three fiscal years ended April 30, 2017 (as adjusted to reflect the 1-for-7 reverse stock split of our issued and outstanding common stock that took effect on July 10, 2017).

In addition, the market price of our common stock may be significantly impacted by many factors, including, but not limited to:

- our loss of a significant customer;
- uncertainties about our ability to continue to fund our operations beyond the next twelve months;
- significant changes in our financial results or that of our competitors, including our ability to continue as a going concern;
- our ability to meet revenue projections;
- the offering and sale of shares of our common stock, either sold at market prices or at a discount under an equity transaction;
- significant changes in our capital structure;
- published reports by securities analysts;
- announcements of partnering transactions, licensing agreements, joint ventures, strategic alliances, and any other transaction that involves the development, sale or use of our technologies or competitive technologies;
- regulatory developments, including possible delays, and product safety concerns;
- outcomes of significant litigation, disputes and other legal or regulatory proceedings;
- general stock trends in the biotechnology and pharmaceutical industry sectors;
- public concerns as to the safety and effectiveness of the products we manufacture;
- economic trends and other external factors, including but not limited to, interest rate fluctuations, economic recession, inflation, foreign market trends, national crisis, and disasters; and
- healthcare reimbursement reform and cost-containment measures implemented by government agencies.

These and other external factors have caused and may continue to cause the market price and demand for our common stock to fluctuate substantially, which may limit or prevent investors from readily selling their shares of common stock, and may otherwise negatively affect the liquidity of our common stock.

Section 3. Dividends.

(a) Holders of issued and outstanding Series E Preferred Shares shall be entitled to receive, when and as declared by the Board of Directors out of funds of the Corporation legally available for the payment of distributions, cumulative preferential cash dividends at a rate per annum equal to the Dividend Rate of the Liquidation Amount. Except as otherwise provided in paragraphs (b) and (c) of this Section 3, the Dividend Rate shall be equal to the Stated Rate. Such dividends shall accrue and accumulate on each issued and outstanding share of the Series E Preferred Shares on a daily basis from (and including) the original date of issuance of such share and shall be payable in arrears on the first calendar day of each Quarterly Dividend Period except for Series E Preferred Shares issued on the day other than the first day of a Quarterly Dividend Period, for which an initial partial dividend payment for dividends accrued shall be payable at the end of the first full Quarterly Dividend Period (each such day being hereinafter called a “Dividend Payment Date”); provided that (i) Series E Preferred Shares issued during any Quarterly Dividend Period after the Dividend Record Date for such Quarterly Dividend Period shall only begin to accrue dividends on the first day of the next Quarterly Dividend Period; and provided further that (ii) if any Dividend Payment Date is not a Business Day, then the dividend that would otherwise have been payable on such Dividend Payment Date may be paid on the next succeeding Business Day with the same force and effect as if paid on such Dividend Payment Date, and no interest or additional dividends or other sums shall accrue on the amount so payable from such Dividend Payment Date to such next succeeding Business Day. Any dividend payable on the Series E Preferred Shares for any partial Quarterly Dividend Period shall be prorated and computed on the basis of a 360-day year consisting of twelve 30-day months. Dividends shall be payable to holders of record as they appear in the stock records of the Corporation at the close of business on the applicable record date, which shall be (i) with respect to the partial Quarterly Dividend Period for dividends accrued as described above, on the last day of the applicable Quarterly Dividend Period and (ii) with respect to all other Quarterly Dividend Periods, the tenth day preceding the applicable Dividend Payment Date, or such other date designated by the Board of Directors or an officer of the Corporation duly authorized by the Board of Directors for the payment of dividends that is not more than 30 nor less than ten days prior to such Dividend Payment Date (each such date, a “Dividend Record Date”).

(b) If at any time four Quarterly Dividend Defaults occur, whether consecutive or non-consecutive (a “Dividend Default”), then (i) the Dividend Rate shall increase to the Penalty Rate, commencing on the first day after the Dividend Payment Date on which a Dividend Default occurs and for each subsequent Dividend Payment Date thereafter until such time as the Corporation has paid all accumulated accrued and unpaid dividends on the Series E Preferred Shares in full and has paid accrued dividends for all Quarterly Dividend Periods during the two most recently completed Quarterly Dividend Periods in full in cash, at which time the Dividend Rate shall revert to the Stated Rate; and

(ii) [Reserved];

Following any Dividend Default that has been cured by the Corporation as provided above in subparagraph (i) of this paragraph (b), if the Corporation subsequently fails to pay cash dividends on the Series E Preferred Shares in full for any Quarterly Dividend Period, such subsequent failure shall constitute a separate Dividend Default, and the foregoing provisions of subparagraphs (i) and (ii) of this paragraph (b) shall immediately apply until such subsequent Dividend Default is cured as so provided.

(c) Once the Series E Preferred Shares become initially eligible for National Market Listing, if the Corporation fails to maintain a National Market Listing for the Series E Preferred Shares for 180 consecutive days or longer (a "Listing Default"), then:

(i) the Dividend Rate shall increase to the Penalty Rate, commencing on the day after the Listing Default and continuing until such time as the Corporation has cured the Listing Default by again subjecting the Series E Preferred Shares to a National Market Listing, at which time the Dividend Rate shall revert to the Stated Rate; and

(ii) [Reserved].

Following any Listing Default that has been cured by the Corporation as provided above in subparagraph (i) of this paragraph (c), if the Series E Preferred Shares subsequently cease to be subject to a National Market Listing, such event shall constitute a separate Listing Default, and the foregoing provisions of subparagraphs (i) and (ii) of this paragraph (c) shall immediately apply until such time as the Series E Preferred Shares are again subject to a National Market Listing.

(d) No dividend on the Series E Preferred Shares will be declared by the Corporation or paid or set apart for payment by the Corporation at such time as the terms and provisions of Senior Shares or any agreement of the Corporation, including any agreement relating to its indebtedness, prohibit such declaration, payment or setting apart for payment or provide that such declaration, payment or setting apart for payment would constitute a breach thereof or a default thereunder, or if such declaration, payment or setting aside of funds is restricted or prohibited under the DGCL or other applicable law; provided, however, notwithstanding anything to the contrary contained herein, dividends on the Series E Preferred Shares shall continue to accrue and accumulate regardless of whether: (i) any or all of the foregoing restrictions exist; (ii) the Corporation has earnings or profits; (iii) there are funds legally available for the payment of such dividends; or (iv) such dividends are authorized by the Board of Directors. Accrued and unpaid dividends on the Series E Preferred Shares will accumulate as of the Dividend Payment Date on which they first become payable or on the date of redemption of the Series E Preferred Shares, as the case may be.

(e) Except as provided in the next sentence, if any Series E Preferred Shares are outstanding, no dividends will be declared or paid or set apart for payment on any Parity Shares or Junior Shares, unless all accumulated accrued and unpaid dividends are contemporaneously declared and paid in cash or declared and a sum of cash sufficient for the payment thereof set apart for such payment on the Series E Preferred Shares for all past Quarterly Dividend Periods with respect to which full dividends were not paid on the Series E Preferred Shares in cash. When dividends are not paid in full (or a sum sufficient for such full payment is not so set apart for payment) upon the Series E Preferred Shares and upon all Parity Shares, all dividends declared, paid or set apart for payment upon the Series E Preferred Shares and all such Parity Shares shall be declared and paid pro rata or declared and set apart for payment pro rata so that the amount of dividends declared per share of Series E Preferred Shares and per share of such Parity Shares shall in all cases bear to each other the same ratio that accumulated dividends per share of Series E Preferred Shares and such other Parity Shares (which shall not include any accumulation in respect of unpaid dividends for prior dividend periods if such other Parity Shares do not bear cumulative dividends) bear to each other. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on Series E Preferred Shares which may be in arrears, whether at the Stated Rate or at the Penalty Rate.

(f) Except as provided in paragraph (e) of this Section 3, unless all accumulated accrued and unpaid dividends on the Series E Preferred Shares are contemporaneously declared and paid in cash or declared and a sum of cash sufficient for the payment thereof is set apart for payment for all past Quarterly Dividend Periods with respect to which full dividends were not paid on the Series E Preferred Shares in cash, no dividends may be declared or paid or set apart for payment upon the Common Shares or any Junior Shares or Parity Shares, nor shall any Common Shares or any Junior Shares or Parity Shares be redeemed, purchased or otherwise acquired directly or indirectly for any consideration (or any monies be paid to or made available for a sinking fund for the redemption of any such stock) by the Corporation (except by conversion into or exchange for Junior Shares or by redemption, purchase or acquisition of stock under any employee benefit plan of the Corporation).

(h) Holders of Series E Preferred Shares shall not be entitled to any dividend, whether payable in cash, property or shares, in excess of all accumulated accrued and unpaid dividends on the Series E Preferred Shares as described in this Section 3. Any dividend payment made on the Series E Preferred Shares shall first be credited against the earliest accumulated accrued and unpaid dividend due with respect to such shares which remains payable at the time of such payment.

Section 4. Liquidation Preference.

(a) Subject to the rights of the holders of Senior Shares and Parity Shares, in the event of any liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary, before any payment or distribution of the assets of the Corporation (whether capital or surplus) shall be made to or set apart for the holders of Junior Shares, as to the distribution of assets on any liquidation, dissolution or winding up of the Corporation, each holder of the Series E Preferred Shares shall be entitled to receive an amount of cash equal to the Liquidation Amount plus an amount in cash equal to all accumulated accrued and unpaid dividends thereon (whether or not earned or declared) to the date of final distribution to such holders. If, upon any liquidation, dissolution or winding up of the Corporation, the assets of the Corporation, or proceeds thereof, distributable among the holders of the Series E Preferred Shares shall be insufficient to pay in full the preferential amount aforesaid and liquidating payments on any other shares of any class or series of Parity Shares as to the distribution of assets on any liquidation, dissolution or winding up of the Corporation, then such assets, or the proceeds thereof, shall be distributed among the holders of Series E Preferred Shares and any such other Parity Shares ratably in accordance with the respective amounts that would be payable on such Series E Preferred Shares and any such other Parity Shares if all amounts payable thereon were paid in full. For the purposes of this Section 4, none of (i) a consolidation or merger of the Corporation with one or more corporations or other entities, (ii) a sale, lease or transfer of all or substantially all of the Corporation's assets or (iii) a statutory share exchange shall be deemed to be a liquidation, dissolution or winding up, voluntary or involuntary, of the Corporation.

(b) Subject to the rights of the holders of Senior Shares and Parity Shares upon liquidation, dissolution or winding up, upon any liquidation, dissolution or winding up of the Corporation, after payment shall have been made in full to the holders of the Series E Preferred Shares, as provided in this Section 4, any other series or class or classes of Junior Shares shall, subject to the respective terms and provisions (if any) applying thereto, be entitled to receive any and all assets remaining to be paid or distributed, and the holders of the Series E Preferred Shares shall not be entitled to share therein.

Section 5. Redemption.

(a) The Corporation shall not redeem the Series E Preferred Shares prior to February 11, 2017, except that the Corporation may redeem the Series E Preferred Shares in accordance with paragraph (b) of Section 5. On and after February 11, 2017, the Corporation, at its option, upon not less than 30 nor more than 60 days' written notice as contemplated by paragraph (e) of Section 5, may redeem the Series E Preferred Shares, in whole or in part, at any time or from time to time, for cash at a redemption price equal to the Liquidation Amount, plus all accumulated accrued and unpaid dividends thereon (whether or not earned or declared) to, but excluding, the Call Date (subject to paragraph (h) of Section 5), without interest. If fewer than all of the outstanding Series E Preferred Shares are to be redeemed, the number of shares to be redeemed will be determined by the Corporation and such shares may be redeemed pro rata from the holders of record of such shares in proportion to the number of such shares held by such holders (with adjustments to avoid redemption of fractional shares) or by lot in an equitable manner determined by the Corporation.

(b) If a Change of Control occurs, then the Corporation or the acquiring entity in such Change of Control may, at its option, redeem the Series E Preferred Shares, in whole but not in part, within 120 days after the date on which the Change of Control occurs, for cash at a redemption price equal to the Liquidation Amount, plus all accumulated accrued and unpaid dividends thereon (whether or not earned or declared) to, but excluding, the Call Date (subject to paragraph (h) of Section 5), without interest.

(c) With respect to a redemption pursuant to paragraph (a) of Section 5, unless all accumulated accrued and unpaid dividends on all Series E Preferred Shares and any other class or series of Parity Shares shall have been or contemporaneously are declared and paid in cash (or in the form of consideration for payment of dividends on any such Parity Shares) or declared and set apart for payment in cash for all past Quarterly Dividend Periods and the then current Quarterly Dividend Period, no Series E Preferred Shares or such Parity Shares shall be redeemed unless all of the outstanding Series E Preferred Shares and such Parity Shares are simultaneously redeemed; provided, however, that the foregoing shall not prevent the purchase or acquisition of the Series E Preferred Shares or such Parity Shares pursuant to a purchase or exchange offer made on the same terms to holders of all of the outstanding Series E Preferred Shares and such Parity Shares. Also with respect to a redemption pursuant to paragraph (a) of Section 5, unless all accumulated accrued and unpaid dividends on all Series E Preferred Shares and any other class or series of Parity Shares shall have been or contemporaneously are declared and paid in cash (or in the form of consideration for payment of dividends on any such Parity Shares) or declared and set apart for payment in cash for all past Quarterly Dividend Periods and the then current Quarterly Dividend Period, the Corporation shall not purchase or otherwise acquire directly or indirectly any Series E Preferred Shares or such Parity Shares (except by conversion into or exchange for Junior Shares and Parity Shares).

(d) From and after the Call Date (unless the Corporation (or, if applicable, the acquiring entity) defaults in payment of the redemption price as contemplated by Section 5), all dividends will cease to accumulate on the Series E Preferred Shares called for redemption pursuant to Section 5, such shares shall no longer be deemed to be outstanding, and all of the rights of the holders of such shares will terminate with respect to such shares, except the right to receive the redemption price and all accumulated accrued and unpaid dividends up to, but excluding, the Call Date, without interest (upon surrender and endorsement of their certificates, if so required in accordance with paragraph (g) of Section 5).

(e) Notice of the redemption of any Series E Preferred Shares pursuant to Section 5 shall be mailed by first class mail to each holder of record of Series E Preferred Shares to be redeemed at the address of each such holder as shown on the Corporation's share transfer books at least 30 but not more than 60 days prior to the applicable Call Date. Neither the failure to mail any notice required by this paragraph (e), nor any defect therein or in the mailing thereof, to any particular holder, shall affect the sufficiency of the notice or the validity of the proceedings for redemption with respect to the other holders. Any notice which was mailed in the manner herein provided shall be conclusively presumed to have been duly given on the date mailed whether or not the holder receives the notice. Each such mailed notice shall state, as appropriate: (1) the Call Date; (2) for a redemption pursuant to paragraph (a) of Section 5, the number of Series E Preferred Shares to be redeemed; (3) the redemption price equal to the Liquidation Amount plus accumulated accrued and unpaid dividends through, but excluding, the Call Date; (4) the place or places where any certificates for such shares, other than certificates issued as contemplated by Section 13, are to be surrendered for payment of the redemption price; (5) that dividends on the shares to be redeemed shall cease to accrue on such Call Date; (6) if applicable, that such redemption is being made in connection with a Change of Control and, in that case, a brief description of the transaction or transactions constituting such Change of Control; (7) if such redemption is being made in connection with a Change of Control, that the holders of the Series E Preferred Shares being so called for redemption will not be able to tender such Series E Preferred Shares for conversion in accordance with Section 6(b) hereof and that each Series E Preferred Share tendered for conversion that is called, prior to the Series E Change of Control Conversion Date (as defined below), for redemption will be redeemed on the related date of redemption instead of converted on the Series E Change of Control Conversion Date, provided that the holders of Series E Preferred Shares may always convert such shares as provided for under Section 6(a); and (8) any other information required by law or by the applicable rules of any exchange or national securities market upon which the Series E Preferred Shares may be listed or admitted for trading. In the case of a redemption pursuant to paragraph (a) of Section 5 in which fewer than all of the outstanding Series E Preferred Shares are to be redeemed, then the notice mailed pursuant to this paragraph (e) of Section 5 shall also specify the number of Series E Preferred Shares to be redeemed from each holder thereof.

(f) The Corporation's (or, if applicable, the acquiring entity's) obligation to provide cash in accordance with Section 5 shall be deemed fulfilled if, on or before the Call Date, the Corporation (or such acquiring entity) shall irrevocably deposit funds necessary for redemption pursuant to Section 5, in trust for the holders of the Series E Preferred Shares so called for redemption pursuant to Section 5, with a bank or trust company that has, or is an affiliate of a bank or trust company that has, capital and surplus of at least \$50,000,000, with irrevocable instructions that such cash be applied to the redemption of the Series E Preferred Shares so called for redemption, in which case the notice to holders of the Series E Preferred Shares will (i) state the date of such deposit; (ii) specify the office of such bank or trust company as the place of payment of the redemption price; and (iii) require such holders to surrender any certificates representing such shares, other than certificates issued as contemplated by Section 13, at such place on or about the date fixed in such redemption notice (which may not be later than the Call Date) against payment of the redemption price (including all accumulated accrued and unpaid dividends to the Call Date). No interest shall accrue for the benefit of the holders of Series E Preferred Shares to be redeemed on any cash so set aside by the Corporation (or such acquiring entity). Subject to applicable escheat laws, any such cash unclaimed at the end of six months from the Call Date shall revert to the general funds of the Corporation (or such acquiring entity), after which reversion the holders of such shares so called for redemption shall look only to the general funds of the Corporation (or such acquiring entity) for the payment of such cash.

(g) On or after the Call Date, each holder of Series E Preferred Shares that holds a certificate, other than certificates issued as contemplated by Section 13, must present and surrender (and properly endorse or assign for transfer, if the Corporation shall require and if the notice shall so state) each such certificate representing such holder's Series E Preferred Shares to the Corporation at the place designated in the applicable notice and thereupon the redemption price of such shares will be paid to or on the order of the person whose name appears on such certificate representing the Series E Preferred Shares as the owner thereof, and each surrendered certificate will be canceled. All Series E Preferred Shares redeemed by the Corporation pursuant to Section 5, or otherwise acquired by the Corporation, shall be retired and restored to the status of authorized but unissued shares of undesignated Preferred Shares.

(h) If the Corporation redeems any of the Series E Preferred Shares pursuant to Section 5 and, if the Call Date for such redemption occurs after a Dividend Record Date and on or prior to the related Dividend Payment Date, then the dividend payable on such Dividend Payment Date with respect to such shares called for redemption shall be payable on such Dividend Payment Date to the holders of record at the close of business on such Dividend Record Date, and shall not be payable as part of the redemption price for such shares.

Section 6. Conversion of Shares.

(a) From time to time after the date of issuance of the Series E Preferred Shares, each Series E Preferred Share shall be convertible at any time at the option of the holder into that number of validly issued, fully paid and non-assessable Common Shares computed by dividing the Liquidation Amount by the Series E Conversion Price. Each Series E Preferred Share called for redemption will be convertible pursuant to this Section 6(a) into Common Shares up to and including, but not after, the close of business on the date fixed for redemption unless the Corporation defaults in the payment of the amount payable upon redemption.

(b) Upon the occurrence of a Change of Control, each holder of Series E Preferred Shares will have the right (unless, prior to the Series E Change of Control Conversion Date, the Corporation has provided notice of its election to redeem some or all of the Series E Preferred Shares held by such holder as described in Sections 5(b) above, in which case such holder will have the right only with respect to Series E Preferred Shares that are not called for redemption), to convert some or all of the Series E Preferred Shares held by such holder (the "Series E Change of Control Conversion Right") on the Series E Change of Control Conversion Date into a number of validly issued, fully paid and non-assessable Common Shares per Series E Preferred Share (the "Series E/Common Stock Conversion Consideration") equal to the lesser of: (i) the quotient obtained by dividing (A) the sum of the Liquidation Amount plus the amount of any accumulated and unpaid dividends thereon to, but not including, the Series E Change of Control Conversion Date (unless the Series E Change of Control Conversion Date is after a Series E Dividend Record Date (as defined herein) and prior to the corresponding Series E Dividend Payment Date (as defined herein) for the Series E Preferred Shares, in which case no additional amount for such accrued and unpaid dividends will be included in this sum) by (B) the Common Stock Price; and (ii) 29 (the "Share Cap"), subject to adjustments to the Share Cap for any splits, subdivisions or combinations of our Common Shares; in each case, on the terms and subject to the conditions described in this Section 6.

(c) The Corporation shall have the option exercisable from time to time by written notice to any holder of the Series E Preferred Shares (“Notice of Mandatory Conversion”) of compelling such holder to convert all or a portion of the Series E Preferred Shares held by such holder into Common Shares (“Mandatory Conversion”), subject to the requirements of this Section 6(b). Each Series E Preferred Share subject to a Notice of Mandatory Conversion shall be convertible into a number of validly issued, fully paid and non-assessable Common Shares computed by dividing the Liquidation Amount by the Series E Conversion Price. The Notice of Mandatory Conversion, which if given, must be given on the first business day following a period in which for at least twenty (20) Trading Days in the aggregate during thirty (30) consecutive Trading Days, the Trading Price for the Common Shares was equal to or greater than 130% of the Series E Conversion Price. The date the Notice of Mandatory Conversion is given is the “Mandatory Conversion Date.” The Notice of Mandatory Conversion shall specify the amount of the Series E Preferred Shares which are subject to Mandatory Conversion. Each Mandatory Conversion Date shall be a deemed conversion date and the Corporation will be required to deliver the Common Shares issuable pursuant to a Mandatory Conversion Notice in the same manner and time period as described in Section 6(c). In the event the Corporation fails to deliver the Common Shares issuable upon Mandatory Conversion on the delivery date, then at such holder’s election, such Notice of Mandatory Conversion will be null and void or such holder may enforce the Notice of Mandatory Conversion. A Notice of Mandatory Conversion may not be rescinded by the Corporation without the consent of such holder.

(d) In the case of a Change of Control pursuant to which Common Shares are or will be converted into cash, securities or other property or assets (including any combination thereof) (the “Alternative Form Consideration”), a holder of Series E Preferred Shares will receive upon conversion of such Series E Preferred Shares the kind and amount of Alternative Form Consideration which such holder would have owned or been entitled to receive upon the Change of Control had such holder held a number of Common Shares equal to the Series E/Common Stock Conversion Consideration immediately prior to the effective time of the Change of Control (the “Alternative Conversion Consideration”; the Series E/Common Stock Conversion Consideration or the Alternative Conversion Consideration, whichever shall be applicable to a Change of Control, is referred to as the “Conversion Consideration”).

(e) If the holders of Common Shares have the opportunity to elect the form of consideration to be received in the Change of Control, the Conversion Consideration in respect of such Change of Control will be deemed to be the kind and amount of consideration actually received by holders of a majority of the outstanding Common Shares that made or voted for such an election (if electing between two types of consideration) or holders of a plurality of the outstanding Common Shares that made or voted for such an election (if electing between more than two types of consideration), as the case may be, and will be subject to any limitations to which all holders of Common Shares are subject, including, without limitation, pro rata reductions applicable to any portion of the consideration payable in such Change of Control.

(f) Within 15 days following the occurrence of a Change of Control, provided that the Corporation has not then exercised its right to redeem all Series E Preferred Shares pursuant to Section 6(b), the Corporation will provide to holders of Series E Preferred Shares a notice of occurrence of the Change of Control that describes the resulting Series E Change of Control Conversion Right, which notice shall be delivered to the holders of record of the Series E Preferred Shares in their addresses as they appear on the stock transfer records of the Corporation and shall state: (i) the events constituting the Change of Control; (ii) the date of the Change of Control; (iii) the last date on which the holders of Series E Preferred Shares may exercise their Series E Change of Control Conversion Right; (iv) the method and period for calculating the Common Stock Price; (v) the Series E Change of Control Conversion Date; (vi) that if, prior to the Series E Change of Control Conversion Date, the Corporation has provided notice of its election to redeem all or any Series E Preferred Shares pursuant to Section 6(b), holders will not be able to convert the Series E Preferred Shares called for redemption and such shares will be redeemed on the related redemption date, even if such shares have already been tendered for conversion pursuant to the Series E Change of Control Conversion Right; (vii) if applicable, the type and amount of Alternative Conversion Consideration entitled to be received per Series E Preferred Share; (viii) the name and address of the paying agent, transfer agent and conversion agent for the Series E Preferred Shares; (ix) the procedures that the holders of Series E Preferred Shares must follow to exercise the Series E Change of Control Conversion Right (including procedures for surrendering shares for conversion through the facilities of a Depository (as defined below)), including the form of conversion notice to be delivered by such holders as described below; and (x) the last date on which holders of Series E Preferred Shares may withdraw shares surrendered for conversion and the procedures that such holders must follow to effect such a withdrawal.

(g) The Corporation shall also issue a press release containing such notice provided for in the preceding Section 6(f) for publication on either of Dow Jones & Company, Inc., Business Wire, PR Newswire or Bloomberg Business News (or, if these organizations are not in existence at the time of issuance of the press release, such other news or press organization as is reasonably calculated to broadly disseminate the relevant information to the public), and post a notice on its website, in any event prior to the opening of business on the first Business Day following any date on which it provides the notice provided for in Section 6(f) to the holders of Series E Preferred Shares.

(h) To exercise the Series E Change of Control Conversion Right, the holders of Series E Preferred Shares will be required to deliver, on or before the close of business on the Series E Change of Control Conversion Date, the certificates (if any) representing the Series E Preferred Shares to be converted, duly endorsed for transfer (or, in the case of any Series E Preferred Shares held in book-entry form through a Depository, to deliver, on or before the close of business on the Series E Change of Control Conversion Date, the Series E Preferred Shares to be converted through the facilities of such Depository), together with a written conversion notice in the form provided by the Corporation, duly completed, to its transfer agent. The conversion notice must state: (i) the relevant Series E Change of Control Conversion Date; (ii) the number of Series E Preferred Shares to be converted; and (iii) that the Series E Preferred Shares are to be converted pursuant to the applicable provisions of the Series E Preferred Shares.

(i) Holders of Series E Preferred Shares may withdraw any notice of exercise of a Series E Change of Control Conversion Right (in whole or in part) by a written notice of withdrawal delivered to the transfer agent of the Corporation prior to the close of business on the Business Day prior to the Series E Change of Control Conversion Date. The notice of withdrawal delivered by any holder must state: (i) the number of withdrawn Series E Preferred Shares; (ii) if certificated Series E Preferred Shares have been surrendered for conversion, the certificate numbers of the withdrawn Series E Preferred Shares; and (iii) the number of Series E Preferred Shares, if any, which remain subject to the holder's conversion notice.

(j) Notwithstanding anything to the contrary contained in Section 6, if any Series E Preferred Shares are held in book-entry form through the Depository (as defined below), the conversion notice and/or the notice of withdrawal, as applicable, must comply with applicable procedures, if any, of the applicable Depository.

(k) (i) Each conversion of Series E Preferred Shares shall be deemed to have been effected as of the close of business on the date on which notice of election of such conversion is delivered to the Corporation by such holder. Until the certificates representing the Series E Preferred Shares that are being converted have been surrendered, other than certificates issued as contemplated by Section 13, and new certificates representing the Common Shares shall have been issued by the Corporation, such certificate(s) evidencing the Series E Preferred Shares being converted shall be evidence of the issuance of such Common Shares. At such time as such conversion has been effected, the rights of the holder of such Series E Preferred Shares as such holder shall cease and the Person or Persons in whose name or names any certificate or certificates for Common Shares are to be issued upon such conversion shall be deemed to have become the holder or holders of record of the Common Shares represented thereby.

(ii) As soon as practicable after a conversion has been effected in accordance with clause (i) above, the Corporation shall deliver to the converting holder: (A) a certificate or certificates representing, in the aggregate, the number of Common Shares issuable by reason of such conversion, in the name or names and in such denomination or denominations as the converting holder has specified; and (B) a certificate representing any Series E Preferred Shares which were represented by the certificate or certificates delivered to the Corporation in connection with such conversion, but which were not converted.

(iii) The issuance of certificates for Common Shares upon conversion of the Series E Preferred Shares shall be made without charge to the holders of such Series E Preferred Shares for any issuance tax in respect thereof or other cost incurred by the Corporation in connection with such conversion and the related issuance of Common Shares, except for any transfer or similar tax payable as a result of issuance of a certificate to other than the registered holder of the shares being converted.

(iv) The Corporation shall not close its books against the transfer of the Series E Preferred Shares or of Common Shares issued or issuable upon conversion of the Series E Preferred Shares in any manner which interferes with the timely conversion of the Series E Preferred Shares. The Corporation shall assist and cooperate with any holder of Series E Preferred Shares required to make any governmental filings or obtain any governmental approval prior to or in connection with any conversion of shares hereunder (including, without limitation, making any filings reasonably required to be made by the Corporation).

(v) No fractional Common Shares or scrip representing fractional shares shall be issued upon conversion of Series E Preferred Shares. If more than one Series E Preferred Share shall be surrendered for conversion at one time by the same record holder, the number of full Common Shares issuable upon the conversion thereof shall be computed on the basis of the aggregate number of Series E Preferred Shares so surrendered by such record holder. Instead, the Corporation will make a cash payment equal to the value of such fractional shares based upon the Common Stock Price used in determining the Series E/Common Stock Conversion Consideration for such Change of Control or the Conversion Price in the event of conversion pursuant to Section 6(a) or (c).

(vi) The Corporation shall use its best efforts at all times to reserve and keep available out of its authorized but unissued Common Shares solely for the purpose of issuance upon the conversion of the Series E Preferred Shares, such number of Common Shares as are issuable upon the conversion of all outstanding Series E Preferred Shares. All Common Shares which are so issuable shall, when issued, be duly and validly issued, fully paid and nonassessable and free from all taxes, liens and charges, other than those created or agreed to by the holder. The Corporation shall use its best efforts to take all such actions as may be necessary to assure that all such Common Shares may be so issued without violation of any applicable law or governmental regulation or any requirements of any domestic securities exchange upon which Common Shares may be listed (except for official notice of issuance which shall be immediately delivered by the Corporation upon each such issuance).

(l) If the Corporation at any time subdivides (by any stock split, stock dividend, recapitalization or any similar transaction) one or more classes of its outstanding Common Shares into a greater number of shares, or if the Corporation at any time combines (by reverse stock split, reclassification or any similar transaction) one or more classes of its outstanding Common Shares into a smaller number of shares, the Series E Conversion Price and Share Cap in effect immediately prior to such subdivision or combination shall be proportionately adjusted.

(m) (i) Promptly upon any adjustment of the Series E Conversion Price as described in Section 6(d), the Corporation shall give written notice thereof to all holders of the Series E Preferred Shares, setting forth in reasonable detail and certifying the calculation of such adjustment.

(ii) The Corporation shall give written notice to all holders of the Series E Preferred Shares at least ten (10) days' prior to the date on which the Corporation closes its books or takes a record (A) with respect to any dividend or distribution upon Common Shares, (B) with respect to any pro rata subscription offer to holders of Common Shares, or (C) for determining rights with respect to any Change of Control.

(iii) The Corporation shall give written notice to the holders of the Series E Preferred Shares at least ten (10) days' prior to the date on which any Change of Control shall take place, which notice may be one and the same as that required by (ii) above.

Section 7. Ranking. Any class or series of shares of stock of the Corporation shall be deemed to rank:

(a) prior to the Series E Preferred Shares, as to the payment of dividends and as to distribution of assets upon liquidation, dissolution or winding up, if the holders of such class or series shall be entitled to the receipt of dividends or of amounts distributable upon liquidation, dissolution or winding up, as the case may be, in preference or priority to the holders of Series E Preferred Shares ("Senior Shares");

(b) on a parity with the Series E Preferred Shares, as to the payment of dividends and as to distribution of assets upon liquidation, dissolution or winding up, whether or not the dividend rates, dividend payment dates or redemption or liquidation prices per share thereof be different from those of the Series E Preferred Shares, if the holders of such class or series and the Series E Preferred Shares shall be entitled to the receipt of dividends and of amounts distributable upon liquidation, dissolution or winding up in proportion to their respective amounts of accrued and unpaid dividends per share or liquidation preferences, without preference or priority one over the other ("Parity Shares"); and

(c) junior to the Series E Preferred Shares, as to the payment of dividends and as to the distribution of assets upon liquidation, dissolution or winding up, if such class or series shall be the Common Shares or any other class or series of shares of stock of the Corporation now or hereafter issued and outstanding over which the Series E Preferred Shares have preference or priority in the payment of dividends and in the distribution of assets upon any liquidation, dissolution or winding up of the Corporation (“Junior Shares”).

Section 8. Voting Rights. The Series E Preferred Shares shall have no voting rights, except as set forth in this Section 8.

(a) So long as any Series E Preferred Shares are outstanding, the affirmative vote of the holders of at least two-thirds of the Series E Preferred Shares at the time outstanding, given in person or by proxy, either in writing without a meeting or by vote at any meeting called for the purpose, shall be necessary for effecting or validating:

(i) Any amendment, alteration or repeal of any of the provisions of the Certificate of Incorporation or these terms of the Series E Preferred Shares that materially and adversely affects the rights, preferences or voting power of the Series E Preferred Shares; provided, however, that the amendment of the provisions of the Certificate of Incorporation so as to authorize or create, or to increase the authorized amount of, the Series E Preferred Shares, any Junior Shares that are not senior in any respect to the Series E Preferred Shares, or any shares of any class ranking, as to receipt of dividends or distribution of assets upon liquidation, dissolution or winding up of the Corporation, on a parity with the Series E Preferred Shares shall not be deemed to materially or adversely affect the rights, preferences or voting power of the Series E Preferred Shares; and provided, further, that if any such amendment, alteration or repeal would materially and adversely affect any voting powers, rights or preferences of the Series E Preferred Shares that are not enjoyed by some or all of the other series otherwise entitled to vote in accordance herewith, the affirmative vote of at least two-thirds of the votes entitled to be cast by the holders of all series similarly affected, similarly given, shall be required in lieu of the affirmative vote of at least two-thirds of the votes entitled to be cast by the holders of the Series E Preferred Shares; or

(ii) The authorization, reclassification or creation of, or the increase in the authorized amount of, any shares of any class or any security convertible into or exchangeable for shares of any class ranking prior to the Series E Preferred Shares in the distribution of assets on any liquidation, dissolution or winding up of the Corporation or in the payment of dividends;

provided, however, that no such vote of the holders of Series E Preferred Shares shall be required on or after February 11, 2017, or in connection with a Change of Control if, at or prior to the time when such amendment, alteration, repeal, share exchange, consolidation or merger is to take effect, or when the issuance of any such prior shares or convertible security is to be made, as the case may be, a deposit is made for the redemption in cash of all Series E Preferred Shares at the time outstanding as provided in paragraph (e) of Section 5 hereof for a redemption price determined under the appropriate paragraph of Section 5.

(b) So long as Series E Preferred Shares have at least an aggregate of \$10,000,000 in liquidation amount are outstanding, the affirmative vote of the holders of at least two-thirds of the Series E Preferred Shares at the time outstanding, given in person or by proxy, either in writing without a meeting or by vote at any meeting called for the purpose, shall be necessary for the Corporation to incur additional Indebtedness after the date the first Series E Preferred Share is issued in an amount greater than the lesser of (i) \$10,000,000 or (ii) four and one-half (4.5) multiplied by the Corporation's TTM EBITDA, as calculated as of the end of the month prior to the incurrence of any Indebtedness.

(c) For purposes of the foregoing provisions of this Section 8, each Series E Preferred Share shall have one vote per share. Except as set forth herein, the Series E Preferred Shares shall not have any relative, participating, optional or other special voting rights and powers other than as set forth herein, and the consent of the holders thereof shall not be required for the taking of any corporate action.

(d) No amendment to these terms of the Series E Preferred Shares shall require the vote of the holders of Common Shares (except as required by law) or any series of Preferred Stock other than the Series E Preferred Shares.

Section 9. Information Rights. During any period in which the Corporation is not subject to Section 13 or 15(d) of the Exchange Act and any Series E Preferred Shares are outstanding, the Corporation shall (a) transmit by mail to all holders of Series E Preferred Shares, as their names and addresses appear in the Corporation's record books and without cost to such holders, copies of the annual reports and quarterly reports that the Corporation would have been required to file with the Securities and Exchange Commission (the "SEC") pursuant to Section 13 or 15(d) of the Exchange Act if the Corporation was subject to such Sections (other than any exhibits that would have been required); and (b) promptly upon written request, supply copies of such reports to any prospective holder of Series E Preferred Shares. The Corporation shall mail the reports to the holders of Series E Preferred Shares within 15 days after the respective dates by which the Corporation would have been required to file the reports with the SEC if the Corporation were then subject to Section 13 or 15(d) of the Exchange Act, assuming the Corporation is a "non-accelerated filer" in accordance with the Exchange Act.

Section 10. Record Holders. The Corporation and the Transfer Agent shall deem and treat the record holder of any Series E Preferred Shares as the true and lawful owner thereof for all purposes, and neither the Corporation nor the Transfer Agent shall be affected by any notice to the contrary,

Section 11. Sinking Fund. The Series E Preferred Shares shall not be entitled to the benefits of any retirement or sinking fund.

Section 12. [Reserved.]

Section 13. Book Entry. The Series E Preferred Shares shall be issued initially in the form of one or more fully registered global certificates (“Global Preferred Shares”), which shall be deposited on behalf of the purchasers represented thereby with the Transfer Agent, as custodian for a securities depository (the “Depository”) that is a clearing agency under Section 17A of the Exchange Act (or with such other custodian as the Depository may direct), and registered in the name of the Depository or its nominee, duly executed by the Corporation and authenticated by the Transfer Agent. The number of Series E Preferred Shares represented by Global Preferred Shares may from time to time be increased or decreased by adjustments made on the records of the Transfer Agent and the Depository as hereinafter provided. Members of, or participants in, the Depository (“Agent Members”) shall have no rights under these terms of the Series E Preferred Shares with respect to any Global Preferred Shares held on their behalf by the Depository or by the Transfer Agent as the custodian of the Depository or under such Global Preferred Shares, and the Depository may be treated by the Corporation, the Transfer Agent and any agent of the Corporation or the Transfer Agent as the absolute owner of such Global Preferred Shares for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Corporation, the Transfer Agent or any agent of the Corporation or the Transfer Agent from giving effect to any written certification, proxy or other authorization furnished by the Depository or impair, as between the Depository and its Agent Members, the operation of customary practices of the Depository governing the exercise of the rights of a holder of a beneficial interest in any Global Preferred Shares.

IN WITNESS WHEREOF, the Corporation has caused this Certificate of Designation to be duly executed and acknowledged by Steven W. King its President and Chief Executive Officer as of this 12th day of February, 2014.

CERTIFICATE OF DESIGNATION

of

SERIES D PARTICIPATING PREFERRED STOCK

of

PEREGRINE PHARMACEUTICALS, INC.

Pursuant to Section 151 of the General Corporation Law
of the State of Delaware

Peregrine Pharmaceuticals, Inc., a corporation organized and existing under the General Corporation Law of the State of Delaware, in accordance with the provisions of Section 151 thereof, DOES HEREBY CERTIFY:

That pursuant to the authority vested in the Board of Directors in accordance with the provisions of the Certificate of Incorporation of the said Corporation, the said Board of Directors on March 16, 2006 adopted the following resolution creating a series of 500,000 shares of Preferred Stock designated as “Series D Participating Preferred Stock”:

RESOLVED, that pursuant to the authority vested in the Board of Directors of this Corporation in accordance with the provisions of the Certificate of Incorporation, a series of Preferred Stock, par value \$.001 per share, of the Corporation be and hereby is created, and that the designation and number of shares thereof and the voting and other powers, preferences and relative, participating, optional or other rights of the shares of such Series and the qualifications, limitations and restrictions thereof are as follows:

Series D Participating Preferred Stock

1. *Designation and Amount.* There shall be a series of Preferred Stock that shall be designated as “Series D Participating Preferred Stock,” and the number of shares constituting such series shall be 500,000. Such number of shares may be increased or decreased by resolution of the Board of Directors; provided, however, that no decrease shall reduce the number of shares of Series D Participating Preferred Stock to less than the number of shares then issued and outstanding plus the number of shares issuable upon exercise of outstanding rights, options or warrants or upon conversion of outstanding securities issued by the Corporation.

2. *Dividends and Distribution.*

(A) Subject to the prior and superior rights of the holders of any shares of any class or series of stock of the Corporation ranking prior and superior to the shares of Series D Participating Preferred Stock with respect to dividends, the holders of shares of Series D Participating Preferred Stock, in preference to the holders of shares of any class or series of stock of the Corporation ranking junior to the Series D Participating Preferred Stock in respect thereof, shall be entitled to receive, when, as and if declared by the Board of Directors out of funds legally available for the purpose, quarterly dividends payable in cash on the first day of May, August, November and February in each year (each such date being referred to herein as a “Quarterly Dividend Payment Date”), commencing on the first Quarterly Dividend Payment Date after the first issuance of a share or fraction of a share of Series D Participating Preferred Stock, in an amount per share (rounded to the nearest cent) equal to the greater of (a) \$1.00 or (b) the Adjustment Number (as defined below) times the aggregate per share amount of all cash dividends, and the Adjustment Number times the aggregate per share amount (payable in kind) of all non-cash dividends or other distributions other than a dividend payable in shares of Common Stock or a subdivision of the outstanding shares of Common Stock (by reclassification or otherwise), declared on the Common Stock, par value \$.001 per share, of the Corporation (the “Common Stock”) since the immediately preceding Quarterly Dividend Payment Date, or, with respect to the first Quarterly Dividend Payment Date, since the first issuance of any share or fraction of a share of Series D Participating Preferred Stock. The “Adjustment Number” shall initially be 1,000. In the event the Corporation shall at any time after March 16, 2006, (i) declare and pay any dividend on Common Stock payable in shares of Common Stock, (ii) subdivide the outstanding Common Stock or (iii) combine the outstanding Common Stock into a smaller number of shares, then in each such case the Adjustment Number in effect immediately prior to such event shall be adjusted by multiplying such Adjustment Number by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

(B) The Corporation shall declare a dividend or distribution on the Series D Participating Preferred Stock as provided in paragraph (A) above immediately after it declares a dividend or distribution on the Common Stock (other than a dividend payable in shares of Common Stock).

(C) Dividends shall begin to accrue and be cumulative on outstanding shares of Series D Participating Preferred Stock from the Quarterly Dividend Payment Date next preceding the date of issue of such shares of Series D Participating Preferred Stock, unless the date of issue of such shares is prior to the record date for the first Quarterly Dividend Payment Date, in which case dividends on such shares shall begin to accrue from the date of issue of such shares, or unless the date of issue is a Quarterly Dividend Payment Date or is a date after the record date for the determination of holders of shares of Series D Participating Preferred Stock entitled to receive a quarterly dividend and before such Quarterly Dividend Payment Date, in either of which events such dividends shall begin to accrue and be cumulative from such Quarterly Dividend Payment Date. Accrued but unpaid dividends shall not bear interest. Dividends paid on the shares of Series D Participating Preferred Stock in an amount less than the total amount of such dividends at the time accrued and payable on such shares shall be allocated pro rata on a share-by-share basis among all such shares at the time outstanding. The Board of Directors may fix a record date for the determination of holders of shares of Series D Participating Preferred Stock entitled to receive payment of a dividend or distribution declared thereon, which record date shall be no more than 60 days prior to the date fixed for the payment thereof.

3. *Voting Rights.* The holders of shares of Series D Participating Preferred Stock shall have the following voting rights:

(A) Each share of Series D Participating Preferred Stock shall entitle the holder thereof to a number of votes equal to the Adjustment Number on all matters submitted to a vote of the stockholders of the Corporation.

(B) Except as required by law and by Section 10 hereof, holders of Series D Participating Preferred Stock shall have no special voting rights and their consent shall not be required (except to the extent they are entitled to vote with holders of Common Stock as set forth herein) for taking any corporate action.

(C) If, at the time of any annual meeting of stockholders for the election of directors, the equivalent of six quarterly dividends (whether or not consecutive) payable on any share or shares of Series D Participating Preferred Stock are in default, the number of directors constituting the Board of Directors of the Company shall be increased by two. In addition to voting together with the holders of Common Stock for the election of other directors of the Company, the holders of record of the Series D Participating Preferred Stock, voting separately as a class to the exclusion of the holders of Common Stock, shall be entitled at said meeting of stockholders (and at each subsequent annual meeting of stockholders), unless all dividends in arrears on the Series D Participating Preferred Stock have been paid or declared and set apart for payment prior thereto, to vote for the election of two directors of the Company, the holders of any Series D Participating Preferred Stock being entitled to cast a number of votes per share of Series D Participating Preferred Stock as is specified in paragraph (A) of this Section 3. Each such additional director shall serve until the next annual meeting of stockholders for the election of directors, or until his successor shall be elected and shall qualify, or until his right to hold such office terminates pursuant to the provisions of this Section 3(C). Until the default in payments of all dividends which permitted the election of said directors shall cease to exist, any director who shall have been so elected pursuant to the next preceding sentence may be removed at any time, without cause, only by the affirmative vote of the holders of the shares of Series D Participating Preferred Stock at the time entitled to cast a majority of the votes entitled to be cast for the election of any such director at a special meeting of such holders called for that purpose, and any vacancy thereby created may be filled by the vote of such holders. If and when such default shall cease to exist, the holders of the Series D Participating Preferred Stock shall be divested of the foregoing special voting rights, subject to reversion in the event of each and every subsequent like default in payments of dividends. Upon the termination of the foregoing special voting rights, the terms of office of all persons who may have been elected directors pursuant to said special voting rights shall forthwith terminate, and the number of directors constituting the Board of Directors shall be reduced by two. The voting rights granted by this Section 3(C) shall be in addition to any other voting rights granted to the holders of the Series D Participating Preferred Stock in this Section 3.

4. *Certain Restrictions.*

(A) Whenever quarterly dividends or other dividends or distributions payable on the Series D Participating Preferred Stock as provided in Section 2 are in arrears, thereafter and until all accrued and unpaid dividends and distributions, whether or not declared, on shares of Series D Participating Preferred Stock outstanding shall have been paid in full, the Corporation shall not:

(i) declare or pay dividends on, make any other distributions on, or redeem or purchase or otherwise acquire for consideration any shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series D Participating Preferred Stock;

(ii) declare or pay dividends on or make any other distributions on any shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series D Participating Preferred Stock, except dividends paid ratably on the Series D Participating Preferred Stock and all such parity stock on which dividends are payable or in arrears in proportion to the total amounts to which the holders of all such shares are then entitled; or

(iii) redeem, purchase or otherwise acquire for consideration any shares of Series D Participating Preferred Stock, or any shares of stock ranking on a parity with the Series D Participating Preferred Stock, except in accordance with a purchase offer made in writing or by publication (as determined by the Board of Directors) to all holders of Series D Participating Preferred Stock, or to such holders and holders of any such shares ranking on a parity therewith, upon such terms as the Board of Directors, after consideration of the respective annual dividend rates and other relative rights and preferences of the respective Series and classes, shall determine in good faith will result in fair and equitable treatment among the respective series or classes.

(B) The Corporation shall not permit any subsidiary of the Corporation to purchase or otherwise acquire for consideration any shares of stock of the Corporation unless the Corporation could, under paragraph (A) of this Section 4, purchase or otherwise acquire such shares at such time and in such manner.

5. *Reacquired Shares.* Any shares of Series D Participating Preferred Stock purchased or otherwise acquired by the Corporation in any manner whatsoever shall be retired promptly after the acquisition thereof. All such shares shall upon their retirement become authorized but unissued shares of Preferred Stock and may be reissued as part of a new series of Preferred Stock to be created by resolution or resolutions of the Board of Directors, subject to any conditions and restrictions on issuance set forth herein.

6. *Liquidation, Dissolution or Winding Up.* (A) Upon any liquidation, dissolution or winding up of the Corporation, voluntary or otherwise, no distribution shall be made to the holders of shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series D Participating Preferred Stock unless, prior thereto, the holders of shares of Series D Participating Preferred Stock shall have received an amount per share (the "Series D Liquidation Preference") equal to the greater of (i) \$1,000 plus an amount equal to accrued and unpaid dividends and distributions thereon, whether or not declared, to the date of such payment, or (ii) the Adjustment Number times the per share amount of all cash and other property to be distributed in respect of the Common Stock upon such liquidation, dissolution or winding up of the Corporation.

(B) In the event, however, that there are not sufficient assets available to permit payment in full of the Series D Liquidation Preference and the liquidation preferences of all other classes and series of stock of the Corporation, if any, that rank on a parity with the Series D Participating Preferred Stock in respect thereof, then the assets available for such distribution shall be distributed ratably to the holders of the Series D Participating Preferred Stock and the holders of such parity shares in proportion to their respective liquidation preferences.

(C) Neither the merger nor consolidation of the Corporation into or with another corporation nor the merger or consolidation of any other corporation into or with the Corporation shall be deemed to be a liquidation, dissolution or winding up of the Corporation within the meaning of this Section 6.

7. *Consolidation, Merger, Etc.* In case the Corporation shall enter into any consolidation, merger, combination or other transaction in which the outstanding shares of Common Stock are exchanged for or changed into other stock or securities, cash and/or any other property, then in any such case each share of Series D Participating Preferred Stock shall at the same time be similarly exchanged or changed in an amount per share equal to the Adjustment Number times the aggregate amount of stock, securities, cash and/or any other property (payable in kind), as the case may be, into which or for which each share of Common Stock is changed or exchanged. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision, combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the amount set forth in the preceding sentence with respect to the exchange or change of shares of Series D Participating Preferred Stock shall be adjusted by multiplying such amount by a fraction, the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event. In the event the Corporation shall at any time declare or pay any dividend on the Series D Participating Preferred Stock payable in shares of Series D Participating Preferred Stock, or effect a subdivision, combination or consolidation of the outstanding shares of Series D Participating Preferred Stock (by reclassification or otherwise than by payment of a dividend in shares of Series D Participating Preferred Stock) into a greater or lesser number of shares of Series D Participating Preferred Stock, then in each such case the amount set forth in the first sentence of this Section 7 with respect to the exchange or change of shares of Series D Participating Preferred Stock shall be adjusted by multiplying such amount by a fraction, the numerator of which is the number of shares of Series D Participating Preferred Stock that were outstanding immediately prior to such event and the denominator of which is the number of shares of Series D Participating Preferred Stock outstanding immediately after such event.

8. *No Redemption.* Shares of Series D Participating Preferred Stock shall not be subject to redemption by the Company.

9. *Ranking.* The Series D Participating Preferred Stock shall rank junior to all other series of the Preferred Stock as to the payment of dividends and as to the distribution of assets upon liquidation, dissolution or winding up, unless the terms of any such series shall provide otherwise, and shall rank senior to the Common Stock as to such matters.

10. *Amendment.* At any time that any shares of Series D Participating Preferred Stock are outstanding, the Certificate of Incorporation of the Corporation shall not be amended in any manner which would materially alter or change the powers, preferences or special rights of the Series D Participating Preferred Stock so as to affect them adversely without the affirmative vote of the holders of two-thirds of the outstanding shares of Series D Participating Preferred Stock, voting separately as a class.

11. *Fractional Shares.* Series D Participating Preferred Stock may be issued in fractions of a share that shall entitle the holder, in proportion to such holder's fractional shares, to exercise voting rights, receive dividends, participate in distributions and to have the benefit of all other rights of holders of Series D Participating Preferred Stock.

IN WITNESS WHEREOF, the undersigned has executed this Certificate this 16th day of March, 2006.

**OF
TECHNICLONE CORPORATION
a Delaware Corporation**

(Pursuant to Section 151 of the General Corporation Law of the State of Delaware)

Techniclone Corporation, a corporation organized and existing under the General Corporation Law of the State of Delaware (the "Corporation"), hereby certifies that, pursuant to the authority contained in its Certificate of Incorporation, and in accordance with the provisions of Section 151 of the General Corporation Law of the State of Delaware, its Board of Directors has adopted the following resolution creating a series of its Preferred Stock designated as 5% Adjustable Convertible Class C Preferred Stock:

"BE IT RESOLVED, that pursuant to the authority vested in the Board of Directors of the Corporation by the Certificate of Incorporation, the Board of Directors does hereby provide for the issue of a series of Preferred Stock, \$.001 par value per share, in connection with those certain 5% Preferred Stock Investment Agreements dated April 24, 1997 by and among the Corporation and certain investors (the "Securities Purchase Agreements"), there shall be a series of shares of the Preferred Stock of the Corporation designated "5% Adjustable Convertible Class "C" Preferred Stock"; that the number of shares of such series shall be 17,200 and that the rights and preferences of such series (referred to herein as the "5% Preferred" or "Shares") and the limitations or restrictions thereon, and the rights and terms of the stock purchase warrants ("Warrants") issuable upon conversion of the 5% Preferred, shall be as follows (as used herein, unless the context otherwise requires, shares of 5% Preferred shall include shares of 5% Preferred issuable as dividends on shares of 5% Preferred and Warrants shall include warrants issuable upon conversion of the 5% Preferred):

RESOLVED that, in connection with those certain 5% Preferred Stock Investment Agreements dated April 24, 1997 by and among the Corporation and certain investors (the "Securities Purchase Agreements"), there shall be a series of shares of the Preferred Stock of the Corporation designated "5% Adjustable Convertible Class "C" Preferred Stock"; that the number of shares of such series shall be 17,200 and that the rights and preferences of such series (referred to herein as the "5% Preferred" or "Shares") and the limitations or restrictions thereon, and the rights and terms of the stock purchase warrants ("Warrants") issuable upon conversion of the 5% Preferred, shall be as follows (as used herein, unless the context otherwise requires, shares of 5% Preferred shall include shares of 5% Preferred issuable as dividends on shares of 5% Preferred and Warrants shall include warrants issuable upon conversion of the 5% Preferred):

1. DIVIDENDS.

(a) The holders of the 5% Preferred shall be entitled to receive out of any assets legally available therefor cumulative dividends at the rate of \$50 per share per annum, payable commencing September 30, 1997 and thereafter quarterly on December 31, March 31, June 30 and September 30 of each year, when and as declared by the Board of Directors, in preference and priority to any payment of any dividend on the common stock of the Corporation, par value \$.001 per share ("Common Stock") or any other class or series of stock of the Corporation ranking junior to the 5% Preferred. Such dividends shall accrue on any given share from the day of original issuance of such share and shall accrue from day to day whether or not earned or declared. If at any time dividends on the outstanding 5% Preferred at the rate set forth above shall not have been paid or declared and set apart for payment with respect to all preceding periods, the amount of the deficiency shall be fully paid or declared and set apart for payment, but without interest, before any distribution, whether by way of dividend or otherwise, shall be declared or paid upon or set apart for the shares of any other class or series of stock of the Corporation except a class or series which is entitled to priority as to dividends over the 5% Preferred.

(b) Dividends shall be paid in shares of 5% Preferred valued at \$1000 per share (fractional Shares to be paid in cash) or, at the option of the Corporation upon 10 days advance notice to the holders of the 5% Preferred, in cash.

(c) If on any dividend payment date all the shares of Common Stock issuable upon conversion of the 5% Preferred then outstanding and to be issued as a dividend on such dividend payment date and upon exercise of the Warrants whether outstanding or issuable upon conversion thereof are not registered under the Securities Act of 1933 or if there is not then available for delivery upon resale of such shares of Common Stock a prospectus meeting the requirements of said Act and the rules thereunder or if the Common Stock is not listed or designated for quotation for trading on at least one of the NASDAQ Small Cap Market (the "NSCM"), the NASDAQ National Market (the "NNM"), the New York Stock Exchange (the "NYSE") or the American Stock Exchange (the "AMEX") or any such shares of Common Stock are not authorized for trading thereon, or if the Common Stock is not then registered under Section 12(b) or Section 12(g) of the Securities Exchange Act of 1934, then such dividend may only be paid in cash.

2. LIQUIDATION PREFERENCE AND CERTAIN REDEMPTIONS.

(a) In the event of any liquidation, dissolution or winding up of the Corporation, either voluntary or involuntary, the holders of the 5% Preferred shall be entitled to receive, prior and in preference to any distribution of any assets of the Corporation to the holders of the Common Stock or any other class or series of shares except any class or series which is entitled to priority as to liquidation payments over the 5% Preferred, the amount of \$1000 per share plus any accrued but unpaid dividends, whether or not declared (the "Liquidation Preference").

(b)(i) In the event (each of the events described in clauses (A)-(F) below after expiration of the applicable cure period (if any) being a "REDEMPTION EVENT"):

(A) the Common Stock is suspended from trading on any of, or is not listed or designated for quotation (and authorized) for trading on at least one of, the NYSE, the AMEX, the NNM or the NSCM for an aggregate of ten (10) trading days in any nine (9) month period,

(B) the registration statement required to be filed by the Corporation pursuant to Section 2(a) or 3(b) of the Registration Rights Agreement, dated as of April 24, 1997, by and among the Corporation and the other signatories thereto (the "REGISTRATION RIGHTS AGREEMENT"), has not been declared effective by the 180th day following the Closing Date (as defined in the Securities Purchase Agreements) or any such registration statement, after being declared effective, cannot be utilized by the holders of 5% Preferred for the resale of all of their Registrable Securities (as defined in the Registration Rights Agreement) for an aggregate of more than thirty (30) days in any twelve month period,

(C) the Corporation fails, and any such failure continues uncured for five (5) business days after the Corporation has been notified thereof in writing by the holder, to remove any restrictive legend on any certificate or any shares of Common Stock issued to the holders of 5% Preferred upon conversion of the 5% Preferred as and when required by the terms of these 5% Preferred, the Securities Purchase Agreements or the Registration Rights Agreement or any certificate or any shares of Common Stock issued to the holders of the Warrants upon exercise of the Warrants as and when required by the terms of the Warrants, the Securities Purchase Agreement or the Registration Rights Agreement,

(D) the Corporation fails to issue shares of Common Stock to any holder of 5% Preferred upon conversion in accordance with the terms of these 5% Preferred or to any holders of Warrants upon exercise in accordance with the terms of such Warrants or provides notice to any holder of 5% Preferred or Warrants, including by way of public announcement, at any time, of its intention not to issue shares of Common Stock to any holder of 5% Preferred upon conversion in accordance with the terms of these 5% Preferred or to any holder of Warrants upon exercise of such Warrants (other than due to the circumstances contemplated by Section 4(i) hereof, for which the holders shall have the remedies set forth in such Section),

(E) Mr. Lon H. Stone shall cease to be an officer or director of the Corporation within 18 months of the Closing Date, or

(F) 50% or more of the Common Stock is directly or indirectly owned or controlled by a single individual or entity or their affiliates, then, upon the occurrence of each and any such Redemption Event, the Corporation shall promptly provide each holder of shares of 5% Preferred with written notice of the occurrence of such Redemption Event, which notice shall contain the Corporation's irrevocable election as to whether it will exercise its right to issue Common Stock in lieu of any redemption provided for in this Section 2. From and after the date of the Redemption Event (whether or not the Corporation has complied with the notice requirements set forth above) each holder of shares of 5% Preferred shall have the option, exercisable in whole or in part at any time and from time to time by delivery of a Redemption Notice (as defined in Paragraph (iii) below) to the Corporation (which notice may be revoked by any holder if the Corporation elects to issue Common Stock with respect thereto pursuant to paragraph (iv) below), to require the Corporation to purchase any or all of the then outstanding shares of 5% Preferred held by such holder for an amount in cash per share equal to the Redemption Amount (as defined in Paragraph (ii) below) in effect at the time of the redemption hereunder, subject, however, to the extent permitted by Paragraph (iv) below, to the right of the Corporation to instead convert each share of 5% Preferred specified in such Conversion Notice into a number of shares of Common Stock equal to the Redemption Number (as defined in Paragraph (ii) below) in effect at the time of such conversion. For the avoidance of doubt, the occurrence of any event described in clauses (A), (B), (D), (E) or (F) above shall immediately constitute a Redemption Event and there shall be no cure period.

(ii) Definition of Redemption Amount and Number. The "REDEMPTION AMOUNT" with respect to a share of 5% Preferred means an amount equal to:

$$\frac{1,000 + P}{C P} \times M$$

The "REDEMPTION NUMBER" with respect to a share of 5% Preferred means:

$$\frac{1,000 + P}{L C P}$$

where:

"P" means the accrued dividends, whether or not declared, on such share of 5% Preferred through the date of redemption or conversion, as the case may be (assuming such dividends would be paid in cash);

"CP" means the Conversion Price (as herein defined) in effect on the date of the Redemption Notice;

"LCP" means lowest Conversion Price (using an Applicable Percentage (as herein defined) of 27%) during the period beginning on the date of the Redemption Notice and ending on the date of redemption or conversion, as the case may be, or, if then in effect and lower, the Conversion Cap (as herein defined); and

"M" means the highest closing bid price (as herein defined) of the Corporation's Common Stock during the period beginning on the date of the Redemption Notice and ending on the date of the redemption or conversion, as the case may be.

(iii) Redemption Defaults. If the Corporation fails to pay any holder the Redemption Amount with respect to any share of 5% Preferred within five (5) business days of its receipt of a notice requiring such redemption (a "REDEMPTION NOTICE"), then the holder of 5% Preferred delivering such Redemption Notice (x) shall be entitled to interest on the Redemption Amount at a per annum rate equal to the lower of twenty-four percent (24%) or the highest rate permitted by applicable law from the date of the Redemption Notice until the date of redemption hereunder, and (y) shall have the right, at any time and from time to time, to require the Corporation, upon written notice, to immediately convert (in accordance with the terms of Section 4 hereof) all or any portion of the Redemption Amount, plus interest as aforesaid, into shares of Common Stock at the lowest Conversion Price in effect during the period beginning on the date of the Redemption Notice and ending on the Conversion Date with respect to the conversion of such Redemption Amount.

(iv) Within five (5) business days after its receipt of a Redemption Notice and subject to the limitations of Section 10 hereof, the Corporation may, in lieu of the redemption required pursuant to Section 2(b)(i), issue Common Stock with respect to shares of 5% Preferred sought to be redeemed pursuant to Section 2(b)(i) with respect to the Redemption Events specified in paragraphs A, B (only where the delay or inability to use is caused by a stop order threatened or issued, or other similar action taken, by the SEC or its staff), E and F above. Notwithstanding the foregoing, the Corporation may not elect to use Common Stock to effect such a redemption unless the notice requirements of paragraph (i) above have been complied with, unless all holders of 5% Preferred electing to be redeemed pursuant to paragraph (i) above receive the Common Stock with respect to such Redemption Event, unless all shares of Common Stock issuable upon conversion of the 5% Preferred and upon exercise of the Warrants whether outstanding or issuable upon conversion thereof are registered under the Securities Act of 1933, unless there is available for delivery upon resale of such shares of Common Stock a prospectus meeting the requirements of said Act and the rules thereunder, unless all such shares are eligible to be traded on either the NNM, NSCM, the NYSE or the AMEX and unless the Common Stock is then registered under Section 12(b) or Section 12(g) of the Securities Exchange Act of 1934. In the event the Corporation elects to issue Common Stock in accordance with the foregoing, the restrictions on the sale of Common Stock contained in Section 3.3 of the Securities Purchase Agreements shall be of no further force or effect. If the limitations contained in Section 10 hereof apply, then the Corporation shall not be required to pay any cash in respect of a redemption of shares of 5% Preferred which are not converted as a result of such limitation.

(v) In the event the Corporation is not at any time able to redeem all of the shares of 5% Preferred subject to Redemption Notices, the Corporation shall redeem shares of 5% Preferred from each holder pro rata, based on the total number of shares of 5% Preferred in all of the Redemption Notices.

3. MANDATORY CONVERSION.

(a) Subject to the limitations of Section 10 hereof and the remaining provisions of this Section 3(a), at any time more than 12 months after the closing date, the Corporation may require that all of the shares of 5% Preferred be converted (a "Required Conversion") by irrevocably giving notice ("Notice of Required Conversion") to the holders of the 5% Preferred specifying the date of required conversion (the "Required Conversion Date") and the place for delivery of certificates upon conversion. Such Notice shall comply with the requirements of paragraph (i) of this Section 3(a) and shall be mailed, first class postage prepaid, by the Corporation to each holder of record of the 5% Preferred at the address last shown on the records of the Corporation for such holder and shall be transmitted by telecopy (facsimile) transmission at least 20 trading days and no more than 30 trading days in advance of the Required Conversion Date.

(i) A Notice of Required Conversion may not be given unless Common Stock equal to 150% of the number of shares of Common Stock issuable upon conversion of the 5% Preferred and upon exercise of the Warrants whether outstanding or issuable upon conversion thereof are reserved for issuance to holders of the 5% Preferred and are registered for resale by the holders (determined separately for each holder) under the Act, and there is available for delivery upon resale of such shares of Common Stock a prospectus meeting the requirements of said Act and the rules thereunder and such shares are eligible to be traded on either the NNM, the NSCM, the NYSE or the AMEX and the Common Stock is then registered under Section 12(b) or Section 12(g) of the Securities Exchange Act of 1934.

(ii) The Conversion Price upon Required Conversion shall be 73% of the average of the low trading prices on the five trading days immediately preceding the Required Conversion Date or, if in effect and lower, the Conversion Cap; provided, that if the Required Conversion Date is within 10 trading days after an underwritten public offering of equity securities of the Corporation, the Conversion Price shall be determined as of the Required Conversion Date in accordance with Section 4(d) and (e) below. The terms "low trading price" and "trading day" have the meanings given them in Section 4(d) hereof.

(iii) Not later than the Required Conversion Date each holder of 5% Preferred shall surrender to the Corporation the certificate or certificates representing the shares of 5% Preferred held by such holder at the place designated by the Corporation in the Notice of Required Conversion, and the Corporation shall deliver to such holder within two business day thereafter (three business days if the address for delivery is an offshore address) the certificates representing the Common Stock and Warrants to which such holder is entitled upon conversion, subject, however, to receipt of duly endorsed certificates for the shares of 5% Preferred being so converted.

(iv) After receipt of a Notice of Required Conversion and prior to the Required Conversion Date holders shall be free to convert their shares of 5% Preferred in accordance with the optional conversion provisions of Section 4 hereof with the Conversion Price determined at an Applicable Percentage of 27.0% or, if lower, at the Conversion Cap.

(v) From and after delivery by the Corporation of a Notice of Required Conversion, the sales limitations contained in Section 3.3 of the Securities Purchase Agreements shall be of no further force and effect.

(b) On the fifth anniversary of the closing date, all then outstanding shares of 5% Preferred shall be automatically converted at the Conversion Price on such anniversary date and otherwise pursuant to the applicable provisions set forth in Section 4(c) and (d) and (e) hereof at an Applicable Percentage of 27.0% or, if lower, at a Conversion Price equal to the Conversion Cap; provided, however, that the holders of such 5% Preferred are not required to deliver a Notice of Required Conversion or any other notice to the Corporation.

4. CONVERSION. The holders of the 5% Preferred shall have optional conversion rights as follows:

(a) Commencement of Conversion Rights. Commencing on the day after the fifth month anniversary of the closing date, the shares of 5% Preferred shall become convertible.

(b) Right to Convert.

(i) At and after the time it has become convertible, each share of 5% Preferred shall be convertible, at the option of the holder thereof, into (A) such number of fully paid and nonassessable shares of Common Stock as is determined by dividing (1) the Liquidation Preference of such 5% Preferred share determined pursuant to Section 2 hereof on the date the notice of conversion is given, by (2) the Conversion Price determined as hereinafter provided in effect on said date; and, in addition to such shares of Common Stock, (B) Warrants to purchase one-fourth of the number of shares of Common Stock determined pursuant to the foregoing clause (A).

(ii) Notwithstanding anything to the contrary contained herein, the Shares shall not be convertible by a holder hereof to the extent (but only to the extent) that, if convertible by such holder, such holder would beneficially own in excess of 4.9% of the outstanding shares of Common Stock (or such other percentage indicated on the signature page to, or otherwise applicable to such holder pursuant to, the Securities Purchase Agreements). To the extent the above limitation applies, the determination of whether Shares shall be convertible (vis-a-vis other securities owned by such holder) and of which Shares shall be convertible shall be in the sole discretion of the holder thereof and submission of shares of 5% Preferred for conversion shall be deemed to be the holder's determination of whether such Shares are convertible and of which Shares are convertible, subject to such aggregate percentage limitation. No prior inability to convert Shares pursuant to this paragraph shall have any effect on the applicability of the provisions of this paragraph with respect to any subsequent determination of convertibility. For the purposes of this provision, beneficial ownership and all calculations, including without limitation, with respect to calculations of percentage ownership shall be determined in accordance with Section 13(d) of the Securities Exchange Act of 1934, as amended, and Regulation 13 D and G thereunder (collectively "Section 13(d)"). The provisions of this Section may be waived and/or implemented in a manner otherwise than strictly in conformity with the foregoing provisions of this Section 4(b)(ii) with the approval of the Board of Directors of the Corporation and the holders of three quarters in interest in the then outstanding Shares and Warrants (voting together as a single class): (i) with respect to any matter to cure any ambiguity herein, to correct this Section (or any portion hereof) which may be defective or inconsistent with the intended 4.9% beneficial ownership limitation herein contained or to make changes or supplements necessary or desirable to properly give effect to such 4.9% limitation; and (ii) with respect to any other matter, with the further consent of the holders of a majority of the then outstanding shares of Common Stock. The limitations contained in this paragraph shall apply to a successor holder of Shares if, and to the extent, elected by such successor holder concurrently with its acquisition of such Shares, such election to be promptly confirmed in writing to the Corporation (provided no transfer or series of transfers to a successor holder or holders shall be used by a holder to evade the limitations contained in this paragraph).

(c) Mechanics of Conversion. To convert shares of 5% Preferred into shares of Common Stock and Warrants, the holder shall give written notice to the Corporation in the form of the Notice of Conversion attached to the Securities Purchase Agreements (which notice may be given by facsimile transmission) that such holder elects to convert the same and shall state therein the number of Shares to be converted and the name or names in which such holder wishes the certificate or certificates for shares of Common Stock and Warrants to be issued. Promptly thereafter the holder shall surrender the certificate or certificates representing the Shares to be converted, duly endorsed (with signatures guaranteed in case of transfer to another name), at the office of the transfer agent for the shares of Common Stock, or at such other reasonable place as may be designated in writing by the Corporation. Upon receipt by the Corporation of a facsimile copy of such notice of conversion from a holder of shares of 5% Preferred, the Corporation shall forthwith send, via facsimile, a confirmation of receipt of such Notice of Conversion to such holder, which shall specify that the Notice of Conversion has been received and the name and telephone number of a contact person at the Corporation whom the holder should contact regarding information related to such conversion. In the case of a dispute as to the calculation of the Conversion Price, the Corporation shall promptly issue to the holder the number of shares of Common Stock that is not disputed and shall submit the disputed calculations to its outside accountant via facsimile within two (2) days of receipt of such Notice of Conversion. The Corporation shall cause the accountant to perform the calculations and notify the Corporation and the holder of the results no later than forty-eight (48) hours from the time it receives the disputed calculations. Such accountant's calculation shall be deemed conclusive absent manifest error. The Corporation shall, immediately upon receipt of such facsimile Notice of Conversion, cause to be prepared for issue and delivery to or upon the order of such holder, against delivery of the certificates representing the Shares which have been converted, a certificate or certificates for the number of shares of Common Stock, and the Warrant certificate to which such holder shall be entitled. Upon delivery of such duly endorsed Share certificates, the Corporation shall effect such issuance immediately and shall on the same day (if such duly endorsed certificate is delivered by 12:00 noon Pacific Time) or the next business day (if such duly endorsed certificate is delivered after 12:00 noon Pacific Time) transmit the certificates by messenger or nationally (or internationally, as the case may be) recognized overnight delivery service to reach the address designated by such holder within one business day (two business days for addresses outside of the United States) (such time for delivery of share certificates being the "Delivery Period"). Facsimile Notice of Conversion may be given by a holder at any time of day up to 11:59 PM Pacific time, and such conversion shall be deemed to have been made immediately prior to the close of business on the date such Notice of Conversion is given (the "Conversion Date"). The person or persons entitled to receive the shares of Common Stock and Warrants issuable upon such conversion shall be treated for all purposes as the record holder or holders of such securities at the close of business on the Conversion Date.

(d) Determination of Conversion Price.

(i) Subject to paragraph (iii) below, on any Conversion Date, the Conversion Price shall be the average of the low trading price of the Common Stock for the five consecutive trading days (the "Lookback Period") ending with the trading day prior to the Conversion Date, reduced by the Applicable Percentage (as defined below) in effect on the Conversion Date.

(ii) The Applicable Percentage shall escalate and be as follows:

0.0% Starting on the 1st day of the 6th month after the closing date

13% Starting on the 1st day of the 8th month after the closing date

20% Starting on the 1st day of the 10th month after the closing date

22.5% Starting on the 1st day of the 12th month after the closing date

25% Starting on the 1st day of the 14th month after the closing date

27% Starting on the 1st day of the 16th month after the closing date, and thereafter

For purposes of this resolution, the term "months" means calendar months, and when months are measured after the closing date, each such month shall end on a monthly anniversary of the closing date. For example, if the closing date were April 10, 1997, the fifth month after the closing date would end on and would include September 10, 1997, the sixth month after the closing date would commence on September 11, 1997 and end on October 10, 1997, and the twelfth month after the closing date would commence on March 11, 1998 and would end on April 10, 1998.

(iii) At any date after March 24, 1998, the Conversion Price shall be the lower of (x) the Conversion Price calculated in accordance with paragraphs (i) and (ii) above and (y) the average of the closing prices of the Common Stock for the thirty (30) trading days including and immediately preceding March 24, 1998 (such average being the "Conversion Cap").

(iv) The terms "low trading price", "last sale price" and "closing bid price" of the Common Stock on any day shall mean, respectively, (A) the lowest reported sale price, the last reported sale price and the last reported bid price of the Common Stock on the principal stock exchange on which the Common Stock is listed, or (B) if the Common Stock is not listed on a stock exchange, the lowest reported sale price, the last reported sale price and the last reported bid price of the Common Stock on the principal automated securities price quotation system on which sale prices of the Common Stock are reported, or (c) if the Common Stock is not listed on a stock exchange and sale prices of the Common Stock are not reported on an automated quotation system, the lowest bid price, the last bid price and the last bid price for the Common Stock as reported by National Quotation Bureau Incorporated if at least two securities dealers have inserted both bid and asked quotations for the Common Stock on at least five of the ten preceding trading days. If none of the foregoing provisions are applicable, the "low trading price", "last sale price" and the "closing bid price" of the Common Stock on a day will be the fair market value of the Common Stock on that day as determined by a member firm of the New York Stock Exchange, Inc., selected by the Board of Directors of the Corporation and reasonably acceptable to the holders of the majority of the 5% Preferred. The term "trading day" means (x) if the Common Stock is listed on at least one stock exchange, a day on which there is trading on the principal stock exchange on which the Common Stock is listed, (y) if the Common Stock is not listed on a stock exchange but sale prices of the Common Stock are reported on an automated quotation system, a day on which trading is reported on the principal automated quotation system on which sales of the Common Stock are reported, or (z) if the foregoing provisions are inapplicable, a day on which quotations are reported by National Quotation Bureau Incorporated. The "closing price" of the Common Stock on any day means the "last sale price" as defined above.

(v) In the event that during any period of consecutive trading days provided for above, the Corporation shall declare or pay any dividend on the Common Stock payable in Common Stock or in rights to acquire Common Stock, or shall effect a stock split or reverse stock split, or a combination, consolidation or reclassification of the Common Stock, then the Conversion Price and (if such event occurs during the thirty (30) trading days referred to in paragraph (iii) next above) the Conversion Cap shall be proportionately decreased or increased, as appropriate, to give effect to such event. If such an event occurs after March 24, 1998, the Conversion Cap shall be proportionately decreased or increased to give effect to such event.

(e) Certain Adjustments. (i) If the Corporation shall declare or make any distribution of its assets (or rights to acquire its assets) to holders of Common Stock as a partial liquidating dividend, by way of return of capital or otherwise (including any dividend or distribution to the Corporation's shareholders in cash or shares (or rights to acquire shares) of capital stock of a subsidiary (i.e. a spin-off)) (a "Distribution"), then the holders of 5% Preferred shall also be entitled, upon any conversion of shares of 5% Preferred after the date of record for determining shareholders entitled to such Distribution, to receive the kind and amount of such assets which would have been payable to the holder with respect to the shares of Common Stock issuable upon such conversion (without giving effect to any of the provisions contained herein or in the Securities Purchase Agreement which limit or restrict conversion of Shares) had such holder been the holder of such shares of Common Stock on the record date for the determination of shareholders entitled to such Distribution.

(ii) In the event the Corporation (i) makes a public announcement that it intends to consolidate or merge with any other entity (other than a merger in which the Corporation is the surviving or continuing entity and its capital stock is unchanged and there is no distribution thereof) or to sell or transfer all or substantially all of the assets of the Corporation or (ii) any person, group or entity (including the Corporation) publicly announces a tender offer to purchase 50% or more of the Common Stock (the date of the announcement referred to in clause (i) or (ii) of this paragraph (ii) is hereinafter referred to as the "Announcement Date"), then the Conversion Price shall, effective upon the Announcement Date and continuing through the consummation of the proposed tender offer or transaction or the Abandonment Date (as defined below), be equal to the lower of (x) the Conversion Price calculated in the manner provided in Section 4(d) and 4(e), and (y) the Conversion Price which would have been applicable for an Optional Conversion occurring on the Announcement Date. From and after the Abandonment Date, as the case may be, the Conversion Price shall be determined as set forth in Sections 4(d) and 4(e) hereof. "Abandonment Date" means with respect to any proposed transaction or tender offer for which a public announcement as contemplated by this paragraph (ii) has been made, the date which is seven trading days after the date upon which the Corporation (in the case of clause (i) above) or the person, group or entity (in the case of clause (ii) above) publicly announces the termination or abandonment of the proposed transaction or tender offer which causes this paragraph to become operative. Without implication that the contrary would otherwise be true, the provisions of this paragraph (ii) shall not apply with respect to that certain share exchange involving Peregrine Pharmaceutical Inc. as described in the Securities Purchase Agreements.

(f) Certificates as to Adjustments. Upon the occurrence of any adjustment or readjustment of the Conversion Price or the Conversion Cap pursuant to this Section 4, the Corporation at its expense shall promptly compute such adjustment or readjustment in accordance with the terms hereof and cause independent public accountants selected by the Corporation to verify such computation and prepare and furnish to each holder of 5% Preferred a certificate setting forth such adjustment or readjustment and showing in detail the facts upon which such adjustment or readjustment is based. The Corporation shall, upon the written request at any time of any holder of 5% Preferred, furnish or cause to be furnished to such holder a like certificate prepared by the Corporation setting forth (i) such adjustments and readjustments, and (ii) the number of other securities and the amount, if any, of other property which at the time would be received upon the conversion of 5% Preferred with respect to each share of Common Stock received upon such conversion.

(g) Notice of Record Date. In the event of any taking by the Corporation of a record of the holders of any class of securities for the purpose of determining the holders thereof who are entitled to receive any dividend (other than a non-extraordinary cash dividend) or other distribution, any security or right convertible into or entitling the holder thereof to receive additional shares of Common Stock, or any right to subscribe for, purchase or otherwise acquire any shares of stock of any class or any other securities or property, or to receive any other right, the Corporation shall mail to each holder of 5% Preferred at least 10 days prior to the date specified therein, a notice specifying the date on which any such record is to be taken for the purpose of such dividend, distribution, security or right and the amount and character of such dividend, distribution, security or right.

(h) Issue Taxes. The Corporation shall pay any and all issue and other taxes, excluding any income, franchise or similar taxes, that may be payable in respect of any issue or delivery of shares of Common Stock on conversion of shares of 5% Preferred pursuant hereto; provided, however, that the Corporation shall not be obligated to pay any transfer taxes resulting from any transfer requested by any holder in connection with any such conversion.

(i) Reservation of Stock Issuable Upon Conversion. (A) The Corporation shall at all times reserve and keep available out of its authorized but unissued shares of Common Stock, solely for the purposes of effecting the conversion of the shares of the 5% Preferred and allowing the exercise of the Warrants, such number of its shares of Common Stock as shall from time to time be sufficient to effect the conversion of all shares of the 5% Preferred (including shares of 5% Preferred issuable as dividends on shares of 5% Preferred) and the exercise of the Warrants (including Warrants issuable upon conversion of the 5% Preferred) (the "Reserved Amount"), and if at any time the number of authorized but unissued shares of Common Stock shall not be sufficient for such purposes, the Corporation will take such corporate action as may, in the opinion of its counsel, be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purposes, including, without limitation, engaging in best efforts to obtain the requisite Board of Directors and shareholder approval. The Reserved Amount shall be allocated to the holders of 5% Preferred as provided in this paragraph (i).

(B) Upon adoption of this Certificate of Designation by the Corporation's Board of Directors, the Corporation shall have reserved 15,500,000 (the "Initial Reserved Amount") authorized but unissued shares of Common Stock for issuance upon conversion of the 5% Preferred and exercise of the Warrants issuable upon conversion thereof. Subject to paragraphs (A) and (C) of this paragraph (i), the Initial Reserved Amount shall be reduced to the extent that the total amount of Common Stock issuable upon conversion of the Shares or the exercise of the Warrants (including Warrants issuable upon conversion of 5% Preferred) is reduced by the exercise or conversion, as the case may be, of such securities.

(C) Without limiting any of the foregoing, commencing October 1, 1997, if the Reserved Amount for any three (3) consecutive trading days (the last of such three (3) trading days being the "Authorization Trigger Date") shall be less than 150% of the number of shares of Common Stock issuable upon conversion of all shares of 5% Preferred (including shares of 5% Preferred which are issued as dividends on shares of 5% Preferred and shares of 5% Preferred issuable with respect to then accrued and unpaid dividends) and the exercise of all Warrants (including Warrants to be issuable upon conversion of the 5% Preferred) on such trading days, the Corporation shall immediately notify the holders of 5% Preferred and the Warrants of such occurrence and shall take immediate action (including seeking shareholder approval to authorize the issuance of additional shares of Common Stock) to increase the Reserved Amount to 150% of such number of shares of Common Stock. In the event the Corporation fails to so increase the Reserved Amount within ninety (90) days after an Authorization Trigger Date, each holder of 5% Preferred Stock shall thereafter have the option, exercisable in whole or in part at any time and from time to time by delivery of a Redemption Notice (as defined in Section 2(b)) to the Corporation, to require the Corporation to purchase for cash, in accordance with Section 2(b) as if the service of such Redemption Notice constituted a Redemption Event with respect to the Shares required to be purchased hereunder and as to which the Corporation could elect to make the required redemption with Common Stock under such Section 2(b), a portion of the holder's 5% Preferred such that, after giving effect to such purchase, the holder's allocated portion of the Reserved Amount exceeds 150% of such total number of shares of Common Stock allocable to such holder. If the Corporation fails to redeem any of such Shares within five (5) business days after its receipt of a Redemption Notice, then such holder shall be entitled to the remedies provided in Section 2(b)(iii) as if such failure constituted a Redemption Default.

(D) The Initial Reserved Amount, the Reserved Amount and each increase to the Reserved Amount shall be allocated pro rata among the holders of 5% Preferred based on the number of shares of 5% Preferred and Warrants held by each holder at the time of the establishment of or increase in the Initial Reserved Amount or Reserved Amount, as the case may be. In the event a holder shall sell or otherwise transfer any of such holders shares of 5% Preferred or Warrants, each transferee shall be allocated a pro rata portion of such transferor's Initial Reserved Amount or Reserved Amount. Any portion of the Initial Reserved Amount or Reserved Amount which remains allocated to any person or entity which does not hold any 5% Preferred Stock or Warrants shall be allocated to the remaining holders of shares of 5% Preferred Stock and Warrants, pro rata on the number of shares of 5% Preferred and Warrants then held by such holders.

(j) Fractional Shares. No fractional shares or fractional Warrants shall be issued upon the conversion of any share or shares of 5% Preferred. All shares of Common Stock and Warrants (including fractions thereof) issuable upon conversion of more than one share of 5% Preferred by a holder thereof shall be aggregated for purposes of determining whether the conversion would result in the issuance of any fractional share. If, after the aforementioned aggregation, the conversion would result in the issuance of a fraction of a share of Common Stock or a fractional Warrant, the Corporation shall, in lieu of issuing any such fraction, pay the holder otherwise entitled to such fraction a sum in cash equal to the fair market value of such fraction on the date of conversion (as determined in good faith by the Board of Directors of the Corporation).

(k) Notices. Any notice or other communication required or permitted to be given hereunder shall be in writing and shall be effective (a) upon hand delivery or delivery by telecopy or facsimile at the address or number designated below (if delivered on a business day during normal business hours where such notice is to be received), or the first business day following such delivery (if delivered other than on a business day during normal business hours where such notice is to be received) or (b) on the second business day following the date of mailing by express courier service, fully prepaid, addressed to such address, or upon actual receipt of such mailing, whichever shall first occur. The addresses for such communications shall be the addresses set forth for the applicable party in the Securities Purchase Agreements. Any party entitled to notice hereunder may from time to time change its address for notices by giving at least 10 days' written notice of such changed address to the other parties subject to the notice provisions hereof. This paragraph shall not affect the provisions of Section 4 hereof with respect to conversion and the mechanics thereof.

(l) Reorganization or Merger. In case of any reorganization or any reclassification of the capital stock of the Corporation or any consolidation or merger of the Corporation with or into any other corporation or corporations or a sale of all or substantially all of the assets of the Corporation to any other person, then, as part of such reorganization, consolidation, merger or sale, provision shall be made so that each share of 5% Preferred shall thereafter be convertible into the number of shares of stock or other securities or property (including cash) to which a holder of the number of shares of Common Stock issuable upon conversion of such share of 5% Preferred (including shares of Common Stock issuable upon exercise of Warrants issuable upon conversion of such share of 5% Preferred) would have been entitled upon the record date of (or date of, if no record date is fixed) such event (without giving effect to any of the provisions contained herein or in the Securities Purchase Agreement or the Warrants which limit or restrict conversion of Shares or exercise of Warrants) and, in any case, appropriate adjustment (as determined by the Board of Directors) shall be made in the application of the provisions herein set forth with respect to the rights and interests thereafter of the holders of the 5% Preferred, to the end that the provisions set forth herein shall thereafter be applicable, as nearly as equivalent as is practicable, in relation to any shares of stock or the securities or property (including cash) thereafter deliverable upon the conversion of the shares of 5% Preferred.

(m) Conversion Default Payments. If, at any time, (x) a holder of shares of 5% Preferred submits a Notice of Conversion and the Corporation fails for any reason (other than because such issuance would exceed such holder's allocated portion of the Reserved Amount, for which failure the holders shall have the remedies set forth in Section 4(i)) to deliver, on or prior to the fourth business day following the expiration of the Delivery Period for such conversion, the shares of Common Stock to which such holder is entitled upon such conversion, or (y) the Corporation provides notice to any holder of 5% Preferred at any time of its intention not to issue shares of Common Stock upon exercise by any holder of its conversion rights in accordance with the terms of these 5% Preferred other than because such issuance would exceed such holder's allocated portion of the Reserved Amount (each of (x) and (y) being a "Conversion Default"), then the Corporation shall pay to the affected holder, in the case of a Conversion Default described in clause (x) above, and to all holders of 5% Preferred, in the case of a Conversion Default described in clause (y) above, payments for the first ten (10) business days following the expiration of the Delivery Period, in the case of a Conversion Default described in clause (x), and for the first ten (10) business days of any other Conversion Default, an amount equal to \$1,000 per day. In the event any Conversion Default continues beyond such ten (10) business day period, the Corporation shall pay to the applicable holder(s) (consistent with the foregoing) an additional cash amount equal to one percent (1%) per day of the liquidation preference on the Shares submitted for conversion in the case of clause (x) above and of the holder's outstanding shares of 5% Preferred in the case of clause (y) above. In addition, notwithstanding anything to the contrary set forth herein, in the event of a Conversion Default, the Conversion Price with respect to each share of 5% Preferred shall be equal to the lowest Conversion Price (assuming an Applicable Percentage of 27% and, without implication that the contrary would otherwise be true, giving effect to the Conversion Cap, if applicable) on any date from the commencement of such Conversion Default through the date on which such share is actually converted.

(n) Retention of Rights as Holder of Shares of 5% Preferred. If a holder has not received certificates for all shares of Common Stock prior to the tenth (10th) business day after the expiration of the Delivery Period with respect to a conversion of shares of 5% Preferred for any reason, then the Corporation shall, as soon as practicable, return such unconverted shares of 5% Preferred Stock to the holder and (unless the holder otherwise elects to retain its status as a holder of Common Stock) the holder shall be deemed to retain the rights of a holder of shares of 5% Preferred with respect to such Shares. In all cases, the holder shall retain all of its rights and remedies (including, without limitation, the right to receive Conversion Default payments pursuant to paragraph 4(m) above to the extent required thereby as a result of such Conversion Default and any subsequent Conversion Default).

5. OTHER PROVISIONS. For all purposes of this Resolution, the terms "date of issuance" and "closing date" shall mean the day on which shares of the 5% Preferred are first issued by the Corporation, and the terms "trading price", "low trading price", "closing price", "last trade price", and "trading days" shall have the meanings given them in Section 4(d) hereof. Any provision herein which conflicts with or violates any applicable usury law shall be deemed modified to the extent necessary to avoid such conflict or violation.

6. RESTRICTIONS AND LIMITATIONS. So long as any shares of 5% Preferred Stock are outstanding, the Corporation shall not, without first obtaining the prior approval of the holders of at least two-thirds of the then outstanding shares of 5% Preferred:

(a) alter or change the rights preferences or privileges of the 5% Preferred;

(b) alter or change the rights, preferences or privileges of any capital stock of the Corporation so as to affect adversely the 5% Preferred;

(c) create any new class or series of capital stock on parity with or having a preference over the 5% Preferred as to dividends or as to distribution of assets upon liquidation, dissolution or winding up of the Corporation;

(d) increase the authorized number of shares of 5% Preferred;

(e) issue any shares of 5% Preferred other than pursuant to the Securities Purchase Agreements;

(f) redeem or declare or pay any dividend or distribution with respect to the Corporation's Common Stock during the first two years following the closing date or redeem, or declare or pay any cash dividend or distribution on, any capital stock of the Corporation ranking junior to the 5% Preferred as to dividends or as to distribution of assets upon liquidation, dissolution or winding up of the Corporation (including the Common Stock); or

(g) enter into (or agree to enter into) a consolidation or merger of the Corporation with or into any other corporation or corporations, or a sale of all or substantially all of the assets of the Corporation.

If holders of at least two-thirds of the then outstanding shares of 5% Preferred agree to allow the Corporation to alter or change the rights, preferences or privileges of the shares of 5% Preferred pursuant to subsection (a) above, then the Corporation shall deliver notice of such approved change to the holders of the 5% Preferred that did not agree to such alteration or change (the "Dissenting Holders") and the Dissenting Holders shall have the right, for a period of thirty (30) days, to convert all of their shares of 5% Preferred pursuant to the terms of these 5% Preferred as they existed prior to such alteration or change or to continue to hold their shares of 5% Preferred.

7. VOTING RIGHTS. Except as provided herein or as provided for by law, the 5% Preferred shall have no voting rights.

8. ATTORNEYS' FEES. Any holder of 5% Preferred shall be entitled to recover from the Corporation the reasonable attorneys' fees and expenses incurred by such holder in connection with enforcement by such holder of any obligation of the Corporation hereunder.

9. LOST OR STOLEN CERTIFICATES. Upon receipt by the Corporation of (i) evidence of the loss, theft, destruction or mutilation of any certificate(s) for the 5% Preferred and (ii)(y) in the case of loss, theft or destruction, of indemnity reasonably satisfactory to the Corporation, or (z) in the case of mutilation, upon surrender and cancellation of the certificate(s) for the 5% Preferred, the Corporation shall execute and deliver new certificate(s) for the 5% Preferred of like tenor and date. However, the Corporation shall not be obligated to reissue such lost or stolen Certificate(s) if the holder contemporaneously requests the Corporation to convert all such shares 5% Preferred covered by such certificate(s).

10. SPECIAL LIMITATIONS. Notwithstanding anything to the contrary contained herein, shares of 5% Preferred shall not be convertible pursuant to Sections 2(b) or 3 hereof to the extent that, if converted with respect to a holder thereof, such holder would beneficially own in excess of 4.9% of the outstanding shares of Common Stock. To the extent the above limitation applies, the determination of whether Shares shall be convertible (vis-a-vis other securities owned by such holder) and of which Shares shall be convertible shall be in the sole discretion of the holder thereof and submission of shares of 5% Preferred for conversion shall be deemed to be the holder's determination of whether Shares are convertible (vis-a-vis other securities owned by such holder) and of which Shares are convertible, subject to such aggregate percentage limitation. No prior inability to convert Shares pursuant to this paragraph shall have any effect on the applicability of the provisions of this paragraph with respect to any subsequent determination of convertibility. For the purposes of this Section, beneficial ownership and all calculations, including without limitation, with respect to calculations of percentage ownership shall be determined in accordance with Section 13(d). The provisions of this Section may be waived and/or implemented in a manner otherwise than strictly in conformity with the foregoing provisions of this Section 10 with the approval of the Board of Directors of the Corporation and the holders of three quarters in interest in the then outstanding Shares and Warrants (voting together as a single class):

(i) with respect to any matter to cure any ambiguity herein, to correct this Section (or any portion hereof) which may be defective or inconsistent with the intended 4.9% beneficial ownership limitation herein contained or to make changes or supplements necessary or desirable to properly give effect to such 4.9% limitation; and

(ii) with respect to any other matter, with the further consent of the holders of a majority of the then outstanding shares of Common Stock. A holder of Shares shall not take unreasonable actions for the intended primary purpose of causing the Corporation to be unable to convert Shares as a result of the limitations contained within this Section 10.

11. SPECIFIC ENFORCEMENT. No provision of this Certificate of Designation providing for any remedy to a holder of 5% Preferred shall limit any remedy which would otherwise be available to such holder at law or in equity. Irreparable damage would occur in the event that any of the provisions of this Certificate of Designation or the other agreements, documents or instruments contemplated hereby (collectively, the "Transaction Documents") were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that each holder of shares of 5% Preferred shall be entitled to an injunction or injunctions to prevent or cure breaches of the provisions of the Transaction Documents and to enforce specifically the terms and provisions thereof, this being in addition to any other remedy to which each holder of shares of 5% Preferred may be entitled by law or equity. No provision of any Transaction Documents providing for any remedy to a holder of shares of 5% Preferred shall limit any remedy which would otherwise be available to such holder at law or in equity.

12. TRANSFERABILITY. The Shares may be transferred by the holder pursuant to an exempt transaction (and the holder shall not be required to provide the Corporation with an opinion of counsel in the case of a transfer to an affiliate) or pursuant to a registration statement under the Act.

13. WARRANTS. The terms and conditions of the Warrants and the form of certificates representing the Warrants shall be as attached hereto."

IN WITNESS WHEREOF, the undersigned has caused this Certificate of Designation of 5% Adjustable Convertible Class C Preferred Stock to be duly executed by its Chief Financial Officer and Secretary this 22nd day of April, 1997.

STOCK PURCHASE WARRANT

WARRANT TO PURCHASE _____ SHARES OF COMMON STOCK

ISSUE DATE: _____

EXPIRATION: UNLESS EARLIER EXERCISED OR TERMINATED AS HEREIN PROVIDED, THIS WARRANT SHALL EXPIRE AT 5:00 PM., PACIFIC TIME, ON THE FIFTH ANNIVERSARY OF THE CLOSING DATE DEFINED IN THE RESOLUTION ESTABLISHING THE PREFERENCES OF THE 5% ADJUSTABLE CONVERTIBLE CLASS "C" PREFERRED STOCK OF THE COMPANY

TECHNICLONE CORPORATION

This certifies that _____, the registered holder hereof or assigns (the "Warrantholder") is entitled to purchase from Techniclone Corporation, a Delaware corporation (the "Company"), at any time after March 24, 1998 and before 5:00 PM Pacific Time on the fifth anniversary of the closing date as defined in Section 5 of the Resolution establishing the preferences of the 5% Adjustable Convertible Class "C" Preferred Stock of the Company (the "Expiration Time") at the purchase price per share determined pursuant to Section 1.4 hereof (the "Warrant Price"), the number of shares shown above. Notwithstanding the foregoing, the Expiration Time shall be extended for 30 days with respect to any Warrants acquired upon conversion of any such shares of Preferred Stock within 30 days prior to such fifth anniversary. The number of shares purchasable upon exercise of this Warrant and the Warrant Price per share shall be subject to adjustment from time to time as set forth below.

SECTION 1. TRANSFERABILITY AND FORM OF WARRANT.

1.1 REGISTRATION. This Warrant shall be numbered and shall be registered on the books of the Company.

1.2 TRANSFER. This Warrant shall be transferable on the books of the Company only upon delivery thereof duly endorsed by the Warrantholder or its duly authorized attorney or representative, accompanied by proper evidence of succession, assignment or authority to transfer. Upon any registration of transfer, the Company shall execute and deliver a new Warrant to the person entitled thereto. This Warrant may be divided or combined, upon request to the Company by the Warrantholder, into a certificate or certificates representing the right to purchase the same aggregate number of shares. Unless the context indicates otherwise, the term "Warrantholder" shall include any transferee or transferees of a Warrant and the term "Warrant" shall include any and all warrants issued upon division, exchange, substitution or transfer of this Warrant.

1.3 FORM OF WARRANT. The Warrant shall be executed on behalf of the Company by its President, Vice President or other authorized officer, and shall be dated as of the date of signature thereof by the Company either upon initial issuance or upon division, exchange, substitution or transfer. A Warrant bearing the signature of an individual who was at any time the proper officer of the Company shall bind the Company, notwithstanding that such individual shall have ceased to hold such office prior to the delivery of such Warrant.

1.4 WARRANT PRICE. The initial purchase price per share at which shares of Common Stock may be purchased upon exercise of this Warrant (the "Warrant Price") shall be 110% of the Conversion Cap as determined pursuant to Section 4(d)(iii) of the Resolution establishing the preferences of the 5% Adjustable Convertible Class "C" Preferred Stock of the Company, as contained in the Certificate of Designations of such Preferred Stock filed by the Company with the Delaware Secretary of State. If this Warrant shall be issued prior to determination of the Warrant Price as aforesaid, upon such determination this Warrant shall be deemed to incorporate the Warrant Price as so determined.

SECTION 2. PAYMENT OF TAXES.

The Company will pay all documentary stamp taxes, if any, attributable to the initial issuance of shares to the Warrantholder; provided, however, that the Company shall not be required to pay any tax or taxes which may be payable in respect of any secondary transfer of the Warrant or the shares.

SECTION 3. MUTILATED OR MISSING WARRANTS.

In case this Warrant shall be mutilated, lost, stolen or destroyed, the Company shall, at the request of the Warrantholder, issue and deliver in exchange and substitution for and upon cancellation of the mutilated Warrant, or in lieu of and in substitution for the lost, stolen or destroyed Warrant, a new Warrant of like tenor, but only upon receipt of evidence satisfactory to the Company of such loss, theft or destruction of such Warrant. The applicant shall also comply with such other reasonable regulations and pay such other reasonable administrative charges as the Company may prescribe.

SECTION 4. RESERVATION OF SHARES.

There has been reserved, and the Company shall at all times keep reserved so long as this Warrant remains outstanding, out of its authorized shares of capital stock, such number and class of shares as shall be subject to purchase under this Warrant and such reserved shares shall be used solely for issuances upon exercise of this Warrant.

SECTION 5. EXERCISE OF WARRANT.

5.1 EXERCISE. Prior to the Expiration Time the Holder of this Warrant shall have the right at any time and from time to time to exercise this Warrant in full or in part by surrender of this Warrant to the Company accompanied by payment to the Company in cash or by certified or cashier's check or by wire transfer of funds of the aggregate Warrant Price for the number of shares in respect of which this Warrant is then exercised. If the Issue Date is prior to the determination of the Warrant Price, this Warrant may not be exercised until the Warrant Price has been determined. In addition, and notwithstanding anything to the contrary contained in this Warrant, this Warrant may be exercised by presentation and surrender of this Warrant to the Company with a written notice of the holder's intention to effect a cashless exercise, including a calculation of the number of shares of Common Stock to be issued upon such exercise in accordance with the terms hereof (a "Cashless Exercise"). In the event of a Cashless Exercise, in lieu of paying the Warrant Price in cash, the holder shall surrender this Warrant for, and the Company shall issue in respect thereof, that number of shares of Common Stock determined by multiplying the number of shares of Common Stock to which the holder would otherwise be entitled upon a cash exercise hereof by a fraction, the numerator of which shall be the difference between the then Current Market Price (as herein defined) and the Warrant Price, and the denominator of which shall be the then Current Market Price.

5.2 DELIVERY OF CERTIFICATES. Upon exercise of this Warrant the Company shall issue and cause to be delivered with all reasonable dispatch to or upon the written order of the Warrantholder and in such name or names as the Warrantholder may designate, a certificate or certificates for the number of full shares issuable upon such exercise together with cash, as provided in Section 7 hereof, in respect of any fractional shares. The Company shall effect such issuance immediately and shall transmit the certificates by messenger or overnight delivery service to reach the address designated by the Warrantholder within two business days after receipt of the Warrant Price or, in the case of a Cashless Exercise, after the receipt of the Warrant. Such certificate or certificates shall be deemed to have been issued and any person so designated to be named therein shall be deemed to have become a holder of record of such shares as of the date of surrender of the Warrant and, to the extent applicable, payment of the Warrant Price, as aforesaid, notwithstanding that the certificates representing such shares shall not actually have been delivered or that the stock transfer books of the Company shall then be closed. In the event of partial exercise a new Warrant evidencing the remaining portion of this Warrant will be issued by the Company.

SECTION 6. ADJUSTMENT OF WARRANT PRICE AND NUMBER OF SHARES.

6.1 ADJUSTMENTS. The number and kind of securities purchasable upon the exercise of the Warrants and the Warrant Price shall be subject to adjustment from time to time upon the happening of certain events, as follows:

(a) In case the Company shall (i) pay a dividend in shares of Common Stock or make a distribution in shares of Common Stock, (ii) subdivide its outstanding shares of Common Stock, (iii) combine its outstanding shares of Common Stock into a smaller number of shares of Common Stock or (iv) issue by reclassification of its Common Stock other securities of the Company, the number of shares purchasable upon exercise of the Warrants immediately prior thereto shall be adjusted so that the Warrantholder shall be entitled to receive the kind and number of shares or other securities of the Company which it would have owned or would have been entitled to receive after the happening of any of the events described above, had the Warrants been exercised immediately prior to the happening of such event or any record date with respect thereto. Any adjustment made pursuant to this paragraph (a) shall become effective immediately after the effective date of such event retroactive to the record date, if any, for such event.

(b) In case the Company shall issue rights, options, warrants or convertible securities to all or substantially all holders of its Common Stock, without any charge to such holders, entitling them to subscribe for or to purchase shares of Common Stock at a price per share which is lower at the record date mentioned below than the then Current Market Price (as defined in Section 7), the number of shares thereafter purchasable upon the exercise of the Warrants shall be determined by multiplying the number of shares theretofore purchasable upon exercise of each Warrant by a fraction, of which the numerator shall be (1) the number of shares of Common Stock outstanding immediately prior to the issuance of such rights, options or warrants plus (2) the number of additional shares of Common Stock offered for subscription or purchase, and of which the denominator shall be (x) the number of shares of Common Stock outstanding immediately prior to the issuance of such rights, options or warrants plus (y) the number of shares which the aggregate offering price of the total number of shares offered would purchase at the Current Market Price. Such adjustment shall be made whenever such rights, options or warrants are issued, and shall become effective immediately and retroactively after the record date for the determination of shareholders entitled to receive such rights, options or warrants.

(c) In case the Company shall distribute to all or substantially all holders of its shares of Common Stock evidences of its indebtedness or assets (excluding non-extraordinary cash dividends or distributions out of current earnings) or rights, options, warrants or convertible securities containing the right to subscribe for or purchase shares of Common Stock (excluding those referred to in paragraph (b) above), then, in each case, the number of shares thereafter purchasable upon the exercise of the Warrants shall be determined by multiplying the number of shares theretofore purchasable upon exercise of the Warrants by a fraction, of which the numerator shall be the then Current Market Price on the date of such distribution, and of which the denominator shall be such Current Market Price on such date minus the then fair value of the portion of the assets or evidence of indebtedness so distributed or of such subscription rights, options or warrants applicable to one share. Such adjustment shall be made whenever any such distribution is made and shall become effective on the date of distribution retroactive to the record date for the determination of shareholders entitled to receive such distribution.

(d) If, at any time after the initial issuance of this Warrant, any event occurs of the type contemplated by the adjustment provisions of this Section 6.1 but not expressly provided for by such provisions, the Company's Board of Directors will make an appropriate adjustment in the Warrant Price and the number of shares of Common Stock acquirable upon exercise of this Warrant so that the rights of the holder shall be neither enhanced nor diminished by such event.

(e) No adjustment in the number of shares purchasable hereunder shall be required unless such adjustment would require an increase or decrease of at least one percent (1%) in the number of shares then purchasable upon the exercise of a Warrant; provided, however, that any adjustments which by reason of this paragraph (e) are not required to be made immediately shall be carried forward and taken into account in any subsequent adjustment. The adjustments set forth in this Section 6.1 shall be calculated and effected without regard to any limits on exercisability contained herein or in those certain Securities Purchase Agreements dated April 24, 1997 (the "Securities Purchase Agreements").

(f) Whenever the number of shares purchasable upon the exercise of a Warrant is adjusted as herein provided, the Warrant Price payable upon exercise of a Warrant shall be adjusted by multiplying such Warrant Price immediately prior to such adjustment by a fraction, of which the numerator shall be the number of shares purchasable upon the exercise of a Warrant immediately prior to such adjustment, and of which the denominator shall be the number of shares so purchasable immediately thereafter.

(g) Whenever the number of shares purchasable upon the exercise of a Warrant or the Warrant Price is adjusted as herein provided, the Company shall cause to be promptly mailed to the Warrantholder by first class mail, postage prepaid, notice of such adjustment or adjustments and a certificate of a firm of independent public accountants selected by the Board of Directors of the Company (who may be the regular accountants employed by the Company) setting forth the number of shares purchasable upon the exercise of a Warrant and the Warrant Price after such adjustment, together with a brief statement of the facts requiring such adjustment and the computation by which such adjustment was made.

(h) The term "Common Stock" shall mean (i) the class of stock designated as the Common Stock of the Company at the issue date of this Warrant or (ii) any other class of stock resulting from successive changes or reclassifications of such Common Stock. In the event that at any time, as a result of an adjustment made pursuant to this Section, the Warrantholder shall become entitled to purchase any securities other than shares of Common Stock, thereafter the number of such other securities so purchasable upon exercise of the Warrant and the Warrant Price of such securities shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the shares contained in this Section.

6.2 NO ADJUSTMENT FOR DIVIDENDS. Except as provided in Subsection 6.1, no adjustment in respect of any dividends shall be made during the term of the Warrant or upon the exercise of the Warrant.

6.3 PRESERVATION OF PURCHASE RIGHTS UPON RECLASSIFICATION, CONSOLIDATION, ETC. In case of any reclassification of the securities of the Company or any consolidation of the Company with or merger of the Company into another corporation or in case of any sale or conveyance to another corporation of the property, assets or business of the Company as an entirety or substantially as an entirety, the Company or such successor or purchasing corporation, as the case may be, shall provide by agreement that the Warrantholder shall have the right thereafter upon payment of the Warrant Price in effect immediately prior to such action to purchase upon exercise of the Warrant the kind and amount of shares and other securities and property which he would have owned or have been entitled to receive after the happening of such reclassification, consolidation, merger, sale or conveyance had the Warrant been exercised (without regard to any limitations on exercise contained herein or the Securities Purchase Agreements) immediately prior to such action. Such agreement shall provide for adjustments, which shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section. The provisions of this subsection shall similarly apply to successive reclassifications, consolidations, mergers, sales or conveyances.

6.4 STATEMENT ON WARRANT CERTIFICATES. Irrespective of any adjustments in the Warrant Price or the number of securities purchasable upon the exercise of the Warrant, the Warrant certificate or certificates theretofore or thereafter issued may continue to express the same price and number of securities as are stated in the similar Warrant certificates initially issuable pursuant to this Agreement.

SECTION 7. FRACTIONAL INTERESTS; CURRENT MARKET PRICE; CLOSING BID PRICE.

The Company shall not be required to issue fractional shares on the exercise of the Warrant. If any fraction of a share would, except for the provisions of this Section, be issuable on the exercise of the Warrant (or specified portion thereof), the Company shall pay an amount in cash equal to the then Current Market Price multiplied by such fraction. The term "Current Market Price" shall mean (i) if the Common Stock is traded in the over-the-counter market or on the National Association of Securities Dealers, Inc. Automated Quotations System ("NASDAQ"), the average per share closing bid prices of the Common Stock on the 20 consecutive trading days immediately preceding the date in question, as reported by NASDAQ or an equivalent generally accepted reporting service, or (ii) if the Common Stock is traded on a national securities exchange, the average for the 20 consecutive trading days immediately preceding the date in question of the daily per share closing bid prices of the Common Stock on the principal stock exchange on which it is listed, as the case may be, or (iii) if the Common Stock is not so listed or traded, the fair market value of the Common Stock as reasonably determined in good faith by the Board of Directors of the Company. The term "closing bid price" shall mean the last bid price on the day in question as reported by NASDAQ or an equivalent generally accepted reporting service or (as the case may be) as reported by the principal stock exchange on which the Common Stock is listed, or if not so reported, as reasonably determined in good faith by the Board of Directors of the Company.

SECTION 8. NO RIGHTS AS SHAREHOLDER; NOTICES TO WARRANTHOLDER.

Nothing contained herein shall be construed as conferring upon the Warrantholder any rights whatsoever as a shareholder of the Company, including the right to vote, to receive dividends, to consent or to receive notices as a shareholder in respect of any meeting of shareholders for the election of directors of the Company or any other matter. If, however, at any time prior to the expiration of the Warrant and prior to its exercise, any of the following events shall occur:

(a) any action which would require an adjustment pursuant to Sections 6.1 or 6.3 (excluding 6.1(a)(i) and 6.1(a)(ii)); or

(b) a dissolution, liquidation or winding up of the Company (other than in connection with a consolidation, merger or sale of its property, assets and business, as an entirety) shall be proposed;

then in any one or more of said events, the Company shall give notice in writing of such event to the Warrantholder at least 20 days prior to the date fixed as a record date or the date of closing the transfer books or other applicable date with respect thereto. Such notice shall specify such record date or the date of closing the transfer books or such other applicable date, as the case may be.

Any notice to the Warrantholder shall be given at the address of the Warrantholder appearing on the books of the Company, and if the Warrantholder has specified a telecopier address, by facsimile transmission to such address.

SECTION 9. REDEMPTION.

At any time after the Warrant Price has been determined, the Company may call this Warrant (together with all other Warrants of like tenor) for redemption at \$0.01 per share covered hereby if the closing bid price of the Common Stock for each of the twenty trading days immediately preceding the redemption date has equaled or exceeded 150% of the Warrant Price. Written notice of such call shall be given to the Warrantholder as provided in Section 8 hereof at least 20 days but not more than 30 days prior to the date fixed for redemption by the Company. If on the date fixed for redemption, the conditions specified herein have not been satisfied, such call shall be deemed a nullity and if the Warrantholder has exercised this Warrant on account of such call, such exercise may be rescinded at the election of the Warrantholder. The Company may call this Warrant for redemption only if resale of all of the Common Stock covered hereby is then registered under the Securities Act of 1933 and a current prospectus meeting the requirements of said Act and the rules thereunder is available for delivery by the Warrantholder, and if the Common Stock is listed or designated for quotation for trading on at least one of the NASDAQ Small Cap Market, the NASDAQ National Market, the New York Stock Exchange or the American Stock Exchange, and all such shares of Common Stock are then authorized for trading on one of such exchanges and registered under Section 12(b) or Section 12(g) of the Securities Exchange Act of 1934. Notwithstanding the foregoing, this Warrant may be exercised by the Warrantholder in accordance with Section 5 at any time on or before the date fixed for redemption by the Company. If the Company gives written notice of such call, then the limitations on resale contained in Section 3.3 of the Securities Purchase Agreements shall be of no further force or effect.

SECTION 10. LIMITATION ON EXERCISE.

Notwithstanding anything to the contrary contained herein, this Warrant shall not be exercisable by a holder hereof to the extent (but only to the extent) that, if exercisable by such holder, such holder would beneficially own in excess of 4.9% of the outstanding shares of Common Stock (or such other greater percentage indicated on the signature page to, or otherwise applicable to such holder pursuant to, the Securities Purchase Agreements with respect to such holder). To the extent the above limitation applies, the determination of whether this Warrant shall be exercisable vis-a-vis other securities owned by such holder, and to what extent this Warrant shall be exercised shall be in the sole discretion of the holder and submission of the Warrant for full or partial exercise shall be deemed to be the holder's determination of whether and the extent to which the Warrant is exercisable, in each case subject to such aggregate percentage limitation. No prior inability to exercise the Warrant pursuant to this Section shall have any effect on the applicability of the provisions of this Section with respect to any subsequent determination of exercisability. For the purposes of this provision, beneficial ownership and all calculations, including without limitation, with respect to calculations of percentage ownership shall be determined in accordance with Section 13(d) of the Securities Exchange Act of 1934, as amended, and Regulation 13 D and G thereunder (collectively "Section 13(d)"). The provisions of this Section may be amended with the approval of the Board of Directors of the Company and the holders of three-quarters in interest in the then outstanding shares of Preferred Stock and Warrants (voting together as a single class): (i) with respect to any matter to cure any ambiguity herein, to correct this Section (or any portion hereof) which may be defective or inconsistent with the intended 4.9% beneficial ownership limitation herein contained or to make changes or supplements necessary or desirable to properly give effect to such 4.9% limitation; and (ii) with respect to any other matter, with the further consent of the holders of a majority of the then outstanding shares of Common Stock. The limitations contained in this Section shall apply to a successor holder of Warrants if, and to the extent, elected by such successor holder concurrently with its acquisition of such Warrants, such election to be promptly confirmed in writing to the Company (provided no transfer or series of transfers to a successor holder or holders shall be used by a holder to evade the limitations contained in this Section).

SECTION 11. TERMINATION OF WARRANT.

11.1 If not theretofore exercised, this Warrant shall terminate at 5:00 p.m. Pacific time on the date fixed for redemption pursuant to Section 9 hereof if the conditions specified in said Section have been satisfied and the payments required by such Section have been made in full to the Warrantholder by the Company.

11.2 If the Issue Date of this Warrant is later than the date on which redemption of Warrants pursuant to Section 9 hereof has been completed, then this Warrant shall terminate at 5:00 p.m. Pacific time on the 30th day after the Issue Date (or if such 30th day is not a trading day, then on the next following trading day), if (i) the conditions set forth in the penultimate sentence of Section 9 are satisfied, and (ii) the closing bid price of the Common Stock for each of the five trading days preceding the Issue Date equaled or exceeded 150% of the Warrant Price.

SECTION 12. SUCCESSORS.

All the covenants and provisions of this Agreement by or for the benefit of the Company or the Warrantholder shall bind and inure to the benefit of their respective successors and assigns hereunder.

SECTION 13. MERGER OR CONSOLIDATION OF THE COMPANY.

The Company will not merge or consolidate with or into any other corporation or sell all or substantially all of its property to another corporation, unless the provisions of Section 6.3 are complied with.

SECTION 14. APPLICABLE LAW, SPECIFIC PERFORMANCE AND CONSENT TO JURISDICTION.

(a) This Warrant shall be deemed to be a contract made under the laws of the State of Delaware and for all purposes shall be construed in accordance with the laws of said State.

(b) The Company and the Warrantholder acknowledge and agree that irreparable damage would occur in the event that any of the provisions of this Warrant or the other agreements, documents or instruments contemplated hereby (collectively, the "Transaction Documents") were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent or cure breaches of the provisions of the Transaction Documents and to enforce specifically the terms and provisions thereof, this being in addition to any other remedy to which either of them may be entitled by law or equity. No provision of any Transaction Documents providing for any remedy to a Warrantholder shall limit any remedy which would otherwise be available to such Investor at law or in equity.

Each of Warrantholder (with respect to compliance by the Company with Section 4(2) of the Securities Act of 1933) and the Company (each an "Indemnitor") shall indemnify and hold harmless the other for a breach by the Indemnitor of its representations, warranties or obligations under any of the Transaction Documents.

(c) Each of the Company and the Warrantholder (i) hereby irrevocably submits to the jurisdiction of the United States District Court and other courts of the United States sitting in Delaware and the courts of the State of Delaware for the purposes of any suit, action or proceeding arising out of or relating to this Warrant and (ii) hereby waives, and agrees not to assert in any such suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of such court, that the suit, action or proceeding is brought in an inconvenient forum or that the venue of the suit, action or proceeding is improper. Each of the Company and the Warrantholder consents to process being served in any such suit, action or proceeding by mailing a copy thereof to such party at the address in effect for notices to it under this Warrant and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing in this paragraph shall affect or limit any right to serve process in any other manner permitted by law.

IN WITNESS WHEREOF, the Company has caused this Warrant to be executed by a duly authorized officer of the Company.

The Board of Directors is authorized, subject to limitations prescribed by law, to provide for the issuance of the shares of the remaining authorized shares of Preferred Stock in one or more series, and by filing a certificate pursuant to the applicable law of the State of Delaware, to establish from time to time the number of shares to be included in each such series, and to fix the designation, powers, preferences and rights of the shares of each such series and the qualifications, limitations or restrictions thereof. The authority of the Board with respect to each series shall include, but not be limited to, determination of the following:

(a) The number of shares constituting that series and the distinctive designation of that series;

(b) The dividend rate on the shares of that series, whether dividends shall be cumulative and, if so, from which date or dates, and the relative rights of priority, if any, of payment of dividends on shares of that series;

(g) The rights of the shares of that series in the event of voluntary or involuntary liquidation, dissolution or winding up of the Corporation, and the relative rights of priority, if any, of payment of shares of that series.

The designations, powers, preferences and relative, participating, optional or other special rights and qualifications, limitations and restrictions thereof in respect of the Class B Convertible Preferred Stock are as follows:

SECTION 1. DETERMINATION AND AMOUNT. The shares of such series shall be designated as "Class B Convertible Preferred Stock" (the "Class B Convertible Preferred Stock") and the number of shares constituting the Class B Convertible Preferred Stock shall be Five Thousand (5,000). Such number of shares may be increased or decreased by resolution of the Board of Directors; provided, that no decrease shall reduce the number of shares of Class B Convertible Preferred Stock to a number less than the number of shares then outstanding plus the number of shares reserved for issuance upon the exercise of outstanding options, rights or warrants to acquire shares of Class B Convertible Preferred Stock or upon the conversion of any outstanding securities issued by the Corporation convertible into Class B Convertible Preferred Stock.

SECTION 2. RANK. The Class B Convertible Preferred Stock shall rank: (i) junior to any other class or series of capital stock of the Corporation hereafter created specifically ranking by its terms senior to the Class B Convertible Preferred Stock (collectively, the "Senior Securities"); (ii) prior to all of the Corporation's Common Stock ("Common Stock"); (iii) prior to any class or series of capital stock of the Corporation hereafter created specifically ranking by its terms junior to any Class B Convertible Preferred Stock of whatever subdivision (collectively, with the Common Stock, "Junior Securities"); (iv) on parity with any class or series of capital stock of the Corporation hereafter created specifically ranking by its terms on parity with the Class B Convertible Preferred Stock ("Parity Securities") in each case as to distributions of assets upon liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary (all such distributions being referred to collectively as "Distributions").

SECTION 3. DIVIDENDS. The holders of the Class B Convertible Preferred Stock ("Holders") shall not be entitled to receive cash dividends on the Class B Convertible Preferred Stock.

SECTION 4. LIQUIDATION PREFERENCE.

(a) In the event of any liquidation, dissolution or winding up of the Corporation, either voluntary or involuntary, the Holders of shares of Class B Convertible Preferred Stock shall be entitled to receive, immediately after any distributions to Senior Securities required by the Corporation's Certificate of Incorporation, as amended and restated, or any certificate of designation of preferences, and prior and in preference to any distribution to Junior Securities but in parity with any distribution of Parity Securities, an amount per share equal to the sum of (i) One Thousand Dollars (\$1,000) for each outstanding share of Class B Convertible Preferred Stock (the "Original Class B Issue Price") and (ii) an amount equal to ten percent (10%) of the Original Class B Issue Price per annum for the period that has passed since the date of issuance of any Class B Convertible Preferred Stock (such amount being referred to herein as the "Premium"). If upon the occurrence of such event, and after payment in full of the preferential amounts with respect to the Senior Securities, the assets and funds thus distributed among the Holders of the Class B Convertible Preferred Stock and Parity Securities, respectively, then the entire assets and funds of the Corporation legally available for distribution shall be distributed among the Holders of the Class B Convertible Preferred Stock and the Parity Securities, pro rata, based on the respective liquidation amounts to which each such series of stock is entitled by the Corporation's Certificate of Incorporation, as amended and restated, and any certificate of designation of preferences.

(b) Upon the completion of the distribution required by subsection 4(a), if assets remain in this Corporation, they shall be distributed to holders of Junior Securities in accordance with the Corporation's Certificate of Incorporation, as amended, including any duly adopted certificate(s) of designation of preferences.

(c) A consolidation or merger of the Corporation with or into any other corporation or corporations, or a sale, conveyance or disposition of all or substantially all of the assets of the Corporation or the effectuation by the Corporation of a transaction or series of related transactions in which more than fifty percent (50%) of the voting power of the Corporation is disposed of (collectively referred to as a "Change in Control Transaction"), shall be deemed to be a liquidation, dissolution or winding up within the meaning of this Section 4; provided, however, that the Corporation shall provide written notice to the Holders of the Class B Convertible Preferred Stock of a Change in Control Transaction and the Holders of the Class B Convertible Preferred Stock shall be entitled to convert the Class B Convertible Preferred Stock held by such Holder pursuant to the provisions of Section 5 hereof, at any time before five (5) days prior to any Change in Control Transaction.

SECTION 5. CONVERSION. The record Holders of this Class B Convertible Preferred Stock shall have conversion rights as follows (the "Conversion Rights"):

(A) RIGHT TO CONVERT. Immediately after the date of the last closing of a sale and purchase of Class B Convertible Preferred Stock, which date shall not be later than January 15, 1996, (the "Last Closing Date"), continuing through the first 90 days, each record Holder of Class B Convertible Preferred Stock shall be entitled and subject to the Corporation's right of redemption set forth in Section 6(a) and Section 6(b), at the office of the Corporation or the transfer agent for the Class B Convertible Preferred Stock, to convert portions of the Class B Convertible Preferred Stock held by such Holder (but only in multiples of Fifty Thousand Dollars (\$50,000)) into that number of fully-paid and non-assessable shares of Common Stock of the Corporation calculated in accordance with the following formula:

110% of the Fixed Conversion Price (as defined herein).

Beginning 91 days after the last closing date, each record Holder of Class B Convertible Preferred Stock shall be entitled (at the times and in the amounts set forth below), and, subject to the Corporation's right of redemption set forth in Section 6(a) and Section 6(b), at the office of the Corporation or the transfer agent for the Class B Convertible Preferred Stock, to convert portions of the Class B Convertible Preferred Stock held by such Holder (but only in multiples of Fifty Thousand Dollars (\$50,000)) into that number of fully-paid and non-assessable shares of Common Stock of the Corporation calculated in accordance with the following formula (the "Conversion Rate"):

Number of shares issued upon conversion of one share of Class B Convertible Preferred Stock

$$= \frac{(.10 (N/365) (1,000) + 1,000}{\text{Conversion Price}}$$

where,

N = the number of days between (i) the last closing date, as defined herein, and (ii) the applicable date of conversion for the shares of Class B Convertible Preferred Stock for which conversion is being elected, and

Conversion Price = the lesser of (x) the average Closing Bid Price, as that term is defined below, for the five trading days ending on December 8, 1995 (which amount is \$3.06875 and is referred to herein as the "Fixed Conversion Price"), or (y) X times the average Closing Bid Price, as that term is defined below, of the Corporation's Common Stock for the five (5) trading days immediately preceding the Date of Conversion, as defined below, where X shall equal $.85 + (1 - (\text{the average Closing Bid Price of the Corporation's Common Stock for the five (5) trading days immediately preceding the Date of Conversion, as that term is defined below, divided by the average Closing Bid Price of the Corporation's Common Stock for the ten (10) trading days immediately preceding the Date of Conversion}))$; provided that, in no event shall X be less than .85 or greater than 1.0.

For purposes hereof, the term "Closing Bid Price" shall mean the closing bid price on the over-the-counter market as reported by NASDAQ, or if then traded on a national securities exchange, the NASDAQ Small Cap or the National Market System, the closing bid price on the principal national securities exchange, the NASDAQ Small Cap or the National Market System which it is so traded.

(B) MECHANICS OF CONVERSION. In order to convert Class B Convertible Preferred Stock into full shares of Common Stock, the Holder shall (i) fax a copy of the fully executed notice of conversion in the form attached hereto ("Notice of Conversion") to the Company at such office that he elects to convert the same, which Notice of Conversion shall specify the number of shares of Class B Convertible Preferred Stock to be converted and shall contain a calculation of the Conversion Rate (together with a copy of the first page of each certificate to be converted) to the Company or its designated transfer agent prior to Midnight, New York City time (the "Conversion Notice Deadline") on the date of conversion specified on the Notice of Conversion and (ii) surrender the original certificate or certificates therefor, duly endorsed, and the original Notice of Conversion no later than the close of business (New York City time) the next business day to a common courier, for either overnight courier or 2-day courier, to the office of the Company and any transfer agent for the Class B Convertible Preferred Stock; provided, however, that the Company shall not be obligated to issue certificates evidencing the shares of Common Stock issuable upon such conversion unless either the certificates evidencing such Class B Convertible Preferred Stock are delivered to the Company or its transfer agent as provided above, or the Holder notifies the Company or its transfer agent that such certificates have been lost, stolen or destroyed.

(I) LOST OR STOLEN CERTIFICATES. Upon receipt by the Company of evidence of the loss, theft, destruction or mutilation of a certificate or certificates ("Stock Certificates") representing shares of Class B Convertible Preferred Stock, and (in the case of loss, theft or destruction) of indemnity or security reasonably satisfactory to the Company, and upon surrender and cancellation of the Stock Certificate(s), if mutilated, the Company shall execute and deliver new Stock Certificate(s) of like tenor and date.

(II) NO FRACTIONAL SHARES. If any conversion of the Class B Convertible Preferred Stock would create a fractional share of Common Stock or a right to acquire a fractional share of Common Stock, such fractional share shall be disregarded and the number of shares of Common Stock issuable upon conversion shall be the next higher number of shares. In the case of a dispute as to the calculation of the Conversion Rate, the Company's calculation shall be deemed conclusive absent manifest error.

(III) COMPANY TO REISSUE/DELIVER SHARES. The Company shall use all reasonable efforts to issue and deliver within three (3) business days after delivery to the Company of such certificates, or after such agreement and indemnification, to such Holder of Class B Convertible Preferred Stock at the address of the Holder on the Books of the Company, a certificate or certificates for the number of shares of Common Stock to which the Holder shall be entitled as aforesaid.

(IV) DATE OF CONVERSION. The date on which conversion occurs (the "Date of Conversion") shall be deemed to be the date set forth in such Notice of Conversion, provided (i) that the advance copy of the Notice of Conversion is faxed to the Company before midnight, New York City time, on the Date of Conversion, and (ii) that the original Stock Certificates representing the shares of Class B Convertible Preferred Stock to be converted are surrendered no later than the close of business (New York City time) the next business day to a common courier for overnight or 2-day delivery, and received by the transfer agent or the Company within five (5) business days thereafter. If the original Stock Certificates representing the Class B Convertible Preferred Stock to be converted are not received by the transfer agent or the Company within five (5) business days after the Date of Conversion or if the facsimile of the Notice of Conversion is not received by the Company or its designated transfer agent prior to the Conversion Notice Deadline, the Notice of Conversion, at the Company's option, may be declared null and void.

(V) The person or persons entitled to receive the shares of Common Stock issuable upon such conversion shall be treated for all purposes as the record holder or holders of such shares of Common Stock on such date.

Following conversion of shares of Class B Convertible Preferred Stock, such shares of Class B Convertible Preferred Stock will no longer be outstanding.

(C) RESERVATION OF STOCK ISSUABLE UPON CONVERSION. The Corporation shall at all times reserve and keep available out of its authorized but unissued shares of Common Stock, solely for the purpose of effecting the conversion of the Class B Convertible Preferred Stock, such number of its shares of Common Stock as shall from time to time be sufficient to effect the conversion of all then outstanding Class B Convertible Preferred Stock; and if at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of Class B Convertible Preferred Stock, the Corporation will, subject to stockholder approval, take all such corporate action as may be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purpose.

(D) AUTOMATIC CONVERSION. Each share of Class B Convertible Preferred Stock outstanding on December 15, 1998 automatically shall be converted into Common Stock on such date at the Conversion Rate then in effect (calculated in accordance with the formula in Section 5(a) above) and December 15, 1998 shall be deemed the Date of Conversion with respect to such conversion.

(E) ADJUSTMENT TO CONVERSION RATE.

(A) If, prior to the conversion of all of the Class B Convertible Preferred Stock, the number of outstanding shares of Common Stock is increased by a stock split, stock dividend, or other similar event, the Conversion Rate shall be proportionately adjusted, or if the number of outstanding shares of Common Stock is decreased by a combination or reclassification of shares, or other similar event, the Conversion Rate shall be proportionately adjusted.

(B) If, prior to the conversion of all Class B Convertible Preferred Stock, there shall be any merger, consolidation, exchange of shares, recapitalization, reorganization, or other similar event, as a result of which shares of Common Stock of the Corporation shall be changed into the same or a different number of shares of the same or another class or classes of stock or securities of the Corporation or another entity, then the Holders of Class B Convertible Preferred Stock shall thereafter have the right to purchase and receive upon conversion of Class B Convertible Preferred Stock, upon the basis and upon the terms and conditions specified herein and in lieu of the shares of Common Stock immediately theretofore issuable upon conversion, such shares of stock and/or securities as may be issued or payable with respect to or in exchange for the number of shares of Common Stock immediately theretofore purchasable and receivable upon the conversion of Class B Convertible Preferred Stock held by such Holders had such merger, consolidation, exchange of shares, recapitalization or reorganization not taken place, and in any such case appropriate provisions shall be made with respect to the rights and interests of the Holders of the Class B Convertible Preferred Stock to the end that the provisions hereof (including, without limitation, provisions for adjustment of the Conversion Rate and of the number of shares issuable upon conversion of the Class B Convertible Preferred Stock) shall thereafter be applicable, as nearly as may be practicable in relation to any shares of stock or securities thereafter deliverable upon the exercise hereof. The Corporation shall not effect any transaction described in this subsection 5(e) unless the resulting successor or acquiring entity (if not the Corporation) assumes by written instrument the obligation to deliver to the Holders of the Class B Convertible Preferred Stock such shares of stock and/or securities as, in accordance with the foregoing provisions, the Holders of the Class B Convertible Preferred Stock may be entitled to receive upon conversion of the Class B Convertible Preferred Stock.

(C) If any adjustment under this Section 5(e) would create a fractional share of Common Stock or a right to acquire a fractional share of Common Stock, such fractional share shall be disregarded and the number of shares of Common Stock issuable upon conversion shall be the next higher number of shares.

SECTION 6. CASH REDEMPTION BY CORPORATION.

(A) CORPORATION'S RIGHT TO REDEEM UPON RECEIPT OF NOTICE OF CONVERSION. The Corporation shall have the right, in its sole discretion, upon receipt of a Notice of Conversion pursuant to Section 5, to redeem in whole or in part any Class B Convertible Preferred Stock submitted for conversion, immediately prior to conversion. If the Corporation elects to redeem some, but not all, of the Class B Convertible Preferred Stock submitted for conversion, the Corporation shall redeem from among the Class B Convertible Preferred Stock submitted by the various Holders thereof for conversion on the applicable date, a pro-rata amount from each Holder so submitting Class B Convertible Preferred Stock for conversion. The Corporation shall effect each such redemption by giving notice ("Notice of Redemption Upon Receipt of Notice of Conversion") of its election to redeem, by facsimile within one (1) business day following receipt of a Notice of Conversion from a Holder, with a copy by 2-day courier, (A) to the Holders of Class B Convertible Preferred Stock selected for redemption, at the address and facsimile number of such Holder appearing in the Corporation's register for the Class B Convertible Preferred Stock and (B) the Corporation's transfer agent. Such Notice of Redemption Upon Receipt of Notice of Conversion shall indicate the number of shares of Holder's Class B Convertible Preferred Stock that have been selected for redemption, the Date of Redemption Upon Receipt of Notice of Conversion (as defined below) and the applicable Redemption Price Upon Receipt of Notice of Conversion, as defined below. If the Notice of Redemption Upon Receipt of Notice of Conversion is not received within the times specified above or does not meet the conditions specified above, the Notice of Redemption Upon Receipt of Notice of Conversion shall become null and void (unless otherwise agreed in writing by the Holder). The Corporation shall not be entitled to send any Notice of Redemption upon Receipt of Notice of Conversion and begin the redemption procedure unless it has (x) the full amount of the Redemption Price Upon Receipt of Notice of Conversion, in cash, available in a demand or other immediately available account in a bank or similar financial institution or (y) immediately available credit facilities, in the full amount of the Redemption Price Upon Receipt of Notice of Conversion, with a bank or similar financial institution on the date the Notice of Redemption Upon Receipt of Notice of Conversion is sent to the applicable Holder.

The Redemption Price Upon Receipt of Notice of Conversion per share of Class B Convertible Preferred Stock shall equal the Closing Bid Price on the Date of Conversion, multiplied by the number of shares of Common Stock that would otherwise have been issuable had the shares of Class B Convertible Preferred Stock redeemed been converted on the Date of Conversion as to such shares.

For the purposes of the above formula, "N", "Closing Bid Price" and "Conversion Price" shall have the meanings set forth in Section 5(a) and "Date of Redemption" shall be deemed to be the Conversion Date (as that term is defined in Section 5(b) above).

The Redemption Price Upon Receipt of Notice of Conversion shall be paid to the Holder of Class B Convertible Preferred Stock redeemed within ten (10) business days of the delivery of the Notice of Redemption Upon Receipt of Notice of Conversion to such Holder; provided, however, that the Corporation shall not be obligated to deliver any portion of the Redemption Price Upon Receipt of Notice of Conversion unless either the certificates evidencing the Class B Convertible Preferred Stock redeemed are delivered to the Corporation or the transfer agent as provided in Section 5(b), or the Holder notifies the transfer agent that such certificates have been lost, stolen or destroyed and executes an agreement satisfactory to the Corporation to indemnify the Corporation from any loss incurred by it in connection with such certificates. Notwithstanding the foregoing, in the event that the certificates evidencing the Class B Convertible Preferred Stock delivered to the transfer agent as provided in Section 5(b), the redemption of the Class B Convertible Preferred Stock pursuant to this Section 6(a) shall still be deemed effective as of the Date of Redemption Upon Receipt of Notice of Conversion.

(B) CORPORATION'S RIGHT TO REDEEM AT ITS ELECTION. Commencing 91 days after the last closing date, the Corporation shall have the right, in its sole discretion, to redeem, from time to time, any or all of the Class B Convertible Preferred Stock; provided that, the Corporation shall only be entitled to redeem shares of Class B Convertible Preferred Stock with an aggregate Stated Value (as defined below) of at least One Million Five Hundred Thousand Dollars (\$1,500,000) on the first such redemption. If the Corporation elects to redeem some, but not all, of the Class B Convertible Preferred Stock, the Corporation shall redeem a pro-rata amount from each Holder of Class B Convertible Preferred Stock. The Corporation shall effect each such redemption by giving at least thirty (30) days prior written notice by overnight or 2-day courier ("Notice of Redemption At Corporation's Election") to (A) the Holders of Class B Convertible Preferred Stock selected for redemption, at the address and facsimile number of such Holder appearing in the Corporation's register for the Class B Convertible Preferred Stock and (B) the transfer agent, which Notice of Redemption At Corporation's Election shall be deemed to have been delivered three (3) business days after the Corporation's mailing of such Notice of Redemption At Corporation's Election. Such Notice of Redemption At Corporation's Election shall indicate the number of shares of Holder's Class B Convertible Preferred Stock that have been selected for redemption, the date which such redemption is to become effective (the "Date of Redemption At Corporation's Election" and the applicable Redemption Price At Corporation's Election, as defined below. The Corporation shall not be entitled to send any Notice of Redemption At Corporation's Election and begin the redemption, procedure unless it has (x) the full amount of the Redemption Price At Corporation's Election, in cash, available in a demand or other immediately available account in a bank or similar financial institution or (y) immediately available credit facilities, in the full amount of the Redemption At Corporation's Election, with a bank or similar financial institution on the date the Notice of Redemption At Corporation's Election is delivered to the applicable Holder. Notwithstanding the above, the Holder may convert any or all of its Class B Convertible Preferred Stock that is eligible for conversion, which would otherwise be subject to redemption under this Section 6(b), by submitting a Notice of Conversion prior to the effective date of such redemption. Corporation is not entitled to require redemption under this Section 6(b) if the Corporation makes any planned press release either (a) on the effective date of redemption or (b) prior to the close of trading on the following business day. Additionally, the Corporation shall not be permitted to elect redemption under this Section 6(b) if the Corporation has in its possession material information concerning the Corporation which is required to be publicly disclosed pursuant to the rules and regulations of the Securities Exchange Act of 1934 or relevant self-regulatory organization and has not yet been disclosed. In the event the Corporation is deemed to be in possession of such undisclosed information subsequent to it providing Notice of Redemption, the date upon which the Corporation can require the holders of the Class B Convertible Preferred Stock to redeem shall be 15 days following the date of any press release or other public disclosure.

For purposes of this Section 6(b), "Stated Value" shall mean the Original Class B Issue Price of the shares of Class B Convertible Preferred Stock redeemed pursuant to this Section 6(b), plus the accrued but unpaid Premium (as defined in Section 4(a)) on such shares of Class B Convertible Preferred Stock, as of the date of Redemption At Corporation's Election.

The Redemption Price At Corporation's Election shall be calculated as a percentage of Stated Value of the shares of Class B Convertible Preferred Stock redeemed pursuant to this Section 6(b), which percentage shall vary depending on the date of delivery of the Notice of Redemption at Corporation's Election, and shall be determined as follows:

Date of Delivery of Notice of Redemption at Corporation's Election	% of Stated Value
91 days to 6 months following last closing date	130%
6 months and 1 day to 12 months following last closing date	125%
12 months and 1 day to 18 months following last closing date	120%
18 months and 1 day to 24 months following last closing date	115%
24 months and 1 day to 30 months following last closing date	110%
30 months and 1 day to 36 months following last closing date	105%

The Redemption Price At Corporation's Election shall be paid to the Holder of Class B Convertible Preferred Stock redeemed within ten (10) business days of the Date of Redemption At Corporation's Election to such Holder; provided, however, that the Corporation shall not be obligated to deliver any portion of the Redemption Price At Corporation's Election unless either the certificates evidencing the Class B Convertible Preferred Stock redeemed are delivered to the transfer agent prior to the 10th business day following the Date of Redemption At Corporation's Election, or the Holder notifies the transfer agent that such certificates have been lost, stolen or destroyed and executes an agreement satisfactory to the Corporation to indemnify the Corporation from any loss incurred by it in connection with such certificates. Notwithstanding the foregoing, in the event that the certificates evidencing the Class B Convertible Preferred Stock redeemed are not delivered to the transfer agent, prior to the 10th business day following the Date of Redemption at Corporation's Election, the redemption of the Class B Convertible Preferred Stock pursuant to this Section 6(b) shall still be deemed effective as of the date of Redemption at Corporation's Election, and the Redemption Price At Corporation's Election shall be paid to the Holder of Class B Preferred Stock redeemed within 5 business days of the date the certificates evidencing the Class B Preferred Stock redeemed are actually delivered to the transfer agent.

SECTION 7. ADVANCE NOTICE OF REDEMPTION.

(A) HOLDER'S RIGHT TO ELECT TO RECEIVE NOTICE OF CASH REDEMPTION BY CORPORATION. Holder shall have the right to require Corporation to provide advance notice stating whether Corporation will elect to redeem Holder's shares in cash, pursuant to Corporation's redemption rights discussed in Section 6.

(B) MECHANICS OF HOLDER'S ELECTION NOTICE. Holder shall send notice to Corporation by facsimile ("Election Notice") stating Holder's intention to require Corporation to disclose that if Holder were to exercise his, her or its right of conversion (pursuant to section 5) whether Corporation would elect to redeem Holder's convertible Security for cash in lieu of issuing Common Stock. Corporation is required to disclose to Holder what action Corporation would take over the subsequent five day period, including the date Corporation receives such Election Notice.

(C) CORPORATION'S RESPONSE. Corporation must respond within one business day of receipt of Holder's Election Notice (1) via facsimile and (2) via overnight courier. If Corporation does not respond to Holder within one business day via facsimile and overnight courier, Corporation shall be required to issue to Holder Common Stock upon Holder's conversion within the subsequent five day period.

SECTION 8. VOTING RIGHTS. Except as otherwise provided by the Delaware General Corporation Law ("Delaware Law"), the Holders of the Class B Convertible Preferred Stock shall have no voting power whatsoever, and no Holder of Class B Convertible Preferred Stock shall vote or otherwise participate in any proceeding in which actions shall be taken by the Corporation or the stockholders thereof or be entitled to notification as to any meeting of the stockholders.

To the extent that under Delaware Law the vote of the Holders of the Class B Convertible Preferred Stock, voting separately as a class, is required to authorize a given action of the Corporation, the affirmative vote or consent of the Holders of at least a majority of the outstanding shares of the Class B Convertible Preferred Stock at a duly held meeting at which a quorum is present or by written consent of a majority of the shares of Class B Convertible Preferred Stock (except as otherwise maybe required under Delaware Law) shall constitute the approval of such action by the class. To the extent that under Delaware Law the Holders of the Class B Convertible Preferred Stock are entitled to vote on a matter with Holders of Common Stock, voting together as one class, each share of Class B Convertible Preferred Stock shall be entitled to a number of votes equal to the number of shares of Common Stock into which it is then convertible using the record date for the taking of such vote of stockholders as the date as of which the Conversion Price is calculated. Holders of the Class B Convertible Preferred Stock shall be entitled to notice of all stockholder meetings or written consents with respect to which they would be entitled to vote, which notice would be provided pursuant to the Corporation's by-laws and applicable statutes.

SECTION 9. PROTECTIVE PROVISIONS. So long as shares of Class B Convertible Preferred Stock are outstanding, the Corporation shall not without first obtaining the approval (by vote or written consent, as provided by Delaware Law) of the Holders of at least a majority of the then outstanding shares of Class B Convertible Preferred Stock;

(a) alter or change the rights, preferences or privileges of the shares of Class B Convertible Preferred Stock or any Senior Securities so as to affect adversely the Class B Convertible Preferred Stock;

(b) create any new class or classes or series of stock having a preference over the Class B Convertible Preferred Stock with respect to Distributions (as defined in Section 2 above); or

(c) do any act or thing not authorized or contemplated by this Certificate of Incorporation which would result in taxation of the Holders of shares of the Class B Convertible Preferred Stock under Section 305 of the Internal Revenue Code of 1986, as amended (or any comparable provision of the Internal Revenue Code as hereafter from time to time amended).

SECTION 10. STATUS OF REDEEMED OR CONVERTED STOCK. In the event any shares of Class B Convertible Preferred Stock shall be redeemed or converted pursuant to Section 5 or Section 6 hereof, the shares so converted or redeemed shall be canceled, shall return to the status of authorized but unissued Preferred Stock of no designated series and shall not be issuable by the Corporation as Class B Convertible Preferred Stock.

SECTION 11. PREFERENCE RIGHTS. Nothing contained herein shall be construed to prevent the Board of Directors of the Corporation from issuing one or more series of Preferred Stock with dividend and/or liquidation preferences equal to or junior to the dividend and liquidation preferences of the Class B Convertible Preferred Stock.

ARTICLE 5 - BOARD OF DIRECTORS AND MEETINGS OF STOCKHOLDERS

SECTION 1. BOARD OF DIRECTORS. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors and elections of directors need not be by written ballot unless otherwise provided in the Bylaws. The number of directors of the Corporation shall be fixed from time to time by the Board of Directors either by a resolution or Bylaw adopted by the affirmative vote of a majority of the entire Board of Directors.

SECTION 2. MEETINGS OF STOCKHOLDERS. Meetings of the stockholders may be held within or without the State of Delaware, as the Bylaws may provide. The books of the Corporation may be kept (subject to any provision contained in the Delaware Statutes) outside the State of Delaware at such place or places as may be designated from time to time by the Board of Directors or by the Bylaws of the Corporation.

SECTION 3. NO STOCKHOLDER ACTION BY WRITTEN CONSENT. Commencing September 27, 1996, any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of such holders and may not be effected by any consent in writing by such holders. Except as otherwise provided in the Bylaws of the Corporation, special meetings of the stockholders of the Corporation may only be called by the Board of Directors pursuant to a resolution adopted by a majority of the entire Board of Directors. At any annual meeting or special meeting of stockholders of the Corporation, only such business shall be conducted as shall have been brought before such meeting in the manner provided by the Bylaws of the Corporation.

ARTICLE 6 - LIMITATION OF DIRECTORS' LIABILITY

A director of this Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that this provision shall not eliminate or limit the liability of a director (i) for any breach of his duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law, (iii) under Section 174 of the General Corporation Law of the State of Delaware, or (iv) for any transaction from which the director derives an improper personal benefit. If the General Corporation Law of the State of Delaware is hereafter amended to authorize corporate action further limiting or eliminating the personal liability of directors, then the liability of the directors of the Corporation shall be limited or eliminated to the fullest extent permitted by the General Corporation Law of the State of Delaware, as so amended from time to time. Any repeal or modification of this Article 6 by the stockholders of the Corporation shall be prospective only, and shall not adversely affect any limitation on the personal liability of a director of the Corporation existing at the time of such repeal or modification.

ARTICLE 7 - AMENDMENT OF BYLAWS

The Board of Directors of the Corporation shall have the power to make, alter, amend, change, add to or repeal the Bylaws of the Corporation.

**SEVERANCE AGREEMENT
AND MUTUAL RELEASE OF ALL CLAIMS**

This Severance Agreement and Release of All Claims (“Agreement”) is made as a compromise between Peregrine Pharmaceuticals, Inc. (“the Company”) and Steven W. King (“Employee”) in the complete, final, and binding settlement of all claims and potential claims, if any, with respect to their employment relationship.

RECITALS

- A. Employee has submitted his resignation as the President and Chief Executive Officer of Company effective as of December 22, 2017 (the “Resignation Date”)
- B. Employee’s employment was terminated effective on the Resignation Date as the result of a mutual agreement to resign.
- C. The Company has offered, and Employee has accepted, additional severance benefits in exchange for a general release of all claims. This Agreement is therefore entered into by the Company and Employee to document the parties’ agreement regarding the terms of Employee’s separation from the Company.
- D. Employee acknowledges the receipt of all wages, salary, bonuses, benefits, expense reimbursement or any other monies owed by Company to Employee. Aside from the severance benefits described below, Employee acknowledges that Employee is not entitled to any additional future compensation.

NOW, THEREFORE, IN RELIANCE OF THE ABOVE RECITALS AND IN CONSIDERATION of the promises, covenants and agreements herein contained, the Company and Employee agree as follows:

1. Employee has returned all Company property in Employee’s possession, including but not limited to computers, laptops, tablets, cellular phones, credit cards, hardware, software, memory or storage devices, keys, records, data, notes, reports, proposals, lists, correspondence (including without limitation email), specifications, drawings, blueprints, sketches, laboratory notebooks, materials, flow charts, equipment, files, folders, documents and other Company proprietary information (and all copies, regardless of medium). Employee also agrees to promptly return any subsequently discovered Company property. Employee also hereby represents that: (1) he did not knowingly retain in his possession any such property, including backups thereof in any form (including, cloud-based, printed or electronic); (2) he did not upload/download any such property for any reason other than for legitimate and proper purposes pursuant to his employment with the Company (and any property so legitimately uploaded/downloaded has either been returned or destroyed); (3) he did not transfer such property to any other person or entity (who at the time was not expressly authorized by the Company to have possession of such property) other than for legitimate and proper purposes pursuant to his employment with the Company; (4) any such property has either been returned to the Company or has been deleted/destroyed.

2. In consideration for the promises and representations of Employee as described in this Agreement, the Company will pay Employee the following severance benefits:

- (i) Employee shall continue to be paid his base salary less any applicable payroll taxes and withholdings on the Company's regular paydays for a period of six months following the Resignation Date until and including June 22, 2018, plus an additional \$5,000 for reimbursement of expenses, which shall be included in the first payment of the foregoing;
- (ii) The Company shall pay Employee's fiscal year 2017 bonus in the amount of \$261,661, and accrued PTO in the amount of \$124,800, in each case less applicable payroll taxes and withholdings on the Resignation Date;
- (iii) the Company shall provide and pay the cost of COBRA continuation coverage for Employee and his family at his current coverage levels for a period of twelve (12) months following the Resignation Date until December 31, 2018, or until Employee and his family are eligible for coverage with another employer, whichever is earlier. Effective January 1, 2018, the PPO plan has been discontinued and the PPO 250 plan will be the only other PPO option; and
- (iv) The Company will vest Employee's remaining unvested stock options, and will provide Employee with six months following the Resignation Date to exercise vested stock options (unless such stock option sooner terminates by its term)(subparts (i) through (iv) collectively referred to as the "Severance"). This Severance will only be paid if Employee signs and returns this Agreement and does not execute his right of revocation under paragraph 10 of this Agreement.

3. In exchange for the Severance and the releases and mutual promises contained herein, Employee hereby irrevocably and unconditionally releases, acquits, and forever discharges the Company, and all parent, subsidiary, sister, and affiliated corporations and entities of the Company, as well as all of its past, present or future agents, officers, directors, shareholders, employees, representatives, and attorneys, and all persons acting by, through, under or in concert with any of them, and each of their respective heirs, successors, and assigns (collectively, "Releasees"), or any of them, from any and all charges, complaints, claims, liabilities, obligations, promises, agreements, controversies, damages, actions, causes of action, suits, rights, demands, costs, losses, debts and expenses (including attorneys' fees and costs actually incurred) of any nature whatsoever, known or unknown, suspected or unsuspected that Employee can lawfully release, including, but not limited to, rights arising out of alleged violations of any contracts, express or implied, any covenant of good faith and fair dealing, express or implied, or any tort including defamation, or any legal restrictions on the Company's right to terminate employees, or any federal, state or other governmental statute, regulation or ordinance, including, without limitation: the Civil Rights Act of 1964, as amended; the Civil Rights Act of 1866; 42 U.S.C. § 1981; the California Fair Employment and Housing Act; Section 503 of the Rehabilitation Act of 1973; the Americans With Disabilities Act, as amended; the Fair Labor Standards Act (including the Equal Pay Act); the California Constitution; the California Labor Code, including Labor Code section 132a; the Family Medical Leave Act; the California Family Rights Act; the Genetic Information Non-Discrimination Act; the National Labor Relations Act; the Lilly Ledbetter Fair Pay Act of 2009; the Fair Credit Reporting Act; the False Claims Act; the Sarbanes-Oxley Act; the Uniformed Services Employment and Reemployment Rights Act; the Labor Code Private Attorneys General Act of 2004; the California Business and Professions Code; the Employee Retirement Income Security Act, as amended; the Workers Adjustment & Retraining Notification Act; the Age Discrimination in Employment Act; the Older Workers Benefit Protection Act; wage claims of all types, whether for non-payment, late payment, overtime, rest periods, meal periods, bonuses, deductions and/or penalties; wrongful termination in violation of public policy; and unfair business practices (collectively, "claim" or "claims") which Employee now has, or claims to have, or which Employee at any time heretofore had, or claimed to have, or which Employee at any time hereafter may have, own or hold, claim to have, own or hold against any of the Releasees, including but not limited to claims which arise out of or relate to Employee's employment by the Company or any matter or thing that was or could have been alleged as of the date this Agreement is fully executed. This release expressly waives any and all claims Employee may now have against the Company regardless of the nature, source, or basis for any such claim, including but not limited to claims for wages, salary, bonuses, commissions, expense reimbursement or any other monies owed by the Company to Employee. Employee may participate in any manner in any charge or complaint, or any investigation of a charge or complaint by any local, state, or federal agency, including the Equal Employment Opportunity Commission, the National Labor Relations Board, the Occupational Safety and Health Administration, and the Securities and Exchange Commission ("SEC"). This includes providing documents or other information, without notice to the Company. Employee waives any claim or right to receive damages or compensation on the basis of any such charge, complaint or investigation, excluding an award for information provided to the SEC under SEC Rule 21F-17. This release however does not waive Employee's rights to unemployment or any rights that may not be released by private agreement. Nothing in this Agreement affects any vested rights Employee has in any retirement, welfare or benefit plans or programs of the Company as of Employee's termination date. This release does not cover any claims Employee may have against the Company arising from the Company's breach of this Agreement, or any of the representations or warranties contained herein.

4. In exchange for the releases and mutual promises contained herein, the Company hereby irrevocably and unconditionally releases, acquits, and forever discharges Employee, and Employee's representatives, attorneys, and all persons acting by, through, under or in concert with any of them, and each of their respective heirs, successors, and assigns (collectively, "Releasees"), or any of them, from any and all charges, complaints, claims, liabilities, obligations, promises, agreements, controversies, damages, actions, causes of action, suits, rights, demands, costs, losses, debts and expenses (including attorneys' fees and costs actually incurred) of any nature whatsoever, known or unknown, suspected or unsuspected that the Company can lawfully release, including, but not limited to, rights arising out of alleged violations of any contracts, express or implied, any covenant of good faith and fair dealing, express or implied, or any tort including defamation, or any federal, state or other governmental statute, regulation or ordinance (collectively, "claim" or "claims") which Company now has, or claims to have, or which Company at any time heretofore had, or claimed to have, or which the Company at any time hereafter may have, own or hold, claim to have, own or hold against any of the Releasees, including but not limited to claims which arise out of or relate to Employee's employment by the Company or any matter or thing that was or could have been alleged as of the date this Agreement is fully executed. This release expressly waives any and all claims the Company may now have against Employee regardless of the nature, source, or basis for any such claim. This release however does not waive any rights that may not be released by private agreement. Further, this release does not cover any claims the Company may have arising from Employee's breach of this Agreement, or any of the representations or warranties contained herein.

5. Employee understands that the severance benefits (except for the payment of accrued but unused vacation and the 2017 bonus) are additional benefits for which Employee is not eligible unless Employee elects to sign this Agreement. Employee further acknowledges and agrees that the payment of the Severance satisfies any obligations the Company may have had to employee pursuant to the Amended and Restated Employment Agreement of Steven W. King dated December 12, 2012 (the "Employment Agreement").

6. Employee hereby agrees and acknowledges that Employee may have had access to confidential and proprietary information relating to the Company, and its technology and products, including but not limited to cell-lines, sequences, manufacturing batch records, animal and human clinical data, toxicology, customer lists, business strategies and plans, computer programs, source codes and other computer-stored data, accounts payable data, payroll information, personnel information, pricing and other contract terms, as well as the existence of this Agreement and its terms. Employee acknowledges that this information is confidential and proprietary and Employee agrees not to use or disclose it, nor allow it to be used or disclosed, communicated or otherwise conveyed to any third parties except as may be required by law, excepting only necessary communication to Employee's attorney, accountant, or tax advisor, each of whom Employee agrees to notify of this confidentiality provision and receive their agreement thereto before providing the necessary confidential or proprietary information. Employee further agrees to immediately inform the Company in writing of any unauthorized use or disclosure of, or access to, the Company's confidential or proprietary information described above. Employee hereby agrees that the use or disclosure of the Company's confidential or proprietary information shall cause damage to the Company. The foregoing shall supplement any existing confidentiality agreement between the parties hereto and shall survive the full payment of all sums paid hereunder.

7. Employee acknowledges and agrees that Employee has no pending lawsuit, administrative charge, or complaint against the Company or any of the other Releasees, in any court or with any governmental agency. Employee also agrees that, to the extent permitted by law, Employee will not allow any lawsuit, administrative charge, or complaint to be pursued on Employee's behalf. Employee further agrees that Employee will not participate, cooperate, or assist in any litigation against the Releasees in any manner, to the extent permitted by law. If lawfully subpoenaed by a court of this jurisdiction, Employee agrees to provide the Company written notice of such a subpoena within five (5) days of receipt.

8. Employee affirms and warrants that he has appropriately received all compensation, wages, overtime pay, reimbursements, bonuses, breaks, benefits and other payments to which he was entitled, including, but not limited to, those under the Fair Labor Standards Act and any other federal, state, or local wage and hour law, regulation or ordinance. Employee further affirms and warrants that he has appropriately received any leave (paid and unpaid) to which he was entitled, including, but not limited to, leave under the Family and Medical Leave Act and any other federal, state, or local leave or disability accommodation law, regulation or ordinance.

9. It is understood and agreed that this is a full, complete, final and mutual general release of any and all claims described as aforesaid, and that Employee and the Company agree that the mutual release shall apply to all unknown, unanticipated, unsuspected and undisclosed claims, demands, liabilities, actions or causes of action, in law, equity or otherwise, as well as those which are now known, anticipated, suspected or disclosed. This mutual release includes a release under § 1542 of the Civil Code of the State of California, which reads as follows:

A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time executing the release, which, if known by him or her must have materially affected his or her settlement with the debtor.

Employee and the Company hereby expressly waive and relinquish all rights and benefits under that section and any law or legal principle of similar effect in any jurisdiction with respect to the release granted in this Agreement.

10. This Agreement is intended to release and discharge any claims of Employee under the Age Discrimination in Employment Act. To satisfy the requirements of the Older Workers' Benefit Protection Act, 29 U.S.C. section 626(f), the parties agree as follows:

- A. Employee acknowledges that Employee has read and understands the terms of this Agreement.
- B. Employee acknowledges that Employee has been advised to consult with an attorney, if desired, concerning this Agreement and has received all advice Employee deems necessary concerning this Agreement.
- C. Employee acknowledges that Employee has been given twenty-one (21) days to consider whether or not to enter into this Agreement, has taken as much of this time as necessary to consider whether to enter into this Agreement, and has chosen to enter into this Agreement freely, knowingly, and voluntarily. The Parties agree that any changes to the Agreement, whether material or immaterial, do not restart this twenty-one (21) day consideration period.
- D. For a seven day period following the execution of this Agreement by Employee, Employee may revoke this Agreement by delivering a written notice of revocation within that time to Lorna Larson at 2642 Michelle Drive, Tustin, California 92780, if Employee so chooses. This Agreement shall not become effective until the seven days have passed without a revocation being received. This Agreement will be revoked in its entirety if such notice is given, and the Company will have no obligation to take any of the actions and/or make any payment provided by this Agreement.

11. The terms of the Agreement shall be confidential. Accordingly, Employee agrees to not make any public statement about, not disclose to any third party, the fact of, or contents or terms of this Agreement, unless necessary to implement or enforce its terms, or to seek tax or legal advice regarding this Agreement. Employee further agrees that Employee will not disparage, defame, or otherwise detrimentally comment upon the Releasees, including their business practices or products in any manner. Similarly, the Company also agrees that it will not disparage, defame, or otherwise detrimentally comment upon Employee in any manner. Employee acknowledges that such comment shall cause serious damage to the Company. Notwithstanding the foregoing, Employee acknowledges and agree that the Company has certain disclosure obligations under the Securities and Exchange Act of 1934, as amended, and intends to promptly file a Current Report on Form 8-K to disclose the Employee's resignation, and certain of the severance benefits provided hereunder in order that prior Company disclosures in that regard are not deemed misleading.

12. It is understood and agreed that this Agreement is not an admission of liability by the Company or any Releasee and shall not be used or construed as such in any proceeding.

13. Employee is not aware, to the best of Employee's knowledge, of any conduct on Employee's part or on the part of another Company employee that violated the law or otherwise exposed the Company to any liability, whether criminal or civil, whether to any government, individual or other entity. Further, Employee acknowledges that Employee is not aware of any material violations by the Company and/or its employees, officers, directors and agents of any statute, regulation or other rules that have not been addressed by Company through appropriate compliance and/or corrective action.

14. This Agreement shall be construed under the laws of the State of California.

15. If any disagreement, controversy, claim, action, proceeding or dispute between Employee and any Releasee, is brought to interpret or enforce the provisions of this Agreement, the prevailing party or parties shall recover his, her or its reasonable attorneys' fees and costs.

16. Employee agrees that this Agreement has been negotiated and that no provision contained herein shall be interpreted against any party because that party drafted the provision.

17. In the event that any provision of this Agreement shall be found to be unenforceable, that provision shall be deemed deleted, and the validity and enforceability of the remaining provisions shall not be affected.

18. This Agreement contains the entire agreement between the parties on the subjects addressed in this Agreement and replaces any other prior agreements between the parties with the exception of Employee's continuing obligations to the Company set forth in the Employment Agreement. This Agreement may only be modified in a written in a written document signed by an officer of the Company.

19. Employee certifies that Employee has read and understands all of this Agreement, has received any advice or counsel Employee deems necessary regarding this Agreement, and is entering into this Agreement freely and voluntarily, intending to be bound by its terms.

By signing this Agreement before the twenty-one (21) day period described above in paragraph 10(C) expires, Employee waives his right under the ADEA and the OWBPA to twenty-one (21) days to consider the terms of this Agreement. In any case, however, Employee retains the right to revoke this Agreement within seven (7) days, as described above in paragraph 10(D).

IN WITNESS WHEREOF, the parties have executed this Agreement as of the dates set forth below.
